## **Bound in Blood** Erin Butler

Two girls.

Centuries apart.

Will either one survive *the curse*?

In the witching hours, Isabella Lynne and Thomas Ludington secretly rendezvous while the rest of the villagers hide behind locked doors in fear of the unknown. With his promise to protect her, Isabella's unease vanishes despite the paranoia-fueled hunting parties destroying innocents—like her.

*That* was 400 years ago.

Now, a secret still remains as Sarah Perkins searches for a life she's been denied while discovering truths that were to remain buried in the past. Everyone is hiding something, including the Wiccans, the townies, and even her quasi-boyfriend. Can a centuries-old secret be something to kill for?

## **Sarah says**

### **Wow, what a roller coaster!**

In Bound in Blood, E. M. Moore takes us on a ride with the story of Sarah, a young girl trying to find out more about her deceased father. After discovering she's been lied to for years by her mother, Sarah takes off for Adams, Virginia, to get answers from an aunt she never knew existed. Without spoiling anything, I think it's safe to say that she gets more than she bargained for in what seemed on the outside to be a sleepy little town!

Alongside the story of Sarah, we also get glimpses into the past with Isabella's story. I found this to be an exciting addition to the narrative and very helpful when explaining how certain things came to be. I looked forward to the insight we got into Isabella's life, and my heart broke for what she went through.

I really enjoyed this author's writing style and voice. You can tell she has a passion for witches and the history of Salem! This book does not end in a cliffhanger but it does set up the next story, Cursed in Love. That will definitely be one of my next reads!

## **Crystal says**

Wow... and here I thought only Salem was for the witches. Blood Hex at first confused me as to why there was a time difference. But as the story progressed, it became clear and understandable.

Sarah leaves her Mom to find out the truth about her father. When she finds out more than she intended to, her life becomes endangered and all is not as it appears to be.

Blood Hex was an amazing read once I understood the storyline. Very descriptive and written well, Erin did an amazing job with this one.

### **Bound in blood**

A good read for people who are in to the series recommend that you read the book and draw your own conclusions about the story a little different from what I usually read but still enjoyable

---

## **Beth C. says**

### **Intriguing story of the original US witches**

Captivating story. Didn't put it down at all. Hoping the next one won't have as many "historical" flashbacks though, and will focus on Sarah's story.

Not my favorite E. M. Moore series, but entertaining.

## **L'illette Vasquez says**

### **Interesting but flawed**

OK, I confess... A book lacking even basic copy edit takes me completely out of the story line. This one might have been better had not the most basic of writing errors distracted me.

---

## **Krysn says**

overall it was a good book. the ending wasn't what I thought it was going to be. Definitely could see this turning into a movie series like the Twilight books.

## **Nicole says**

"Bound in Blood" by Erin Butler. Sarah is an 18 year old woman, who has always wondered about her father and his death. After finding her father's journals she learns of an aunt who her mother never told her about. Sarah travels to Adams, Virginia in hopes of finding out what happened to her father and to reconnect with her long lost relative. What she finds is a town full of secrets and ultimately betrayal. While following Sarah, we also follow Isabella's journey and demise in 1639 which is the back story for Adams. I rate this book a 3.5 fangs. I felt that the story was slow to read and the plot was really all over the place. I also didn't really enjoy the main character Sarah, she was frustrating to me in that one moment she was portrayed as a adolescent child and the next as an woman making adult decisions. I also found it hard to follow the story, one moment she loves Drake and the next he was the enemy and then she loves him again. Sadly that was the set up between most characters in the story. The secondary story of Isabella was a more concise, clear and enjoyable story. I don't know if I am motivated enough to continue in reading the clearly set up follow-up story.

\*\*\*Reviewer for Paranormal Romance and Author's that Rock"
