Sweet Sixteen Scott Ciencin , Joss Whedon (Creator)

Buffy's younger sister, Dawn, knows how it feels to be different. So when she overhears her classmates teasing a new girl, Arianna, she steps in, and the two become friends. But when Buffy comes home one afternoon to find her sister and Arianna hanging out, she's surprised -- she encountered Arianna one night on patrol. A demon had been attacking her, but Arianna fought back on her own. What's that about? The more the gang gets to know Arianna, the more puzzled they are. She has superstrength and accelerated healing power, just like a slayer. But what she also has is a dark secret and an unusual past -- and a dangerous legacy that is primed to reveal itself, just as soon as she turns sweet sixteen....

Garrett says

This book was okay, up until the ending when everything came to a shocking conclusion. Unlike other Buffy novels, this one focused too much on non-canonical characters, rather than members of the Scooby Gang, but it was still a great read!

David B says

Buffy and friends become involved with Arianna, a troubled young woman on the cusp of sixteen whose abilities rival those of Buffy herself. They try to befriend her and discover the truth about her. Scott Ciencin knows how to write the characters and has a good grasp of the show's vernacular, but he is less successful at crafting a compelling story. Most annoying, he gives Arianna an ability that would allow her to easily resolve the tension and uncertainty that torments her, yet provides an excuse for not exercising it that is very flimsy and contrived. The humor leans toward the cute and lacks the bite that characterizes the best writing of the series. If this is the type of story that had appeared on air, Buffy would not have lasted seven seasons.

Mary Paul says

Delicious trash

Rebecca says

5 stars! Really enjoyed that. I totally got the Buffy feel and all the characters were perfectly done in line with the tv show. Story was excellent to bringing in Dawn who came in as a new character in season 5. Loved the end. Great.

Scott says

Good concept. Infuriating execution.

Gabriel Mero says

I really enjoyed this one. I think the author did a good job of the characterizations.

Julie_ian_curtis says

wow this was seriously dissapointing. Spike would never have done what he did - OOC much? and while the daughter/parent concept was interesting i wasn't captivated. frankly bored now.

Crystal says

cheesy & predictable...but that was to be expected...

Ceejay says

Another well done Buffy novel. Let the adventures continue! This time the book centers on Dawn and her new friend Adriana. You guessed it....Dawn's new friend is not just regular fellow teen. Nope she's a.....I won't give it away! This novel is well written, fast paced, and a great new Buffy story. What more could you ask for?

David Bonesteel says

Buffy and friends become involved with Arianna, a troubled young woman on the cusp of sixteen whose abilities rival those of Buffy herself. They try to befriend her and discover the truth about her. Scott Ciencin knows how to write the characters and has a good grasp of the show's vernacular, but he is less successful at crafting a compelling story. Most annoying, he gives Arianna an ability that would allow her to easily resolve the tension and uncertainty that torments her, yet provides an excuse for not exercising it that is very flimsy and contrived. The humor leans toward the cute and lacks the bite that characterizes the best writing of the series. If this is the type of story that had appeared on air, Buffy would not have lasted seven seasons.

Rachel says

decent story, dialog was at times off from what the characters on the show talked. it was a good stroy

Louise says

This was written by the late Scott Ciencin, not Troy Denning.

The concept could have been interesting, but ultimately I found this novel uninspiring. If there had been more of a focus on the main Buffyverse characters I think that would have done it a favour. The main character we get came across as flat to me. The plot is predictable and this short book took me ages to get through.

Nic says

An sich nicht schlecht. Allerdings glaube ich, dass ich leider aus dem Buffy-Alter raus bin. :(Zumindest was die Bücher betrifft.

Amina says

Ahh, I always loved Buffy... she's so cool. I really wish I could fight like that. Buffy is de best slayer e.v.e.r.

The new girls cool... I love the way she fights the badness in her. I was like 'tell 'em, tell 'em' when she found out she was a demon. Obviously, the story wouldn't be if it was all that simple!
