## **Sea of Love** Sharon Cummin

Gavin was a handsome billionaire bachelor. He needed some time away to relax, when he decided to take a vacation with four of his closest friends.

Becky had just ended a seventeen year relationship with a man who refused to commit. She packed up and moved for a fresh start in a new town and scheduled a wonderful seven day cruise to kick off her new life.

When Gavin saw Becky on the ship, he was immediately intrigued. They found that they were both there to relax and renew, before jumping back into everyday life.

They agreed to a full week of fun in the sun, with no strings attached. The deal was no detailed conversation, just steamy romance, fun, and relaxation for the length of the cruise. When the trip was over, they would both walk away knowing nothing personal about the other.

Would it be as easy as they thought to let each other go?

When something happened to force their paths to cross again, would they be able to handle it?

Would they be able to walk away from their feelings a second time, or would the pull that they felt for each other be too strong to fight?

This was a cute love story with hot and sexy scenes that you don't want to pass up.

Becky recently got out of a relationship and moved away and is getting ready to start a new job. So she wants to focus on herself and relaxing while on the cruise. She tries really hard to ignore Gavin but it doesn't quite work.

Gavin wants to have fun with his friends on vacation and he has more fun than he bargained for when he meets Becky.

They have a wonderful few days together and agree to a first name basis only, no strings attached arrangement for the remainder of the cruise. Then it comes time to leave and they are both struggling to keep up their end of the agreement.

Will fate intervene and bring them back together? Will they be able to handle surprises and misunderstandings along the way? You'll have to read it to find out!

This was a well put together book. The scenes were so well done the author made me feel like I was on the cruise with them visiting all the destinations. The characters were a joy to read as well with some comic relief thrown in. This was my first book by Sharon Cummin and it definitely won't be my last, now onto the 2nd book in Billionaire Bachelor series, Hot for Love!

Complimentary copy provided by the author in exchange for an honest review.

I am really loving this new series. Makes me wonder why I didn't take a cruise when I was young and single, lol :) The applying of the sunscreen lotion scenes were so darn funny. So I fell in love with Gavin, he was just so darn sweet and hot!! There was just something about Becky that drew her to him. Their romance on the ship was smokin', and Gavin's friends were just hilarious. Ethan is going to be the one that I look forward to reading about to see him brought down by just the right woman. Ok, let me get back on track. A one week's affair on the ship, no strings attached, yeah, that really didn't work. They both regretted not getting more info on each other before they left. But fate stepped in and gave them another chance. And you know what happened?? Read the book, no spoilers here. I am just going to say you are going to love it. I can't wait to read the rest of the series with the guys (Gavin's friends). I was gifted a copy of this book by the author with no expectations.

4 hot single men... 1 hot girl who is nursing a broken heart and has one week before she begins a new chapter in her life!! wants to be left alone with a good book and relax..... This is the first book in the Bachelor Billionaire series... It is a Cute, romantic, drama, with sexual tension, alpha males, and hot sex scenes... This is Billionaire, Gavin Lucas and Becky's love Story! Becky is on a cruise by herself and wants nothing more than to be left alone... While these 4 guys keep watching her... (Which later we find are all bff's Gavin, Josh Ethan, and Heath.. Gavin is the one that keeps coming up and visiting with her only to be shot down time and time again.. Finally he had a breakthrough and they begin to laugh and actually had a good time with Gavin.. The two decide to have one week and see what happens, but no private information, no last names or cell 's.. And after the trip they leave one another alone.... Little do they know, each one had the BEST time of their life that one week!! FELT more for one person than ever before, and that is saying something, because 'Becky had been with her ex-fiancé, Sean for 17 years... And she never felt the way she feels for Gavin that same way.. So, after a week that blew each other's minds all things have to come to an end.. Unfortunately ... They hug and hold each other until the last minute.. Becky moves into her new place and begins her new job... Only to find the owner of the company will not be back for another week... However; seemed like everybody in that company completely enjoyed working for this man and also found him extremely attractive... So you can find her amazement when she looked over at him and fond her man she works for is not other than 'Gavin' once her realizes who she is he can't stop thinking of all the wonderful times they had and the fabulous .. These two I have to say, for being so smart, they have the worst 'communication skills I think I have ever known... They always just assume something, and this kept them constantly on guard and thinking the other one had different feelings.. Until one day jealousy had gotten the best of them both and I won't tell you what happens or how it goes down... Very fun and Gavin is completely 'alpha male' kind of the leader of this dysfunctional/functioning pack of men.... So funny!!

Sea of Love

Another hot, sexy triumph for Sharon. Book one in a great series

Sharon's writing is brilliant and engrossing. It is difficult if not impossible to put one of her stories down before you finish it! Her combination of excellent story-telling with great erotic relationships is exceptional!

I read the 4th book in this series first. It gave me much insight into the friends on this Cruise, but I recommend reading them in order, even though each can be read as a standalone. All the stories fit together

if read in order.

