## **Dark Knights & Summer Daze** A.J. Davidson

Summer Daze thought she had everything together. College was a breeze to her, there wasn't a man in the picture to distract her from her goals, it was all about her. Graduation was right around the corner and nothing could knock her off her square. That is until a horrible tragedy happens and Summer starts to play detective, not knowing it would lead her down the same path and soon someone would be after her too.

Trench Knight is everything a woman could ask for. Handsome and charming, with a certified attitude to match, he pretty much had it all. What he didn't have though, was a woman to tame the beast within him. Coming from a rough background, for once he wanted to live his life the right way. Meeting Summer came right on time. What Knight didn't know was they have a common enemy and things aren't always what they seem to be.

Throwing caution to the wind, Summer falls for Knight faster than expected. But, regardless of how happy you are together there is always someone in the corner plotting to take everything from you. With Summers life in his hands, Knight has a choice to choose between love and loyalty. Will he end up being Summer's Knight in thugged out armor or will the tables turn and she realizes that even Knights can be your worst nightmare?

**Good read**

I really enjoyed this standalone..... The drama was on point and kept the characters interesting!!! I knew that Desire was a snake I mean she was pathetic wife her plot of revenge.... She took it out on the wrong ppl....She should have handled her trifling ass man was clearly community dick!!!! TK is a hot mess period especially with his shortage problems!! Overall this was Good.... Glad everyone got their happiness in the end!!?

**I really enjoyed it!!!!**

Dark Knights and Summer Daze is now one of my new favorite books! I loved everything about it. There was just enough drama, love, craziness, excitement and not too over the top. This was my first read by A.J. Davidson and I wasn't disappointed and can't wait to dive into the rest of her books!!!!

**Definite page turner**

This book was so good I couldn't put it down. It was full of twist and drama as well as laughter. Summer and Knight were made for each other. I had a feeling someone close to her was the one causing her problems.

**Gooooood book!**

This book had me wondering who killed Sunny and the twist really had me surprised! I am here for knight and summer relationship, they both are made for each other. Desire is that crazy friend we all have that don't care what comes out their mouth. Overall I enjoyed this book.

#### **Couldn't Finish**

This was my first book by this author and unfortunately i couldn't finish the book. I really don't have much to say since I didn't finish however after the scene with the brother and his girlfriend being intimate while Summer watched and ate dry pancakes I knew I was done. To each his own and based on the reviews and ratings this author is well received. Just wasn't for me...wishing nothing but growth and more success.

#### **Knight & Summer**

This was a really good standalone but there were some grammatical errors. It in no way took away from what the author was trying to portray though. You really have no idea who you can trust. Jealousy can make people do some crazy things without thinking of the consequences. It was good to see that Destiny was nothing like her sister & Summer had someone to help her through all the craziness. Marquise & the taki incident literally had me in tears...he is a straight fool. Overall it is a good book with a happy ending...for the most part.

#### **Great book**

This standalone was crazy from the beginning to the very end...some people just ain't be on loyalty at all...Summer and sunny was true friends and desire was disloyal as hell..Knight and summer really belong together she can control his craziness and he can make her happy..This was a very good rrad

#### **Five Stars**

This author gives us an excellent standalone. Complete with drama and some scenes that had me screaming out in laughter, this is definitely a Five Star read. Summer went through such that I didn't think the would ever shine on her again. Davidson created an unexpected hero in Knight. I knew that the drama revolved around Turk, I just know it was that deep. At end everyone got who and what they deserved. If you haven't read anything by this author, I recommend that you do starting with this book.

**Good read!**

I kept going between TK and Destiny on who was behind everything! I never thought about it being Knight and I was getting tired of her accusing him! I even suspected her oldest brother until he told why he felt guilty! Once again you didn't disappoint I can't wait until the 12th for your next book!

**Now..that's how you tell a story!!**

This book was so good because besides being a great love story, the surprises and twists caught me as an avid reader off guard. Love the flow and pace of the story. Summer pissed me off time and time again, but I get where she was coming from. Marquis and Tameka were Crazy as all get out, glad he moved on. The snakes were a surprise, but Justice was served. Great read can't wait to meet Ghoul next!!

**An awesome story sort of a mystery**

This was a good book i thought Destiny killed Sunny & was trying to kill Summer bc she was jealous of Summer & Sunny had sex with her ex. This was truly a mystery & i'm glad the truth finally came out. A.J.Davidson u out did ur self with this one it was really good from beginning to end it was very well written & kept me guessing

**??????????**

This was a good book! It's crazy how everything came out about Sunny murder. Glad they took care of the people responsible. I can't believe Desire, she was just to dumb. Summer was crazy bad didn't play any games. I loved Knight for Summer, they made the perfect couple. Marquis was a hot mess, I can't believe what he did with those Takis ?? Every time I see a bag I'm going to think about that????? Another great read.

**Do Not Waste Your Time!**

When I chose a story it is with the impression that I'm getting something that's worth my reading time. Well what I got was a hot mess! This was the most juvenile story I've ever read. I mean I don't care how close you are to your siblings that situation just doesn't happen. Also I don't know what world we're living in when we're discussing an attack on someone like you asking what the weather is going to be like. This story had a few moments but even they were overshadowed by all the ridiculous drama. I can't say enough about how bad this story!

**Man what**

What in the world did I just read. I'm still trying to wrap my head around all that. I'm sorry but Knight was one of the most unstable human beings I've ever read about. He had me in tears. I figured out one part of it! But that other mess I never saw any of that coming. Talk about plot twist! This book was outstanding.
