Lust Muscle Alexis Angel

12 Inches. Thick and throbbing.

Grab on if you dare.

Magic stick. Pleasure rod. Girth Vader. Pipe cleaner.

Lip splitter. Womb raider.

No matter what you call it, you know you're thinking about it when you see me. You're licking your lips at my 12 inches. Filled with rippling power ready to shoot you to paradise.

Most women - they can't get enough of it. They swoon when they see my bedroom eyes. They sigh when they feel my 8-pack abs. And then they touch the hammer head. And it's all over.

But what happens when it doesn't work?

When the woman, Cara Lynn, pretends that she doesn't give a plugged nickel about my trouser rod.

When the game that I spit falls flat?

Usually I move on. But somehow, I'm drawn to this alpha female like a deer to headlights.

Thing is, I know she's pretending to not care. She's teasing me. Tempting me.

She's testing me.

Well, darlin'... two can play at this game.

She wants to play head games? It's a good thing that I have more than just the one on my shoulders.

Come ride the pleasure pole of this standalone romance from Alexis Angel! It's gonna be a scorcher, babe, so be ready. No cliffys and you know there's a HEA that's guaranteed ;)

Alexis Angel does it again with the well written storyline that pulled me in from the very first page and the characters were so well defined that I was kept totally enraptured until the turn of the very last page!

Awww!!

This has got to be one of the sweetest, sexiest and most wonderful books I have ever seen come from Alexis Angel. I mean all her books are sexy, there is no denying that. But Lust Muscle...you wouldn't think from the name that it would be as sweet and romantic as it was. Happy reading!

Revenge is her game but she's about to meet her match when she goes up against Liam. Liam is a notorious playboy with money to burn and a different woman every night in his bed! He has broken many hearts and now Cara is going to break his, or is she? Soon Cara sees that Liam isn't the man that the gossip mags have painted him to be!! These two are electric together and soon the game becomes all to real! This just might be my favorite Alexis Angel book!!!

Terry Sasada says

Just Wow. I received this book free for my honest review and I can honestly say I loved it. Cara's job is to go after the low life, cheating, money stealing men that take advantage of women. Her next job is to bring billionaire playboy, Liam Donovan to his knees. Her plan is to get inside and figure him out and find a way to make him suffer. That ended up being pretty hard to do when Cara discovers the real man behind the playboy image. Liam is in for the shock of his life when he finally meets the woman she brings him to his knees. Great story with hot sex. Both Liam and Cara have given up on love until they meet each other, and the steps they take to discover who each other are makes for great reading. Love the HEA

Jaime says

So first off, Lust Muscle - totally not what you're thinking, so get your mind out of the gutter where mine started when I picked up this book. Cara makes her living making men pay for breaking women's hearts and business is good.

But everything changes when she is hired to bring down playboy billionaire Liam. Eventually you know this will blow up in Cara's face but Liam's secret is bigger than her own. And the way he goes about getting her back was just awesome.

I really enjoyed this story.

Woman can you make your books any hotter than this one! ! OMG! Liam is the millionaire playboy, love them and leave them no repeats, until he meets Cara. She is the owner of Lust Muscle a company who will seek to breakdown men. She is hired by a realitytv celeb seeking to hurt Liam.

Unbeknown to Cara, Liam is not the douche she thought he was. He will tear down her walls and open himself to her to more. Can they have an HEA? Will the truth tear them apart ? It is a sexy, fun read on a nice summer eve with a glass or a bottle of wine.

I loved Liam & Cara's dynamic relationship. This book was all sorts of deliciousness. Great read that steamed up my Kindle. No cliffhangers with a hea.

I did receive a free ARC copy of this book and I am leaving an honest review on my own.

In this book we have Liam Donovan, who is a very wealthy and notorious playboy in New York. He works / lives in the same building. He loves cooking and being with his loved ones. There is a totally different side to Liam that the 'public' doesn't see. Liam has a soft heart, but, he doesn't want that exposed to the world. He wants to be seen as the rich playboy.

We also have Cara who runs Lust Muscle. Misty is one of Liam's girls on the side he has flings with. Misty is upset that Liam hasn't returned her phone calls and texts, like all 100 of them. Misty hires Cara to look into Liam and find out why he has pushed her away. However, Cara falls for Liam instead.

Cara feels beyond guilty about how she wound up at the Pool House to meet Liam and she comes clean with him about being hired by Misty. However, Liam already knew!!! Oh Goodness! Cara feels betrayed by Liam & her friends! What will Liam do to get her back?

Can Cara tell Liam who she is and what she is doing without Liam leaving her? What will Liam say when he finds out the truth about Cara & Misty if he does find it out? Will Liam be able to handle the truth from Cara?

Amy Hannagan says

Oh sweet revenge! Too bad this time it may backfire. This is one fun and entertaining romp through a revenge romance. Cara and Liam are both the hottest things going in NYC. Too bad she is a woman that literally makes it her business to avenge jilted women. Liam is her next big fish to fry. Will she get the revenge she always has before or will Liam beat her at her own game. Great story. Funny and sexy. Loved it! Alexis has done it again!!!

