Who am I?

It's a question we all ask ourselves at some point. Depending on the season we focus our identity on our job performance, marital status, personality type, or social network, among other options. However, there's a larger question to consider.

Who does the Bible tell me I am in Christ?

From the wisdom and perspective of insightful authors-including Jen Wilkin, Hannah Anderson, and Jen Pollock Michel-we'll seek to answer this question by:

- " Exposing our false notions of identity;
- " Understanding the biblical truth of our identity in Christ; and
- " Reflecting on what it looks like to live in our new (and true) identity.

In 10 chapters we'll cover everything from our identity as children of God to citizens of heaven. At the end of each chapter, study questions will facilitate group discussion as you consider this glorious truth with your friends.

Join us as we explore how knowing who we are in Christ changes every aspect of our lives.

Who are you? Mommy, blogger, coffee drinker, hipster, fashionista, reformer, what's your identity? It seems everywhere we look we're having to define ourselves with a few descriptors, beckoning others to confirm our worthiness for a follow. Whether it's instagram or facebook, twitter or your own personal blog feed, all around us is the noise. It's the clamoring of the world, demanding we *define* ourselves in their terms.

What if you had to tell someone who you *really* are, how would you answer? Do you ever wonder how others would identity you? Maybe you need to be reminded of the gospel hope? Maybe you haven't heard God's glorious news for sinners. I invite you look inside this collection of authors as they explore what it means to BE IN CHRIST.

Gloriously theological and ever practical, these short 10 chapters are great meditations for personal or group use. Easily accessible, each chapter takes on the flavor of the contributing author, enriching the truth within while holding fast to the truth. It's the truth that if we are in Christ, we are His! That is our identity!

Each chapter is broken down focusing on Identity theft, identity truth, identity transformed. With bible centered questions at the end of the chapters, it can assist with small groups or discipling relationships. I encourage you to pick up a copy today and be reminded of the hope that lies in the truth that His love for you is based on *His* character, not yours. Praise God for that hope!

Excellent resource for considering a believer's true identity. Identity is a hot topic in our culture, and how we think about ourselves determines so much of how act and interact with one another. We are caught up so much in an idea of who we are, and even the church can over-emphasize a person's sinfulness over the all the other aspects of being a child of God. There are 10 chapters, and I got to discuss this with a group of women each week for five weeks. The chapters are short, and it was easy to read two a week, but hard to discuss two chapters at a time because there was so much to say on each concept. The chapters are each written by a different woman, but there was a cohesiveness that made it seem like they could've been written by the same person. There are excellent questions at the end of each chapter and Biblical references to look up to keep it centered on truth. This would be a great aid in discipleship or a small group setting. I'd give it 4.5 stars. Highly recommend!

An excellent book on who God is and who we are as followers of Him. I loved reading this book written by multiple authors.

Use it for personal study or with a small group.

Perfect for a women's Bible study. Well-written, important message, strong theology, great discussion questions.

Amanda Burke says

This was my summer read and I absolutely profited from it. Grab a journal and go through each chapter slowly. Love the questions at the end of each chapter.

Even the good things God gives us can steal our identity. The truth is our identity is in Him. All of these other things are reflections.

So good. Read it. You won't be disappointed.

Really helpful resource for working through who we are in Christ. Could be used for a small group discussion for women as each chapter covers a certain facet of our identity as Christians and includes a scripture for memory and questions for discussion.

Rachel Menke says

This book is like an appetizer sampler of thoughts on Identity. The chapters are bite-sized and just touch the tip of each topic. So while the book is helpful for perhaps helping someone (the book is aimed at women) realize some areas where they have bought into a false identity - I found that it didn't go very deep. It might be a good intro but I found myself wanting the authors to write full books on their chapters (or recognizing that some had (eg Hannah Anderson and her book "Made for More")). I particularly enjoyed Megan Hill's chapter on our identity as church member and Betsy Childs Howard's chapter on identity as servant. Each chapter features great discussion questions and a memory verse which would make it an excellent resource for a small group.