Becky goes on a cruise alone to rest and read before she moves to her new job in Pennsylvania. She has just broken a 17 year relationship with a man who cannot commit. She sits alone reading on the deck but catches Gavin's eye. Something about her draws him to her like a moth to a flame. He continually tries to get her attention and she always rebuffs him. But they run into each other on every turn--sometimes accidentally, other times by design!

Eventually they start spending time together. Their attraction is hotter than a bolt of lightning whenever they touch. They both become emotionally connected to each other and eventually their relationship is much more than sexual, but she tries to not lose her heart to Gavin, (as does he to her) because when the cruise ends they will go their separate ways never to meet again. They tell each other very little about themselves. She tells him that she lives in Michigan and he does not tell her that he is a billionaire from Pennsylvania or anything about his business. Ah!

They finally agree to enjoy a non-committed great time together for the rest of the cruise and then walk away. The last few days of the cruise they develop a torrid sexual relationship, but it becomes much more than just sex. The trip to the cove is as hot as any sex you can imagine (even though most is left to your imagination!) If you have read some of Sharon's other books, you know how well she creates hot, erotic sex scenes--extremely well written with great descriptions of the emotions during actual sex acts.

When the cruise ends they part ways, not sharing even their phone numbers. Immediately, both regret their decision. They are in love, but have no way to find each other. When Gavin gets home he is heart broken and decides he will hire the best private detectives to try to find her. He hopes they will find her real name and search the whole state of Michigan. Becky tries to forget Gavin, but cannot. She concentrates on preparing for her new job.

A couple of weeks into her job, she meets someone she recognizes as one of the friends from the cruise. Will this help her find Gavin? What will happen? Will this lead to Gavin and Becky finding a HEA ending, or will they walk away from each other a second time, mostly because of a series of jealous misunderstandings by Becky?

Sharon manages to weave some really hilarious situations into her stories. As always Sharon has the absolute best endings in her books. She is one of my favorite romance writers!

I was honored to get this book for my honest review.

This is the first time I have read anything from this author and I must say I was really surprised on how much I really enjoyed this book.

Get out the screaming towel cause believe me when I say you are so gonna need it. Take this journey with Gavin and Becky with me. Sit back in your favorite chair and be prepared to feel like you are invading this couples private moments in time. Becky is a sarcastic girl that opens mouth and inserts her foot afterwards. Gavin is a laid back guy that has it all but, does not flaunt it. This romance is one that will take you on a journey as it did me in a world win kind of way. This author entrances you with Becky and Gavin. She sucks

you into the book keeps you there till just when you think "Oh Wow" and then pulls you back for more.

The title of this book does not do it just justice in this reviewers opinion. It is more like the Sea of Hotness at least for me it was. For this Gavin and Becky had fate in place even before first glance. It kept hold and never let go not even at the end. Do these two get there happily ever after? Hmmm I won't be the one to tell you. The sex in this book is HOT. The story is line is Wow and it has the Awe/Screaming factor too. More screaming from me than Gavin and Becky or maybe not lol.

To the author this was an awesome read for me. It kept me wondering what was gonna happen next also the "You have got to be kidding me really?" I kept asking myself really Becky you have got to be kidding me lol

But in order to get what I mean by that you so will have to pick up this book and take Gavin and Becky's journey along with me and enjoy this couple falling in love and in bed. Whoever said that there is not love at first sight or first kiss for that matter should really come and take the journey of these two loves.

Happy Reading.

Wow, if I didn't believe in fate before reading this book, I sure do now. What better way to meet your soul mate than on a cruise to refresh yourself from your "old" life to get ready for your new adventures, move to a new state, with a new job and a new start. Only to find a very handsome man with whom the two of you choose to have a no strings attached love affair, but both end up falling head over heels for each other, but don't exchange any personal info.

And then the week ends and now you're miserable because you have no idea how to find the other person. Well in the end this story pans out wonderfully. I loved it!!

### **Letty (Cover to Cover Book Blog Reviewer) says**

This is a story of new beginnings and two people coming together by the workings of fate.

After disillusionment, Becky decides it's time to take the reins on her life and start new. Moving away to a new state and finding a new job, she decides to take a cruise to detox and come back renewed. She expects to go, soak in the sun, read her books in peace, and enjoy being by herself. Little does she know that her plans are not cooperating with her.

Gavin is on vacation with his friends. A little fun never hurt anyone and he can't figure out why the woman he's had his eye on, is being so short with him. Why can't he stop looking for her or thinking about her, when there are so many other beautiful women on this cruise?

Life has a way of working situations into something that neither of them expects and after one dinner, they figure why not enjoy themselves on this cruise. No strings and no expectations after this vacation is over is what they agree on, but as the week progresses, that initial plan is thrown out the window and they realize they have feelings for each other. The cruise ends and they each go back to their own lives, neither having

revealed anything personal about each other.

What will happen when they return home and realize that once again, what they thought is not what's actually happening?

This was a very fast and enjoyable read. I liked Becky and her snarky comments to Gavin. I really enjoyed her sparring with Ethan, one of Gavin's friends. Their interactions were funny. There were moments when her actions caused me to yell and wonder what the hell she was thinking, but then I would continue reading and Gavin would settle her down and help me settle down too ;-). The whole book had many comedic moments thrown in with all the hotness that is Gavin. This is the first book I've read by this author, but it won't be my last...now I need the second book.

