**Forget Me Not (A Thrilling Suspense Novel) (Summit Lake Thriller Book 1)** Kristen Middleton  
A psychological thriller written by NY Times Bestselling Author, Kristen Middleton.

## **You'll pay for what you've done...**

When a deranged lunatic starts targeting single mom, Amanda Schultz, with threatening letters and "presents" on her doorstep, she turns to the police, who offer advice but no real help. At the mercy of a psychopath, Amanda realizes she's in a game of cat-and-mouse, where the killer keeps changing the rules and the winner... is the only one left standing.

For fans of Nora Roberts, Sandra Brown, and Linda Howard...

Language, violence, and adult situations. - Warning - reference to sexual abuse but no graphic details.

## **From Reader Review Forget Me Not (A Thrilling Suspense Novel) (Summit Lake Thriller Book 1) for online ebook**

**Angel Graham says**

I admit to skipping ahead as this book just really dragged itself along.

---

**Linda says**

**Forget Me Not**

I enjoyed reading this book. The characters were interesting and the plot was intense. But this book had a ton of typos and grammatical errors. Whoever proof read it only ran it through spell check.

---

**Deb says**

WOW!! THIS IS AWESOME!! I COULD NOT PUT IT DOWN AND HAD TO FINISH IT IN ONE SITTING!!! EXCITING, NAIL BITING AND SO MANY SURPRISES!! I HOPE TO SEE MANY MORE BOOK IN THIS SERIES!!

---

**Kathleen Quinn says**

**A keep you guessing mystery**

This book had characters that were very likeable that you wished the best for. The plot was tricky with twists and turns that were unexpected. I'll definitely read more books by this author.

---

**Joann Gogots says**

**Great suspense,quick read.**

This is the third book by kristen Middleton, I have read.It does not disappoint.A book that you can not put down.I highly recommend it!

---

**Dr. Simone J. Simone says**

**Really scary!**

This book was nerve-wracking all the way through. The plots was set up well, and the characters seemed quite real . I want to read more of this author's work

---

### **Sandra Scercy says**

#### **Outstanding Suspense!**

Outstanding book. From the very first page I was intrigued. The suspense kept me up past my bed time because I couldn't stop reading. I swear if I ever hear someone sing Pop Goes The Weasel I will totally freak out lol. Great story Kristen, can't wait to read your other books. You should DEFINITELY write more about Summit Lake.

---

### **Nancy Silk says**

#### **"Deranged Stalker Mystery Thriller"**

This is a terrific psychological thriller to captivate you. A crazed lunatic targets single mom, Amanda Schultz, with letters and gifts on her doorstep. She calls the police who only offer advice, then the cat and mouse game begins. This is for adult readers because of language and violence. It's a thriller I couldn't put down. If you read it at night, you'll not be able to sleep! Highly recommend.

### **thelma says**

#### **Great book and I loved.all.the characters they were great!**

It was excellent and amazing what you would you do for your loved ones and the ending was big surprise and I enjoyed it!

---

### **Subhajit Das says**

It was an intense and hooking read for me I must say. The twisting yet engaging plot with different shades of characters to reflect are the main USP of the book. I actually quite in fond of psychological thrillers and the story it contains, I'd definitely recommend.

---

### **Crystal L Damewood says**

#### **Not that great of a read...**

The dialogue between the characters was different. I can't say I'd recommend this book. It is thrilling but not an intense page turner.

---

### **Lady Delacour says**

An un-rememberable story  
with a strange writing style  
and an immature over use  
of he said, she replied.  
Listened with TTS.  
Clean with Foul Language.

---

### **Constance Fournier says**

#### **I never knew**

I didn't know until the very end "who'd done it." It's rare to find a book like this; one that you have no clue as to the culprit. I made a couple of guesses but I was wrong. You've probably already read a synopsis so I don't need to go into it. But... will they stay at Summit Lake if they live through the horror? I wouldn't!!

---

### **Mary says**

This one was ok. I don't know. Amanda was kind of a moron and everyone talked so much about nothing. It made no sense to me, she inherits a gorgeously amazing cabin fully furnished and the first day she decides to organize a garage sale and get rid of everything. WTH? She hadn't even decided whether she was keeping the home or not.. And have the electricity turned on, for God's sake. While I enjoyed the scenery and some of the characters, this book missed a lot of the marks The last few chapters were more ridiculous than thrilling and I was rolling my eyes til my contacts dried out. And am I the only reader who realizes that a recovering alcoholic shouldn't be offered, or accept, a wine cooler? Yeeeeeeesh. First (and possibly last) from this author.

---

### **Cherie says**

#### **Great book!**

I really enjoyed the storyline, and although I figured it out it still kept me on my toes until the end.