Liam is a ladies man and believes in the one and done motto, leaving women wanting more all over the place. When he breaks Misty's heart, she takes it to the next level. She hires Cara to give him a taste of his own medicine.

Cara owns Lust Muscle, which is booming business of giving men a taste of their own medicine, from catching cheaters to breaking hearts, and business is good! Cara takes Misty's job, but doesn't know what she is getting herself into with Liam. Cara finds out nothing everything is what it seems.

I highly recommend this book! You won't be disappointed. This story has it all, lust, love, drama, lies, scandals and an emotional ride of getting over the past to have a future with the one you love. I received a free copy of this book via Booksprout and am voluntarily leaving a review.

Sara Oxtan says

Lust Muscle by Alexis Angel a sublime five-star read. This was a story full of ups and downs, what would happen if you feel in love but it all started off with a lie? That's something Caralyn Dawn faces when she gets approached by a reality TV star at her business to take down a man who broke her heart. But the story isn't that simple. Just because her business Lust Muscle makes her a merchant of Vengeance and a dealer of retribution doesn't make her a bad person, but it does make her very judgmental of men, especially men that are all over the tabloids known as a notorious playboy.

The notorious playboy that is in need of vengeance is Liam Donovan, a hunk of man muscle that Cara will soon realise is like a lake, smooth and rippled on the top with waves and great depths underneath. The problems come when they both get more than they bargained for and realise that both of them have secrets from each other.

Can they overcome the secrets and lies? Or will it be too much? And will they only ever have fireworks in the bedroom but not the sky?

Ree says

I must say that I enjoyed this latest offering from Alexis Angel.

Liam & Cara bring a sort of freshness with them as a couple, and as their chemistry is off the charts, you can't help but be excited for them as you read their story. As with all of Alexis' books, this one has the heat meter turned all the way up. There are a few twists and turns, but they only heighten the anticipation of the HEA that the couple deserves.

I voluntarily read & reviewed an ARC of this book, which I received via Booksprout.

SBee Reviews says

Review Rating: 5.0 out of 5 stars.

A solidly hot 5 stars!

I received an Advance Reader Copy for *Lust Muscle* written by Alexis Angel and voluntarily reviewed this book. Liam Donovan was at the top of his game, successful at everything he touched in NYC, pretty much. He has his choice of the prettiest pickings for a new girl (or two) every night if he wishes, and he is definitely able to bring the goods to the bed. What he lets the world know and see, however, runs deeper, much deeper than people around him realize.

Cara's Dawn sole purpose and business is *Lust Muscle*, where she helps women as a "merchant of vengeance, a dealer of retribution." She gets men to fall at her feet and then breaks their hearts, armed only with the knowledge of her mark and herself. Into her offices one day walks Misty Lane, a reality-TV-show ex-contestant, who presents her a case to target Liam Donovan because he had broken her heart. She goes in ready to do her job with girded loins and panties to face this notorious billionaire playboy, but only ends up morally conflicted because she really likes him, and the sex alone was combustible between them. Sooner or later, she has to deal with this, because SHE is the one who is going to get her heart broken this time.

Liam doesn't understand why he is nervous just before his first date with Cara, but he is just going to do this once to get her out of his blood. Except she ends up much deeper than he realized, occupying thoughts in his big brain as well as his not-so-little smaller "brain." He even finds himself letting her into his heart, and the wall he has kept up against anyone who ever wanted to get closer just keeps crumbling faster than he can brick back up. But somehow, this girl got in...and he wants her to stay. He now finds himself insatiable for her and only her. And they rock each other's worlds.

The chemistry between Liam and Cara steamed off the pages. Something about the way this story was written...the flow, the characters? I found this read to be one of this author's very best so far!

Sexy, crazy, emotional rollercoaster ride you don't want to miss.

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

I loved the story of Cara and Liam. Cara runs a business called Lust Muscle and she gets revenge for women against the men who broke their heart or used them from nothing more than a good time. Misty goes to Cara and tells her she wants her to break Liam and nothing else matters, she wants him broken and humiliated. As Cara goes about getting close to Liam, she finds out Liam is not who she thought he was and she begins to fall for him. Come along for this lust filled, emotional rollercoaster ride that comes with a twist you don't see coming and it is epic. This is a must read and I definitely recommend it.

Oh My Alexis This is HOT!

I received an Advance Reader Copy from Booksprout of this book for my honest review. But I bought it because I love Alexis Angel's books. Oh my Alexis Angel! One of her most salacious stories; it wouldn't be an Angel's book if it wasn't. Of course everything is not all that it seems in this book! I am not going to give anything away but you will fall in love with Liam and Cara. Alexis adds a little twist at the end of this book as she has in all her books. I loved this book. If you like fun and sexy books this is one for you!
