## **D-City Chronicles Book One: Aja and Ro** Annitia L. Jackson

Twenty- one year old Aja Lanae Masters has been in hiding for four years. She has lost her family, boyfriends, and her peace of mind. She has given up on a happily ever after because everyone she loves has either died or been threatened because of her. When she decides to come out of hiding due to unexpected circumstances, she meets a man just as broken as her. The attraction is undeniable but will her demons come to kill the new love that is developing.

Twenty- five year old Roland "Ro" Symir Casey deals in death. His whole world is killing, money, and revenge. He is cold- hearted and doesn't care about anybody but his family, his brother Raymond, his father Rodney, and his best friend Ace. He has no room in his heart for love or so he thought. That changes when he collides with Aja, Ace's little sister. When he's asked to protect her he finds his cold heart thawing. The problem is he has a situation with Tyesha and an even darker enemy. His anger.

"Unknown" She has always been mine and no one can have her but me. Many have tried and failed it cost them their lives. She is my angel and I will do anything to keep her.....

**OMG that ending!!**

This book was crazy!! From the first page, the drama started and the more I read the better it got. There were so many twists and turns, that you really had to pay attention. The characters are well developed and the book never lagged. I can't wait for part 2! This book is highly recommended.

D-Ciy Chronicles &

Picking up the pieces of her Shattered Soul & Hit Squad

This is my first read by this author and the series had so many plot and twist, that it is easy to get lost if you dont keep up. Having so many characters, it was challenging for me but this was a twisted, good read, and straight page turner for me. When secrets started coming out, they never stopped. One surprise after the other.

The character Tyesha stuck with me. She had some deep rooted issues that no child nor woman should ever have to deal with. She was pass broken with no hope, she just totally gave up on life. Lucky for her it was a man to step up to try and love her through it all. Well...2 stepped up?

Ro/Viper, this fool kept me laughing especially when Viper kicked in full beast mode

Aja, to put up with Ro ways, it's no way that you have it all upstairs. And trust me, she didn't!

It was a wild bunch, but these stuck out to me the most. I really enjoyed this read

#### **Need book 2 ASAP**

This book is a true definition of not to judge a book by its cover!! This book is ????? and can't wait till book 2. It has sooooo many twists, turns, secrets, and drama! It definitely held my interest from the beginning. Ro gotta get his Aja back and go on a killing spree to get her back!! It's so much i wanna say but won't cause I don't want to give it away.....READ THIS BOOK YOU WILL NOT BE DISAPPOINTED!!!!

#### **At least you tried.**

I like that you tried to have some twists. It's great that you have a plot at all. I swear plenty of these urban books dont. Ugh. This book was a mess though. I'm still going to support though with more practice and some professional advice I'm sure you will get better.

#### **Omfg**

This story is xooooo thrilling!!! Rodney's twin is rel sick bastard!!!He has been preying on Aja from a child and the sick part is her supposed mother has been the one Allowing it!!! that family is so damn sick!!!Tyesha and April don't even know there own identify being that they were kidnapped like wtf??? Man I hope Ro survives !!!Main got Aja messed up because she's not the lil naive girl anymore!!! I hope when he turns around Aja puts a bullet in his dome frfrfr!!!Kyra has me wondering if she's hiding Ace's son or was she raped by Main because he refers to her a lot??? Rodney better turn into that other person and lay down law!!!

### **Imma Booker says**

This was a decent read but I didn't feel connected to any of the characters for some reason. The whole mystery cartel thing with everybody somehow being related to everybody else in this criminal world where distrust is key, didn't rope me in. The things that were clearly supposed to make these characters endearing were more annoying than not for me. Not a bad read, but I don't think I'll go on to the sequel seeing that there are 2 more books in the series.

### **Rise says**

Whoa... my first read by this author and this book was truly a page turner. I was turning pages so slow because I didn't want to miss anything. So many secrets, lies and deceit where you can't trust anyone. April is devious and I'm looking for her to get hers. Tyesha is straight up nasty and she too will get hers. I found myself taking notes to see who is who in this book because so much was going on at a time. When you thought you had something figured out you go to turn the page and find out what you thought was totally not correct. Annitia I feel like you did you thing with all these crazy lunatic characters of yours. This deserves 5 stars.

### **Pamela Johnston Ward says**

#### **Lots of twists and turns**

This book is filled with twists and turns and will keep you guessing. Drama and more drama. The suspense of not knowing who the mystery person is will keep you anxiously turning the pages. He is definitely a sick minded individual. It also touches on mental illness, which is a subject that is often swept under the rug. More importantly, he got help for his illness. I would recommend this read. My only problem with it is the fact that there aren't any chapters. It read like one continuous sentence, and got confusing at times.

#### **OMG**

Hunny when I say you did the same thing with these crazy dysfunctional ass people.....I couldn't put this book down for nothing please hurry with book 2

---

## **BookPlugJai says**

### **Good read**

My first reading a book by you but it was good. I like the fact that you talked about mental illness and the person actually got help. The characters are relatable and likable. It's a lot of drama going on and sometimes hard to keep up but it's good. I can't wait for part two.

## **Yvette Waite says**

### **Confused**

This book was so confused and first of all there are no paragraphs in this book also so many unrealistic things happened in this book it's just one run on sentence after another from beginning to end hopefully the author did better if he wrote another book after this
