Curtsies & Conspiracies - FREE PREVIEW EDITION (The First 87 Pages) Gail Carriger

Does one need four fully grown foxgloves for decorating a dinner table for six guests? Or is it six foxgloves to kill four fully grown guests?

Sophronia's first year at Mademoiselle Geraldine's Finishing Academy for Young Ladies of Quality has certainly been rousing! For one thing, finishing school is training her to be a spy--won't Mumsy be surprised? Furthermore, Sophronia got mixed up in an intrigue over a stolen device and had a cheese pie thrown at her in a most horrid display of poor manners.

Now, as she sneaks around the dirigible school, eavesdropping on the teachers' quarters and making clandestine climbs to the ship's boiler room, she learns that there may be more to a field trip to London than is apparent at first. A conspiracy is afoot--one with dire implications for both supernaturals and humans. Sophronia must rely on her training to discover who is behind the dangerous plot--and survive the London Season with a full dance card.

In this sequel to *New York Times* bestselling *Etiquette & Espionage*, class is back in session with more petticoats and poison, tea trays and treason. Gail's distinctive voice, signature humor, and lush steampunk setting are sure to be the height of fashion this season.

This is book 2 in the set. I am looking forward to this one coming out.

Steve Jennings says

I wanted to like this as my first foray into Steam Punk and because we saw Gail Carriger at Yallfest. But it was too light on the tech and really too light a story for my taste. Not bad just OK

Puck says

Just read the free preview of Curtsies and Conspiracies and dammit it is not coming out soon enough for me! This book is so good. Gail Carriger's writing just hits all my happy-warm-fuzzy spots.

Though if she breaks up my Soap/Sophronia ship I'm gonna be very upset.

Nora says

Really only the first 20 or so pages. Whenever I fly through a book, I know I love it, and I flew through this preview! This one is going to be even BETTER than the first! I can't wait!

Valerie Stegman says

super cute

aem says

definitely need to get the book to read the entire novel now!

Patricia Lundstrom says

Liked the steampunk part but had trouble keeping all the characters straight

Jane says

My only complaint? This ended too soon. Can't wait for the sequel!

Billie Milholland says

Engaging, good read, but not as compelling as the Parasol Protectorate.

Lindat says

Charming and witty. I liked the earlier ones better, but this is a fun read.
