Silva says

So cute!

My son loved this, thank goodness for kindle, we had no Easter books!! Must read it in a British accent!

Donna Mork says

The kids find the Easter eggs, and then see chicks born from regular eggs.

Matt says

It's Easter time and Peppa is basking in all that is fun about the time. An egg hunt yields some wonderful chocolate surprises, but it is the event that awaits her inside the hen house that makes Easter have new meaning for her. Peppa and the gang are in for this short piece that always has Neo excited. Neo asked if I could have an Easter egg hunt for him this weekend. After explaining that the heat and the fact that we are eight months away from Easter would make that hard, he chose to settle for a yummy breakfast in the morning, which must include eggs (of course)!

Carina says

Was like the episode where Grandpa Pig hides Easter eggs for the children, but even shorter. In fact, George doesn't get an egg in the book! Oh well, I like when my mom tries to read these books with a British accent. Peppa Pig is the best!

Lisa says

Silly. But my 2yo picked it off the shelf herself and induced a stranger (someone else's mom) to read it to her, so clearly it's a hit for her.

Amber Landram says

great for kids!!!!

Kristen says

I wish we found some books that were more about the real meaning of Easter, rather than just egg hunts. But oh well. This book was cute because I liked that it showed everyone getting an egg and not one person hogged them all. My daughter especially loves Easter Egg hunts because she understood them this year for the first time. She is a great hunter too. When all the other kids get bored and give up, she'll keep going around finding all the remaining, well hidden eggs. =)

This book was ok. Nothing special, but not horrible. A decent bedtime read.

Leah says

I didn't care for it, but all the kids went wild over Peppa Pig.
