## Case Closed, Vol. 12 Gosho Aoyama

High-school mystery fan Shin'ichi Kudo is actually one of his high school's best minds, but he gets his reality checks from his childhood friend and almost-girlfriend Ran Mori. Nothing can keep Shin'ichi from a case, until he follows a suspicious man into a park, is accosted from behind and fed a strange chemical which renders him unconscious. When he awakens, he has been transformed into a puny grade schooler! The hapless boy finds a home with eccentric inventor Professor Agasa, who searches for a cure for his condition. While he's waiting to be restored to his adolescence, Shin'ichi takes on the name Conan Edogawa (borrowed from Sir Arthur Conan Doyle and the last name of the famous Japanese mystery writer Edogawa Ranpo). As Conan, he plays the part of the little brother that Ran never had, and helps her incompetent private-detective father solve all of the gruesome murder mysteries that come their way.

## Case Closed, Vol. 12 Details

## **From Reader Review Case Closed, Vol. 12 for online ebook**

### **Samantha Bustos-Hubeny says**

I like that Conan's name got some appreciation in this one. It was also neat seeing other detectives and their authors mentioned since I have been reading all the blurbs on them at the back of each volume.

---

### **Laras says**

I like the last case the most. It has the most thrilling atmosphere, what with the people are under the threat of a serial killer and kind of have a race with time before the next victim falls, and it actually has the closest feel to "mystery" for me. I enjoy the story of people being cut off in a isolated place and die one by one, much like Agatha Christie's *And Then There Were None*. The situation between Heiji and Conan is kind of funny, too.

---

### **Pradeep says**

Coming on the heals of "Attack of Titan", it was refreshing to get back to some good art. With that out of the way, must say, this is a throwback to the days of simple amateur whodunits. Good, light reading.

---

### **Nathan Cunningham says**

The case of the mutilated teddy bear just may be the creepiest plot in the series so far--in a good way. Not a fan of cliffhangers, though!

---

### **Rici says**

Auch hier wieder ein guter Band, bin gespannt ob Hatori schon im nächsten erkennt, wer Conan wirklich ist.

---

### **Irene Lazlo says**

Me gusta mucho que Gosho Aoyama haya hecho muchos asesinatos de habitación cerrada y los haya solucionado todos de manera diferente.

---

### **Robert Beveridge says**

Gosho Aoyama, *Case Closed*, vol. 12 (ViZ, 1994)

Three more stories, though I have to say it doesn't say a great deal about the middle one that I completely forgot about it by the next morning. First is another Junior Detective League story, and as increasingly common, it's the best of the three: Dr. Agasa invites the JDL to his uncle's house for a treasure hunt, but Conan uncovers a real mystery to be found there. In the second, Conan may have finally found a clue to the identities of the Syndicate guys who poisoned Jimmy at a gaming convention-- but the guy gets blown up before Conan can investigate. The third sees Richard Moore and co. off for a Sherlock Holmes weekend. Everything's going along smoothly when the host turns up dead, and both Conan and Harley, his rival from the east, are hard-pressed to solve the case before any of the amateur sleuths. Not bad. \*\*\*

---

### **Denaiir says**

The case at Professor Agasa's uncle's house was great.

I hope we see more of the men in black soon, there was a teaser here but the plot didn't really progress much

---

### **Mahra says**

Another amazing volume, I'm flying through this manga and i appreciate every case that the writer worked hard on, we still have little info about the men in black suits but we sure do know that the writer is taking his sweet time in revealing it.

Also I finished volume 13 already hehe

---

### **Lissibith says**

This volume starts with Dr. Agasa taking the kids to a home that's been in his family for a while but which no one's really been to. He intends a harmless treasure hunt based on simple puzzles for the children to work out. But it turns out someone else has been there - and that a terrible secret from years before still resides there.

It's usually fun to me when we get to see the Detective Boys figuring stuff out on their own. So this is an inconsequential but cute (for a story with a murder mystery) tale based around a cypher that won't make sense if you're not familiar with written Japanese. (Though related, how many dead bodies have these kids seen by now? I'm surprised their parents let them hang out with Conan anymore).

