*The Lord is my shepherd, I shall not want.*

Those were the words spoken at his beautiful young bride's graveside, but Gabriel Getty found they held little comfort for him. At twenty-seven, his life was over: his wife and unborn child gone, his career as a lawyer ruined, his hopes dashed. Then, in his darkest hour, he found Solace.

*I will fear no evil, for You are with me.*

She was full of life, energy and daring. Solace Monroe was a writer of dime novels, a horse trainer, a rider in a Wild West show, and she didn't seem to be afraid of anything. Not until a rival was murdered, she was accused and all society shunned her for the very individuality Gabe loved. This time he had the strength and knowhow to protect his woman; this time he would have faith that...

*Surely goodness and mercy will follow me all the days of my life.*

#### **Gabriels Lady**

This is a very heartwarming story of tragedy but also the love of family making everything allright again. There was a strong love between parents and children, between sisters, between good friends that made the story a great one. Submitted by Marge Shults.

#### **A homespun story full of love**

I enjoyed this story very much, as the characters were depicted so well. I could picture many of the events in this story as quite logical or similar to those that could happen in any blended family, but the love the characters showed each other made the Story. A great family read.

### **What a wonderful display of courage and inspiration**

I enjoyed this fourth book in the series as well as seeing the growth of the characters in the series. I hope there will be other books in this series so I can see what happens to the other Malloy children.

Charlotte Hubbard has woven a beautiful story about a "mismatched patchwork" family who have all, at one time or another, managed to come to the conclusion that their parents faith and strength is needed in their life also. Mercy and Michael Mallory have set an example for their family by living their faith for all to see, therefore, letting their light and love shine for others in all their trials and tribulations.

I have laughed, cheered, gotten angry and cried while reading this amazing inspirational series and look forward to reading more books/novels by Ms. Hubbard.

If you enjoy clean, sweet, historical romance, with snippets of real people and places, you will love this series of books by Charlotte Hubbard. Happy reading, and thank you Ms. Hubbard!!!

#### **Gabriel's Lady (Angels of Mercy)**

And so the story continued. Love, the desire to try new things, a possible murder, and the love and trust of family. Beautiful story, beautiful writing.

I enjoyed this book. It's book four of a series, but I haven't read the other three. It's fine as a stand alone. I could tell there was a back story for this novel, but this book made the past clear. I liked the two main characters as well as the rest of the people.

I find all the mystical things really hard to swallow. The stories are good, but they should not be listed as Christian. Dead people talking to live people from the grave? Really? I must say I'm disappointed at how the story is categorized.

#### **Great read**

A beautiful love story. This demonstrates the saying "To thine own self be true". We are all products of our own personal history and this book certainly shows this.

**Joyce Baker says****Great story taking back to the 18 th century.**

This is the 4 th book I 've read of the series. Just plain wholesome enjoyable stories of a family and how they came together. Along with what was going on in lives. Including solving a murder.

I dont know how to articulate what this book made me feel. So uplifting to see the love an adoration for family, friends, and the lord almighty. This is the only book i have read in the series and i enjoyed it all. The good values, the ups an downs an how to turn it over for the good lord to lead you down your path. Solace and Gabe have a connection since she was 11. Even at 11 Gabe could see the women she would be an he praised her for her own thoughts an standing strong on the decisions she makes. I recommend this book if you are looking to cleanse your soul an reconnect to the bible

We loved the lives of each character and how they wove into each other. A real Christian family story. You will want to read it again.

Gabriel is getting married at the beginning of this book to a fragile woman who passes away years later. His marriage had to deal with his wife's death and the problems she had. Her Mother interfered on a daily basis. After her death he had to make a lot of changes to his life. These changes brought about different way of life and he renewed his friendship with a young girl he danced with at his wedding. You need to read this book for the full story to unfold and bring both of them peace and happiness.
