Kris says

Road Warrior Fury Road

Manuel says

finally some revelations! now the story gets interesting.

Nidah (SleepDreamWrite) says

Another good volume.

Francesca says

3.5/5

Brian says

[Full Review to Follow]

Re-reading this book (and series) for review purposes.

Carolina Aldaz says

Love this classic scifi manga, Alita was an awesome character. Wish the upcoming movie shows her past in Mars. Here is the official trailer: <https://www.youtube.com/watch?v=117i8...>

Jaylen Howard says

This book is bad.It is part comic part capter book. This is a future book . Like robots fighting till death, but it is boring.

Dagmar Sola says

Pues, en comparación a los otros tomos, no me ha gustado demasiado. Siento que se ha exagerado la exageración (?).

Rolando Marono says

Las cosas comienzan a alinearse para el final y comienza a hacerse evidente que no habrá muchas respuestas en esta serie.

Este volumen está acompañado por el reencuentro tan esperado entre dos personajes. Debo de admitir que nunca pensé que el status de Gally cambiara tanto. Ha sido uno de los protagonistas de manga que más transformación ha tenido porque va a terminar en un lugar completamente distinto a dónde comenzó. Me agrada ver como algunas de las relaciones del personaje terminan mal, no es algo tan común de ver y es muy bueno que pase porque en el mundo real las cosas no son eternas, eso lo podemos apreciar mucho en este volumen.

De nuevo tratan de cambiar la relación que Gally tiene con Zalem y aunque ahora sí parece que las cosas se están acomodando para un final, me siguen sin quedar claros los motivos de Gally y no entiendo porque no tiene el deseo de incendiar todo a su alrededor.

El enfrentamiento en este volumen es un poco spoiler, así que sólo diré que aunque fue bastante entretenido y con mucha tensión, ya me lo veía venir.

Me gustó mucho que un capítulo estuviera narrado por un pseudo reportero del bando de Den Barjack. Este personaje parece un tipo de persona pero mientras narra su capítulo se vuelve más y más perturbador. En general es un buen volumen, comienza a cerrar cosas antes del volumen final.

Stephen says

Somewhere around here I saw an important change. Part of Alita's character is that she's about the best cyborg warrior that's ever been, and given the proper equipment she can defeat anyone. Which is great and all, but makes for too easy climaxes. Sure, occasionally she needs to find the will power or chi or whatever of the day mental ability to come to victory. But eventually near the end of the initial run, she finally finds forces that she can't defeat with her physical strength, or just her physical strength. Places where she actually loses battles, and we have to wonder if she will pull it off. Sure, there has been a lot of good character development since not quite the beginning, but finally it has this dimension as well, for a well rounded, well developed, story.

Gally says

5/5 stars

Kurtis Burkhardt says

Love it!!!??

Nick says

Overall Rating: A

Synopsis: Battle Angel Alita tells the story of an amnesiac female cyborg named Alita. Alita's head and upper torso are found in a state of suspended animation by cybermedic/bounty hunter Daisuke Ido while he is searching for useful scrap. After giving her a new body, Alita begins to learn how to live in the Scrapyard, the home of the poor and out-of-luck, who live in the shadow of the floating city of Tiphareth, where the rich live. Although she has no memory, Alita soon realizes she knows the legendary Martian martial art, Panzer Kunst. The series follows Alita as she recovers her past and uncovers the secrets of Tiphareth.

My only complaint about *Battle Angel Alita* is that the story can get a little slow over the 9 volumes. Aside from that, there is a lot to love. For a series that was written in 1991, *Battle Angel Alita* holds up surprisingly well as a science fiction story.

Set in a futuristic dystopian society, Alita shares the stage with some excellent supporting characters as well. Along with her father figure, Ido, there is Desty Nova, an insane nanotechnologist, and Kaos, Nova's son, a frail and troubled radio DJ with psychometric powers. These characters make Alita more interesting as a character as she struggles to retrieve her memory.

I definitely recommend checking the series out if you're into Science Fiction. It may not be as much fun if you aren't a sci-fi nerd like me, but give a shot and see what you think. *Battle Angel Alita* is a classic manga that's worth trying.

Gianfranco Mancini says

After two disappointing (but not too much) volumes, emotions and thrills abound in another top-score one with Alita battling against herself and the return of lots of the best characters in the saga (some just for a lone but intense image).

And the long waited meeting of the Battle Angel with her father figure Ido is not going to be the one you was expecting for.

Just wait and see.