This was the first book that I read by author Sharon Cummin, but it won't be the last. She has several series out that look interesting, exciting and enticing to read, including this new series! I am already looking forward to book 2 in the Bachelor Billionaire Series. You have pick up this book and go on Gavin and Becky's journey through love. This story was very well written and the ploy flowed from start to finish. I always reading a "love" story with a plot that is about love and no other issues within the relationship. Sometimes nothing will do but a good old fashion romance where there are no obstacles other than the 2 main characters that stand in each other's way.

I enjoyed the characters and the way that the author developed these characters. I enjoy it when the author has strong female characters that are well matched with their male characters, not submissive, dominated females. It feels like you are on the cruise with Becky and Gavin and his friends and at times you wish you were really there to punch Ethan in the face (but I will let you read about him). While your reading this book, you will catch yourself wanting to find your very own Gavin. It is refreshing to see that Becky doesn't let anyone or anything get her down (well almost anything). There is a bit of romance and some hot steamy scenes and that may leave you blushing....but nothing too crazy or graphic. The author does everything tastefully throughout the story.

This is a must add to your TBR list, and would make an awesome book to read at the pool or the beach. It is a quick, fun read that will leave the reader satisfied and looking forward to more by this author. Make sure you don't miss out on this author and this series, it is a must read! Enjoy!!

### **Louise Seraphim Reviews says**

Well, that was a nice and enjoyable, easy read.

After reading a few books by this author now, I'm of the opinion that her books are perfect if you want to

pick up a book and have no trouble reading it. A book that you will find yourself laughing and gasping, but just enjoying it without the brain numbing part. What I call perfect holiday reading.

Gavin Lucas, is gorgeous, stinking rich and a sought after bachelor. He has come with friends on a cruise. To relax after working non stop on his extremely successful company. He hasn't gone to find love, although fun would be a great distraction. What he doesn't expect is, to find Becky.

Becky, has come away on the cruise as start to her new life. A break before she starts a new job. Becky had been with her high school sweet heart for 17 years, and had never got past being boyfriend and girlfriend. Despite the length of their relationship, there was no commitment and Becky had, had enough. So she finishes with her ex, applies for a new job hours away, and makes the move. So when she comes on this well earned break, she does not want any men issues. She wants to relax and read.

Gavin has other ideas and once he has spotted her, he wants to get to know her. Although Becky pushes him away, more than enough times, Gavin won't admit defeat. So begins some funny and easy scenes following Gavin chase a feisty Becky. Then on to them getting to know each other.

It's all really sweet and funny. Really enjoyable, also with some awesome, hot scenes to give the story some sizzle.

Becky and Gavin get on amazingly and agree to spend the week together, with no strings and no attachments. Once off the ship, normal life is resumed, without each other. Yet, it doesn't seem to be all that easy, when they find themselves becoming quite attached in the short time.

Once the ship docks, they both walk away. No details swapped. Yet, both of them feeling awful about it and wishing things had of been different.

That's where I'll stop with the summarizing, as the rest needs to be enjoyed without knowledge of the outcome.

I really did enjoy this book, and found it an addictive easy read. I must admit I struggle with 3rd person POV, so sometimes that made it hard for me, but given that I don't usually enjoy reading books in 3rd pov, it still didn't stop me from enjoying this story.

4 Stars!

I received an ARC for and honest review so here goes,,,

Firstly I LOVED this story,,, I'm a fate person,,, yes I believe in fate,,, I believe that everything happens for a reason,,, this book is exactly like that,,, when you are meant to be somewhere and meet someone,,, meant to find that someone that will be your forever somehow some devine intervention happens and makes it possible,,,

So we have Becky,,, recently split for the only relationship she has ever had,,, and it was a very long relationship,,, needing to move forward in her life she needed to separate from him,,, their relationship had become stagnant,,, she wants more from life and commitment,,, she takes the step to move everything,,, her home her job her life,,, she takes a week out to relax on a cruise before starting over in her new job,,, she is expecting sun, sea and a whole lot of reading,,, but this is not what she gets,,,

In walks Gavin,,, he is a very successful man,,, his own company and a whole lota money,,, wanting a break from his hectic lifestyle he takes time out for a cruise with his mates,,, expecting to find sun sea and meaningless sex,,, but this is not what he gets

After a week on a ship with things neither had expected they move on with their lives,,, knowing nothing about the other beyond their first names they had no way to ever see each other again,,,

Like I said fate is present in this book,,, so when the newbie of a company is introduced to the boss expect some red faces and shocked looks ;)

The connection between Gavin and Becky is one you will feel yourself,,, they have their ups and downs,,, showing their insecurities with themselves their pasts and current issues,,, we all have our ups and downs some get through them some don't,,, when it's meant to be it will be,,,

Really enjoyed this feel good romance,,, there are some hot scenes to enjoy too,,, highly recommend :)
