Thistle While You Work Amanda M. Lee

Thistle Winchester never thought of herself as responsible, but when Overlook helper Belinda gets a chance to go to a special conference and learn about opening her own business, Thistle volunteers to watch Belinda's daughter Annie.

Thistle was the queen of rotten children so she thinks Annie will be easy. How hard can one child be to handle, after all? That feeling only lasts until Annie disappears into the frigid woods surrounding Hemlock Cove.

Thistle is at a loss and desperate to find her, so she calls for reinforcements. After that it's a mad race, with everyone who loves Annie tearing apart the town to find her.

Answers are never easy, and when clues start rolling in Thistle and Aunt Tillie are left to piece together a puzzle that is years in the making and could have dire consequences.

It's all hands on deck for another Winchester adventure. When the end comes, Thistle finds her belief system shaken to its very core ... something she will gladly overcome to get Annie back.

Note: This is a 28,000-word short set in the Wicked Witches of the Midwest world. It is set between The Trouble With Witches and Murder Most Witchy.

Thistle While You Work: Wicked Witches of the Midwest Short

Best read in chronological order.

In A Nutshell: An enjoyable story of family, love, and community wrapped up in magic and delivered by witches. I particularly enjoyed this short story. It is well written and wholesome. The usual diet of silliness and courtesy that passes for humour in the series was happily lacking.

The Wicked Witches shorts are an opportunity to see the Winchester family from different perspectives. In this novella, it's through Thistle's eyes. It seems she is not as prickly as her name.

However, as ever it is Aunt Tillie who steals the show. The cantankerous old witch is the reason I read the series. Aunt Tillies's personality once again her proves a conundrum for her great nieces and their beaus. But I know Aunt Tillies plays the meany because at 80 what else is there to do.

A pleasant way to spend a few hours.

My rating system (* = star)

0* Could not finish this book (waste of time)

1* Finished the book but didn't like it.

2* Finished the book it was okay.

3* A good read worth your time.

4* An excellent read often with a novel concept or unusual plot.

5* a great read. A prominent example of the genre.

Phyllis A Davis says

What , no murder?

I loved this book showing a softer side of Thistle. Aunt Tillie as always cracked me up . Please keep Annie's character in the series . She's going to be a handful. The departure from the normal murder mystery to the

human interest story was refreshing.

Susan M D'Agostino says

Cute

Aunt Tillie is always full of surprises when it comes to her family. Annie is family. When Annie goes missing, it's all hands on deck.

Candy says

Momma bear

Never really pictured Thistle the motherly type until now... I have always sensed she has a caring side, but not the nurturing side. Love how the Winchesters came together as always. Now off to the next Winchester "short" adventure

Amy says

Lost

My opinion of Thistle has changed...She does have a heart.
Annie is so cute and fiesty. This was a pretty heart wrenching story.
Loved the ending!

John S Roth says

Great Story!

Get another winner by author Amanda Lee! I have grown to think of the Winchester witches as friends that I love to read about!

Vivian says

Young Annie goes missing under Thistle's watch and it's all hands on deck for the search. Annie is found, but traumatized by something in the woods where she was taken. It's up to the Winchester witches to root out the evil that lurks in the woods. However, the evil turns out to be just a woman with a sad story and I enjoyed reading how everyone pitched in to help her.

Kristen says

Good story. I like reading Thistle's POV.

Cheri Tipler says**Good Read**

I just love this cooky Crazy Family! This is a look into a subject that is still so misunderstood and feared, Mental Illness. Thistle being the lead in this story is so fitting. A bad situation and a happy ending, with a few laughs in between.

Kimberly Sparks says**I enjoyed this book...**

I enjoyed this book and look forward to the next in the series. Everything is good at the Overlook Inn.

Toria Bedell says**Thistle and Aunt Tillie are at it again**

Thistle is babysitting Annie while Belinda is away and things get bad when Annie comes up missing. Thistle enlist the help of the clan to find Annie.

Bob says**I enjoyed this short story**

Annabel M.Lee did it again.I managed to read this story between the right two books., "The Trouble With Witches" and " Murder Most Witchy". I recommend the whole group of "A Wicked Witches of the Midwest" books .

Sonja Fulmer says

Funny

LISA COLE says**A feel good read**

The Wicked Witches books have all been a joy to read and this short is no different. The characters are interesting and evolving. Hope there will be many more stories.

Santhiya says**Not fun as expected**

When I was reading, I felt that the voice of thistle was all wrong. I like this series because it's fun. But this time, it missed its mark.
