Code of Valor

Lynette Eason

Code of Valor Lynette Eason

What Detective Brady St. John really needs is a relaxing vacation. Unfortunately, just as the sun is setting on his second day at a friend's cabin on Lake Henley, he hears a scream and races to rescue a woman from her would-be killer. When the killer escapes only to return to finish the job, Brady vows to utilize all of his many resources to keep her safe--and catch those who would see her dead.

Financial crimes investigator Emily Chastain doesn't trust many people. And even though she let the detective who saved her life in on a few pertinent facts about why she was being attacked, there are some things you just don't share with a stranger. Little does she suspect that the secret she is keeping just might get them both killed.

Bestselling and award-winning author Lynette Eason sends readers on a race for the truth in this heart-stopping story of risk, regret, and redemption.

I made this last longer than 24 hours! I'm so proud of myself. ?

Minx -The Genre Minx Book Reviews says

I received a complimentary copy of this novel courtesy of LibraryThing and Fleming H. Revell Company in exchange for a honest and voluntary review. Will post full review closer to publication date of January 01, 2019.

Danielle Urban says

Code of Valor by Lynette Eason is an engaging romantic suspense novel. It contained a clean environment full of faith, hope, and love. There was the present feeling of danger and risks on every page. I kept wondering what's next. Suspense built up and so did the attraction between the main protagonists. Both were going through their own pain and learning how to survive. Disconnecting from the outside world and it's dangers, proved hard but won. Detective Brady and victim Emily managed to remain strong throughout everything. Brady is the man all women want in their lives to love and protect them. He's honest and determined to battle the bad guys. Emily has a deeper time of managing her physical, emotional, and mental self. The dangers that are presented keep knocking her down for a loop. Yet she holds on...that perseverance made me like her even more. Overall, I would recommend this read to all.

I received this copy from the publisher. This is my voluntary review.

Deana Dick says

This book has all the makings for a great action movie. It has intrigue, fast pace action and danger everywhere you turn. The author does a great job of grabbing readers' attention right away.

Emily is a wonderful character who sees more danger than anyone should in their lives. The mystery surrounds a sunken boat and a mysterious flash drive. Emily's friend is missing and that puts her on high alert. When Emily is rescued by Brady, they are both in for an adventure that takes them to the deep waters below to chases and kidnapping. Why is someone after Emily?

I liked the danger that filled the pages as the story takes twists and turns that all lead to a killer on the loose. I really enjoyed reading about Emily learning how to scuba dive. I am afraid of water especially since I can't swim. I held my breath each time Emily went diving with Brady. The details were very intriguing and the author does a good job describing details of how to be safe while diving. It's a race against time as Emily finds herself depending on Brady to keep her safe. Can Brady get to her in time and catch the killer? The ending is one of the best I've read with powerful twists and edge of your seat action.

I received a copy of this book from Library Thing's Early Reviewers. The review is my own opinion.

Diane Saul says

Emily is saved from death by Brady, several times. Why does someone want her dead. Her friend Heather has gone missing, but manages to warn Emily she is in danger before she disappears. There are people coming at Emily from all directions. Brady is determined to keep her safe as his attraction to her grows.

There is a lot going on in this book. Danger and bad guys from every direction. What do they want from Emily. Can they figure it out in time to save Emily. Thank you to net galley for an advanced readers copy.

Nicole Laverdure says

Great suspense! 4.5 stars

I have to say that Lynette Eason is a new author for me. Since, I haven't read her previous stories in her 'Blue Justice' series, I had to check her other books to really understand the dynamic of the characters. 'Code of Valor' is a gripping story filled with hope and danger. The author knew how to slowly built the suspense to keep my attention and interest. I liked her two main characters Brady and Emily.

I received a complimentary copy of this book from NetGalley in exchange for my honest and voluntary review.

Jennifer Robb says

Warning: Possible Spoilers:

It was nice to revisit the Blue Justice series and the St. John family. (The St. John family reminds me of the O'Malley series by Dee Henderson) I'd recently read a collection that included a novella by Eason that was connected to this series (Ruthie St. John was one of the main characters). I misremembered from that book which brother had planned to take his girlfriend up to the cabin to propose and thus thought the timeline in this book was messed up when the St. John women started talking to Emily about their boyfriends.

Brady St. John is the main St. John character in this book, though, as always, his siblings do make appearances. Brady's taken some vacation time to decompress but finds himself in the middle of things when he sees someone trying to toss a woman into the lake near the rental home he's staying in.

At first, I had a hard time connecting the first chapter with the Blue Justice series. It's all new characters and honestly, it wasn't one of those "grab my attention and make me keep reading" moments--but I have read Eason before and I know I like her books and this series, so I kept reading. I liked Chapter 2 a bit better, but again, it's a character I don't know and at this point, I don't even know how she fits into the story--so finally in Chapter 3, a St. John appears!

The plot takes some twists and turns as Brady and Emily try to find out who is trying to kill her and who has taken or killed Emily's friend Heather. The one part that got a little confusing was when the police were questioning Paul Bailey about his cousin. In the observation room, it seemed like someone referred to her as a sister instead of a cousin--but I may have misread it since I think it was a St. John family member who made the remark and he may have been talking about or referring to one of his sisters at the time. But at the time I read it, it pulled me out of the story because I thought it was wrong.

All in all, a satisfying read and I look forward to more in the Blue Justice series.

I received an advanced reader copy of this book from the publisher from LibraryThing's Early Reviewers in exchange for an honest review.

Jamie Wilson says

Although not my favorite in this series still a great book! The suspense & troubles of each of the main characters were perfectly balanced. You were able to get inside of the characters minds & be swept away. Great page turner!!
