Curves for Her Billionaire Doms Christa Wick

Plus-size beauty Casey Mack has gone from barely making ends meet to executive assistant at the hottest growth company of the last decade. The only problem is that she serves all three of the top executives, each as delicious and demanding as the other and all intent on having Casey in their lives, and their bed, forever. With the company on the verge of a research breakthrough that could change the world, their enemies will stop at nothing to take them down, including targeting the one woman who means everything to them.

BookBunny says

Kinda liked this one. Not keen on BBW themes to be honest. But, this was OK, nothing earth shattering, story line a bit contrived.

Jenny says

When I first started this book I thought I had missed something, but it was just the way it started. They moved fast and jumped right into the relationship but for some reason it didn't bother me. It's a good quick read.

Read says

Meh. Too short, too choppy, no real plot to speak of. It's really just an excuse for the sex scenes.

Lucretia Garrett says

I do love Christa Wick. She never fails to surprise and capture me with her quick little erotic tails.

Yajaira Melendez says

awesome book. Its one of my favorites love it. Should be on every ones tbr list

Valerie says

HOT!! This book is sexy and addictive from the first page to the last. When Casey is targeted, her three bosses, Hunter, Aldon, and Daniel keep her safe in their home. Soon, Casey realizes that their bosses feel more for her than she previously thought. This is a very sexy, very descriptive book but it's sweet at the same time. A Must-Read!!

Taz Will says

This one started off with action after Casey opened a letter having Aldon scrub her down. The story picks up

from there, you don't get much of a background just bits from flashbacks. In the end Casey is targeted because of her relationship with not just Aldon but also Hunter and Daniel, yes all three at the same time. Don't really understand why she was so "special" because you don't get into that much. But they have sex she gets kidnapped and more sex. That's about it for this one.

Marisa says

Fast pass book with no real story line. I felt because I started it I needed to finish it. When I finished - I wished I would have read another book instead (I wanted my time back).

Alicia Beard says

Book for you if you like hot sex and men in power!

Was great had a lot of sexy scenes, it had a good plot as well. Wished it was longer and maybe a series.

Sandi Ramirez says

I originally read this book in a collection a long time ago, in fact this is how I discovered Christa Wick. I decided it was time to read this book again and could not remember the collection's name but I remember'd the name of the book.....

Christa Wick sure has a way of writing erotica with curvy women in them. If you like to read menages you will LOVE this book.... add in a kick of kink and you will be in heaven. Casey works for 3 billionaires and little does she know but they all lust for her. They are Doms and they all see the inter sub in Casey as well as her lusty curves and virgin status....

Someone decides to get to the men and thus the business by going after Casey and that starts the ball rolling shall we say.

This book is very hot and heavy and it is not one you would read with someone looking over your shoulder unless you want them to get busy later. Great book!

Diana Rising says

I loved this story, which had a great blend of humor and sex. It is well written, and I love the way the backstory is given to us as the story progresses.

The story starts with our heroine, who works for 3 co-owners of a big business as their shared assistant, opening a letter with a threat and a powder that comes out of the envelope and gets all over our heroine. One of her bosses is there and takes action in case it is a dangerous toxin. Of course, that means removing any contaminated clothes, right? The sexual tension and humor is wonderful.

In order to protect our heroine, they take her to their shared mansion, and that is when she finds out they are

into some shared kinky stuff and that they are all into her.

Gabby says

[the kidnapper kissed the kidnapped heroine, after stabbing the dead corpse of her evil step-brother, over and over again! (hide spoiler)]

Book Junky Girls says

4.5 Stars

Yes it's a very fast paced read, but I loved it! Hot, steamy, short this one had a great under-story with allot of passion and 3 very intense hot Doms

FlibBityFLooB says

3.5/5 stars

Maddison Hoy says

I can't believe that's where it ended! Obviously he wanted her pregnant but it would have been nice to be a bit longer or even an epilogue for crying out loud!
