On the ancient plains of Krynn arise new perils.

The village of Yala-tene is flourishing. Twelve years of peace and plenty have allowed the little settlement to grow into a thriving town. But its peace is threatened--from within by an ambitious priest of the dragon cult, and from without by a savage horde of warriors, bent on conquest. Against this array of evil, Chief Amero and the bronze dragon Duranix strive to hold the fragile threads of civilization together.

Best-selling writing team Thompson and Cook return to the world of Dragonlance in the second book of the epic Barbarians trilogy.

Amero is now chief of Yala-tene and Duranix its protector. A threat arises from the West, a green dragon named Sthenn.

When a young girl escapes the dragon's clutches she finds her way to Amero and his village to provide warning.

While this threat from the outside grows, Amero must also confront a threat from the inside from the cult of the dragon and its leader Tiphon.

BJ Canaway says

Truly a great addition to pre-cataclysm Krynn history. Understanding the beginning of the history between humans, dragons and elves...

This wasn't a bad book. Just wasn't as great as book one. Now after reading book 3, this book was needed. It set up so much of book 3.

The abrupt ending was the only reason I gave it 3 stars instead of 4.

My rating is 3.5 stars.

This is part of the Dragonlance world. It is the second book of a trilogy and I suggest reading the first book to become familiar with the characters. Some time has passed and Amero's settlement has thrived and grown. But an old enemy has united with a new enemy and they have come to wage war.

I am enjoying this trilogy that is set in this world. It tells the beginnings of the Barbarian race and the authors have carved out a nice storyline. I enjoyed the return of an old enemy and there are new concepts that are introduced that will be important aspects of this world. There is plenty of action to keep the pace going and there is a hint of a developing plot device that entices the reader. I did have to drop my rating the half star because there was no conclusion for this novel. It just ended and one must read the third novel to receive any closure. I don't mind cliffhangers but there should be closure of storylines and enough hanging threads for the next in line book. This book just has hanging threads.

That being said, this trilogy is a welcome addition to this world and provides insight of a race of people. I do anticipate the final novel as everything should be concluded.
