**Los hermanos Sinclair. Mis más secretas fantasías** Julianne MacLean , Ana Belén Fletes Valera (Translator)

Lady Rebecca Newland no era más que una joven de diecisiete años cuando Devon Sinclair, futuro heredero del ducado de Pembroke, la salvó de lo que habría sido una auténtica tragedia. Desde entonces, ella ha sentido un irresistible deseo por ese misterioso hombre. Acosado por su terrible pasado, Devon nunca ha tenido intención de casarse, hasta que su padre le da un ultimátum: o contrae matrimonio antes de Navidad, o se queda sin herencia. El destino hará que Devon y Rebecca se reencuentren cuando los padres de ésta la han comprometido con otro hombre. Con su patrimonio en peligro, él está dispuesto a seducir a la joven, pero los secretos y las mentiras se interpondrán en su relación.

## From Reader Review *Los hermanos Sinclair. Mis más secretas fantasías* for online ebook

Laura V. says

2.5/5

Que.. libro.. más... soso.

En la primera mitad, todo transcurre de un modo tan simple, superficial, rozando lo absurdo (a mí parecer) con el flechazo de amor a primera vista de Rebecca y el complejo No-soy-ningún-héroe de Devon que resultó una lectura bastante estúpida por decirlo de algún modo. Sentí que volaba cuando leí, sí, no tiene romance, es tan increíble la idea de que estos dos terminaran juntos y se lo creyeran que me encontré frunciendo el ceño hacia el final.

Lo único que lo salvó un poco fue lo que sucede luego de la boda, cuando ambos se vuelven un poco conscientes de lo poco que se conocen y lo rápido que han llegado hasta esa situación. Pero luego ese final sin una pizca de emoción, tan monótona, no me supo transmitir nada de nada. Fue malo, realmente malo. Y la actitud de Devon y la de ella. Siempre sabré que en su cabeza ella lo amará más y él... estará contento con eso. Argh, fue absurdo.

(view spoiler)

En fin, el libro se lee, muy rápido, porque tiene la suerte de ser corto, es un poco ridículo, pero si no tienes nada que perder, y realmente no esperas algo en serio, este libro es para ti.

Stacey is Sassy says

\*\*\*DNF at 54% - No rating as I didn't finish the story.\*\*\*

I'm going to cut my losses on this one. Unfortunately, this overly sexual historical romance was giving me eye-strain...of the eye-rolling variety. I'm all for a little sexy in my reads, but this was OTT and made me laugh (well, I thought it was funny).

Our heroine had previously found a diary explaining in explicit details, a sexual liaison. This knowledge aroused her and made her determined to find a man to assuage her deep desires. With a little maneuvering, she manages to put herself in the path of the man she had met when she was 17 and fell instantly in love with. He, of course, is overcome with lust for her and immediately wants her. Taking advantage of her "knowledge" the two get it on and decide to marry. Yadda... yadda... yadda...

My tipping point, he sneaks into her room for the second time and she knows immediately that he wants to have sex, so proceeds to put her hand down his pants...AND I'M OUT!!

Bloody hell, this is not at all what I expect in my historical romance reads. I prefer my heroines to be a little naive and to have her sexual knowledge and experience blossom at the hands of the hero.

To be honest, I only chose *In My Wildest Fantasies* because the narrator was *Rosalyn Landor* but even her talent couldn't help this one.

Don't judge on my review alone. A lot of other readers enjoyed this historical romance so please take the time to check out other reviews. *In My Wildest Fantasies* might be perfect for you.

---

### **Wendy says**

Again 3.5 bumped up to 4 because of fab narrating by Rosalyn Landor.

---

### **Bj says**

*In My Wildest Fantasies* is a British, historical romance with elements of suspense. The first book in the Pembroke Palace six-book series, it sets the background for the Sinclair family story. While there is a teaser at the end, which describes the main conflict for the second book, it could nonetheless be listened to as a stand-alone book, as the love life of the primary hero and heroine is resolved.

When I first read the description of this book, I was expecting the cliché romance where the hero and heroine experience love at first sight after the hero rescues the heroine. To my delight, *In My Wildest Fantasies* contained much more, including intrigue, passion, scandal, and even unexpected plot twists. While at times I felt like these underlying themes just scratched the surface of what could have been an A+ read, their introduction nonetheless proves entertaining as the reader will be left guessing and imagining the countless provocative possibilities. Add in Rosalyn Landor's experienced narration, and you have a solid audiobook.

### **Danae says**

2.5 stars. JM has transplanted 21st century sensibilities and language to the 18th century. As clearly indicated by the title, the story is in essence a telling of Rebecca Newland's erotic fantasies enacted with her hero Devon, Lord Hawthorne. I found the context set by Pembroke Palace and Devon's large family far more interesting than the romance between the hero and heroine. As my first book by JM, have to say I'm not impressed.

### **Tracy T. says**

I enjoyed this story. I really liked the hero and the heroine in this book. I thought the chemistry was good and the sex scenes were nicely written. The story flowed well throughout the book, and was not full of filler moments. I would have liked a bit more dialogue, (I like a lot of dialogue) but there was still enough and the story was pretty fast paced.

