And now, all these years later, she's right in front of me, and in the arms of a man

I know to be a violent and dangerous criminal.

I won't let anything hurt her. I owe her...

## **From Reader Review Unlikely Savior: Single Daddies and Nannies Romance Box Set for online ebook**

### **Kentucky Bohemian (Grace) says**

While this is a collection of six great books by six outstanding authors, I have to say that my favorite of the bunch was definitely *Saving Her Rescuer*, the unusual love story of Bethany and Henry by Alizeh Valentine.

I found a slice of heaven in Bethany and Henry's unique tale. It was so unexpected and charming. Along with the range of emotions the story evoked in me, I love the concept of finding healing in love. To me, there's nothing stronger or more visceral, and this story was a passionate example of that.

This set is one that can be shared with your co-workers. You'll find fiery hot love scenes as well as some adult language within these stories. You'll also find fabulous characters, great romance, and a range of emotions wrapped up with some big-time heart, making this a collection that is well worth your time and money.

Great stories and a really good buy! First book is *Dangerous Desires*, another fantastic read by Love. Satchel Rose, a billionaire, saves Winter, more than once: first after she was shot point blank six times during the 'Mall Massacre' and later when she was trapped and pregnant by the slave trafficker. Lots of danger, lots of intrigue and love. Other stories a bit shorter but with HEAs. Recommended.

This fantastic collaboration gave me hours of reading enjoyment from authors that I already know and love and new authors that I am excited to add to my must read author list!

*Dangerous Desires* by Michelle Love and Scarlett King

I am voluntarily reviewing this ARC.

I love Michelle Love's books. I have only good things to say about this one. This is a complicated love story as it start out with Winter and a man you think is good, but is he? Then there is another man, a man she hates, but is he really bad? Cool stuff! I loved this book, first page to last and everything in between! It made me gasp in surprise, tear up with sweetness, fan myself from the hotness. It was just all good!

Some of the stories were better than others but I did read all of them. There are editing issues with all of them but they are readable. I'm not sure why so many people leave good reviews and are not bothered by mistakes, poor sentence structure, and poor grammar. Maybe if we all mentioned it in our reviews the authors would try harder to correct the problem. I guess some readers don't hold authors to the same standard that I do. This could have been a 4 star rating with proper editing.

**Rebecca Membreno says****Nice box set**

Nice romance from varying authors and free books after each one when subscribing. One story did not have a nanny, but was a story of lost love and meeting a look a like. The heroines all fell before the males do, but have happy endings. Enjoyable.

## **MJM says**

We're being spoilt here with this collection featuring the following books :-

Dangerous Desire Book One: A Secret Baby Thanksgiving Romance by Michelle Love

Sensual Sounds Book Two: A Rockstar Ménage by Celeste Fall

Needing the Nanny Book Three: A Daddy Next Door Romance by Eliza Duke

On the Run Book Four: A Secret Baby Romance by Scarlett King

Saving Her Rescuer Book Five: A Billionaire & A Virgin Romance by Alizeh Valentine AND

Saving Vivian Book Six: A Second Chance Secret Baby Romance by Alisha Star

Michelle Loves story is probably one of her best to date. It involves Winter who has had a very traumatic incident in her life where she was almost killed and her sister, Summer, died in her arms. She withdraws from society to a large extent but catches the eye of her 'neighbour' where she moors her boat. But he isn't what he seems and when she discovers the truth about him she is in real trouble. But a man that she thought she should hate [she even threw orange juice all over him at their first meeting [well the first that she can remember]] turns out to be her knight in shining armour. This is so much more than a mere love story. This involves murder, mystery, human trafficking, deceit, suspense, vengeance, evil, compassion and retribution. It was so easy to see why Winter fell for them both but then realised what was sham and what was real. In my mind, I could easily see this transformed into a film! Please?

I haven't finished the rest of the books but am enjoying them too! I received a reader's copy of one of the books and voluntarily leave my honest opinion of it here. HOWEVER, as I enjoyed that story so much, I purchased my own copy of the collection to support all the authors. Most Definitely Recommended!  
**DEFINITELY RECOMMENDED**

## **Kris says**

A great box set with many options in stories.

Dangerous Desire

Winter is a survivor of a violent shootout attack who teaches piano and lives on a houseboat. Raziell is a wealthy man who is attracted to Winter when he parks his boat near her's. Satchel is also a wealthy man that likes to be alone and feels a lot of guilt. Winter falls for Raziell and his charm, but her past is tangled with

Satchel.

This was a great story. Good versus evil. True love both romantically and family. A long page turner that kept me hooked to the very end.

#### Sensual Sounds

Five brothers are in a band Lack of a Lover: Tommy, James, Tanner, Nathan, and Janus. Originally from a small town in Ohio. Nikki works as a therapist in the hospital the brother's father is in. A story of rekindled friendships and romances. Story seemed a bit stretched out in spots which slowed me down when reading. But overall a nice story

#### Needing the Nanny

Troian is a nanny for two kids. Ashe is the neighbor with a small baby dropped off to him. So Troian starts to help nanny for Ashe's kid too. Their relationship is sweet. The story was good. The ending was not what I expected. Left a bit too much unanswered for me.

#### On the Run

Mercedes was a college student who is on the run because rumors say she is involved with another students overdose. Kane is a businessman with a young son in need of a new nanny. Mercedes becomes Emily and is hired to be the nanny. Then Emily/Mercedes and Kane become involved. Parts of the story was very predictable. The ending left me with questions about both people's pasts and the effects still in question.

#### Saving her Rescuer

Bethany needs a break and wants to escape to go skiing when her car gets caught in an avalanche. She is pulled out by Henry who thinks he is rescuing his wife who died 20 years ago. They help each other emotionally and physically. This was a sweet story. I kinda wish it was longer. The end came too quick.

#### Saving Vivian

Vivian is the nanny to Lena Holloway. Luke Holloway is a CEO and needs to go on a trip for work right before Christmas. A letter changes everything quickly. A sweet short story with a nice ending.