In the next story, Conan and Ran join Mouri at a video games conference, as Mouri's going to be involved in a game. But while there, Conan finds who he thinks is a member of the Black Organization - only to lose him again to an explosion. Conan's left trying to pick up the threads to trace back to the Black Organization before they're lost to him again.

The final story in this volume involves Conan winning a trip to go on a Holmes mystery tour. But when the leader of the tour apparently kills himself, the mystery lovers have to solve a real mystery.

A solid volume, though for me the brightest part was the final tale, where we get to see Heiji return - and

figure out Conan's secret. We also get to see Conan in his element, surrounded by Holmes fans, dealing with a mystery and reveling in his Doyle knowledge.

---

### **Dwisi Kurniadi says**

Ceritanya selalu seru untuk diikuti meski komik lama juga.

Saya suka kalimat berikut dalam komik ini ketika Grup Detektif Cilik dan Profesor Agasa bermain pencarian harta karun di villa milik almarhum pamannya Profesor ini.

"Aku jadi berdebar-debar! Semakin tidak mengerti, semakin mengasyikkan!!" ucap Conan Edogawa, "Rasa ingin tahu yang tak tertahankan dalam diriku ini meluap!!"

(Gosho, 1998:16)

---

### **Melumebelle says**

[he dies. Of course. (hide spoiler)]

---

### **Shawna (BacchusVines) says**

I love mysteries and Conan never disappoints! And we get to meet back with some friends!

The case with the Doctor's Uncle's House, was really fun c:

#### **Proper review to follow**

One Word Rec.: **READ**

Rating: **5 ?????**

Aoyama Gosho; **DETECTIVE CONAN** [Meitantei Conan #12]

e/read online; genre: { manga, mystery, shounen }; shelves: |comics, GN, **manga**, manhua, manhwa|

General Synopsis:

**As mentioned above, I am going to write a proper review for this soon, but I have a few books ahead of this one in the queue, so I cannot stop reading DC NOW! That's sacrilege. I have decided to read all the chapters available up to now (we are almost to 1000!) As you can see, I am totally fangirling over here and I don't care, because this is one of my favorite manga series, ever! But all of this aside, there are a few things I wanted to list so I don't need to go back and look everything up when I do finally sit down and write my fangirl review. ☺?**

V.12, includes Files 111 - 120

**DO NOT** click on the spoiler link if you don't want to read all the cases in this volume, because it will ruin it for you. On the other hand, if you're a fan like me or are looking for a certain case (and please note, these are how I have set the cases), etc. click away, that's why it's there.

(view spoiler)

Another spoiler link, so don't click if you don't want to ruin this manga. I am going to include the characters introduced or as the series continues are in this volume. Personally, I think us **DC** fans love certain characters more than other (yes, Heiji, I mean you!), so sometimes when we are re-reading this series (like all the time!) you might wish to start at a specific case or start when a certain character is involved.

Characters in this volume: (view spoiler)

Personal Opinion:

**#1, I never call this CASE CLOSED. If you do, you're not a true fan of this series, so don't even bother reading my review or my personal opinions. I'm sorry if I offend you, but you offended me first by telling me you want to read CASE CLOSED or you just love Jimmy.**

**#2, as you can tell by #1, I read this online. I would never waste my money buying a manga series in english that cannot get the name correct and mess up the main characters to make it appear more "ENGLISH." I am so happy I don't run a blog and this isn't a review on Sailor Moon, #1, because I have a huge soap box tirade against DiC. I also don't think there is anything against reading something online. Comics, which is what manga are, are meant to be read and shared and sometimes paying over \$10 is too much in my opinion. Plus, I read the newest chapters as soon as they are released from Japan, because I would never miss a release of DC. So this is my personal shout out to**

**you translators from me, Thank You!**

---

**Quadragon27 says**

This was a fairly entertaining volume of Case Closed. It opens with a case that I don't remember from the anime series, in which Conan and the Junior Detective League decipher a code to find an unexpected treasure. I honestly felt that the storyline was pretty weak for this case, but it is always a bit refreshing to read an entirely new adventure. The next two cases concerned a brief (but ultimately coincidental) encounter with the men in black, and a murder during a Sherlock Holmes mystery tour. The latter is probably one of my favorite cases from this series so far.