I liked that this book was NOT filled with a lot of misunderstanding's, via thoughts.

I do plan on reading the rest of the series, it captured my attention and I liked it to want to know what happens to the other characters.

I read along on my kindle to audible: as to the narrator, Rosalyn Landor. She was fine. Not my favorite, but not my least favorite either.

---

### **Katrina Passick Lumsden says**

So I don't know how many stars to give this book. Some parts were three or four star worthy, some aspects didn't even deserve a single star... It's all over the place in my head. The biggest issue is probably all the goddamn mistrust. Seriously, nobody trusts anybody, it's like watching a really cynical soap opera. The obstacles are also weak and/or over-the-top.

Just. Meh. I don't regret reading it, but I wouldn't do so again.

---

### **Carolina says**

Me ha resultado demasiado precipitado en general, diálogos vacíos... En fin, un libro bastante flojo. No sé qué nota ponerle... un 2.5 quizá.

---

### **Lady Wesley says**

Not even Rosalyn Landor's five-star performance could keep me interested in this book. It's got some good parts, but I don't expect to pursue reading the entire series (although I would like to know what has caused the old Duke's apparent insanity).

Vikki's Musings

I recently discovered Julianne MacLean's marvelous books. I actually read/listened to Married by Midnight first, not realizing it was part of this incredible series. Needless to say, once I finished Book 4, I had to go back and read the rest. In my Wildest Fantasies is absolutely a fabulous book!

Ms. MacLean writes emotionally-charged romances that will wring your heart dry. Her characters are unforgettable and her story line is intriguing with plenty of plot twists. The development of the romance had me doing a happy dance!

Lady Rebecca Newland is a wonderful heroine, and I fell in love with her from the first page. She exhibits all the characteristics I most love. The anguish she feels brought tears to my eyes on more than one occasion. What I loved the most was her compassionate, giving heart. The patience she shows is astonishing. She is the perfect match for Devon.

Devon Sinclair, Lord Hawthorne is my favorite kind of hero. He is brave, fearless and determined to accomplish his father's wishes, even though marriage is the last thing he wants. Of course as the heir to a dukedom, he always knew he would have to marry, but he did not want an emotional entanglement. He wanted a business arrangement where his future duchess would fulfill the role in a circumspect manner and not expect professions of love. He gets the exact opposite with Rebecca. She manages to tear down the brick wall surrounding his heart.

The sexual tension between Rebecca and Devon oozes off the page and the love scenes are concentrated more on the emotions behind the sex than where part A and part B go. I thoroughly enjoyed them and could live vicariously through the characters, and is that not what we readers want?

The Victorian age is not my first love, but Ms. MacLean was able to paint such a vivid picture of the dress and environment, she quite transported me back in time. Her startling descriptions of the palace gave me a fantastic visual of the magnificent home.

Oh, and I must mention the incredible narrator. Rosalind Landor is absolutely fantastic. She reads with deep emotion and truly brings the characters to life. Her ability to give each character their own distinctive voice is amazing. I know whenever she is the narrator I am in for a treat!

If you enjoy romance in a historical setting with a moving plot and amazing characters, then you will love In My wildest Fantasies as much as I did. I can't wait to read/listen to the other books in this series. Happy reading!

### **Noelia says**

Me gustó. Tenemos el típico recurso del diario antiguo encontrado, pero es muy entretenido. La historia de fondo es curiosa y acaba con un cliffhanger interesante.

---

### **Kbee says**

Audible Romance Package

AUDIOBOOK: Read March 30th &  
8hrs. 42min.

Narrator: Rosalyn Landor as usual does a great job.  
Liked this one, too. Didn't expect that ending with the secrets.

### **Susan McCauley says**

**Julianne**

Julianne has a way of drawing you into a much needed fantasy for women who need a break from today's

stresses and everyday life.

---

### **Nikki says**

4 stars.

I can see how *In My Wildest Fantasies* may not be the most highly rated or popular of HR's as it doesn't really follow the norm. I think though that this was the reason that I actually liked it as much as I did. Yes there's a hero and a heroine and most run-of-the-mill historical romance-y formula, but the dialogue and character interactions had a distinctly modernized feel to them. At times I felt like the characters were almost imposters: speaking and behaving like current day people while dressed in 1800's attire and following historical etiquette. It was a little bizarre but I found myself captivated by it and invested in the storyline so much more because of it.

Another thing I really liked about this story was the fact that Devon (our delicious hero) and Rebecca (our passionate heroine) had met early on in the story and there was a good two or three chapters spending time on this first meeting. This allowed us to feel the chemistry between them and anticipate their paths crossing again.

It wasn't perfect; for something that was so chock full of action and story it felt like it constantly just skimmed the surface. A couple of times I felt the need to roll my eyes a little. The villain and his motivations didn't make much sense to me. But whatever, it was good for what it was - an entertaining HR read that didn't take itself too seriously.

---

### **Rocio says**

Me ha gustado mucho. Empieza con un argumento fuerte, que va perdiendo fuerza conforme avanza la historia. Me han gustado los protagonistas y tengo ganas de leer las historias de los demás hermanos Sinclair
