A Dark Grove Plantation Story – Taken by Julia Sykes

Ella, a courtroom lawyer and powerful Domme at the Dark Grove BDSM club is well known for reducing men and women into submission. The confidence Ella gains through her Domme role, then gives confidence in her role in the courtroom. Till one day when Alpha Dom Brandon turns up. The story plot then follows how Brandon wants Ella's submission but Ella has no intention of submitting to anyone, especially any man. She sees it as undermining her role as a lawyer in court. There is a good scene when Brandon through blackmail gets his wish for a timed period only. How this affects Ella and the resulting conflicts at the BDSM club with minor characters and whether she and Brandon have a future, only readers will find out. This is a novelette, worth paying a little for but no more in my opinion. The standard of English is reasonable and I have rated it as a sound 3 stars. I'm not sure whether to buy more from this series or not, ideal for a lunchtime read.
