Handled Angela Graham , S.E. Hall

Nothing makes my cock stand at attention like my lil' Firecracker.

She thinks she can hide behind that sharp tongue and those succulent pink lips, but it only makes her taste all the sweeter.

I can't get enough...if only she could say the same.

Red Cheeks Reads says

I seriously could not wait to get my greedy book loving hands on Handled! I have absolutely fallen in love with the dynamic writing duo that is Angela Graham and SE Hall. I have loved all of their previous erotic shorts that they collaborated on as well as all of the novels that each one and has written on their own. So, basically, I am a huge fan of both authors, individually and together. If you have not checked out their work, you must!

Handled did not disappoint. Once again, these two managed to surprise me with their unique sense of story telling and comedy. Vaughn is a sexy, alpha, dirty talking, ridiculously funny, trucker and I kinda fell in love with him.

“I’m starting to think all this mouthing is your foreplay. I bet if I shoved a hand in your panties right now and stroked that snug little pussy, it’d be soaking wet for me.”

Yeah, Vaughn made me blush and I loved every second of it.

Paige is just as entertaining as Vaughn. She is feisty, outspoken, and kind of crazy. She has a gun and she isn’t afraid to use it.

“There’re two times men don’t lie: when they’re coming and when they’re about to come,”

Together they are a big heaping pile of hot-mess and hilarity. Wow, I really enjoyed this one. These erotic shorts just keep getting better and better. I cannot wait to see how S.E. Hall and Angela Graham top this one. Oh, and beware, folks! This one has a huge cliffy, but no worries, Handled Part 2 comes out October 28! Not long at all!

“Come back.”

OK, the writing was passable, either that or I'm too drunk to understand it. An acquired taste maybe!

The heroine, Paige, who we learn nothing about other than she's a bitch, starts off giving a BJ to a man who calls her another woman's name. Cut to scene, she leaves town to live with her cousin and meets Vaughn. Vaughn after talking to her for approx 2 minutes gets her a job at a truck station.

They have lots of hot sex, strange conversations and then of course we have a cliffhanger. **Thank fuck it was short.**

I was given a ARC in exchange for my honest review.

What can I say? this book is probably the most sexiest, most hilarious thing Angela and Steph have wrote. It was amazing and panty melting. I laughed non stop and it was one of the best things I have read and read by the pair. Vaughn is sexy as sin and I want him. He is MINE!!!! loved every single second. These ladies blow me away.

I think everyone is going to love this.

`` I like that mouth of yours. Let me know when you want to do more than just run it.``

`` How many times did you skip health class exactly? Pumping yourself and screaming my name? That`s not fucking.``

Funny, sexy!! Loved it....minus the cliff hanger!!!!

Loved the wit in this book. The humor and erotic scenes were spot on. Will definitely read the next one.

2.5, understanding its a quickie didn't really care for the story flow nor the cliff hanger. Did think that Vaughn had promise, might have been better for me as a whole book. Won't be reading the 2nd book.

I love when these two authors work together. Handled did not disappoint!! I loved it! A sexy quick read, dying to know what happens next!

FYI book does end on a cliffhanger.

Lindsey Brooker says

Loved this little shorty. Although I wish I would have waited closer to the release date of 2. A trucker is a first for me.

I did not see that coming!!! When is part 2 out!?!?

By the way.... Vaughn Stone....

S.E. Hall and Angela Graham have teamed up for their third erotic quickie. The first two were Stirred Up and Packaged. Handled is being written in two parts and when combined will be a great long novella length story.

It's hard to say without reading Handled, part two yet, but so far this is shaping up to be my favorite of the quickies by these two talented authors. On their own, they write sexy and funny stories and together, the fun is multiplied!

Handled does contain characters from Packaged and although it is a stand alone, I would recommend reading Packaged first if possible. Otherwise, there will be some spoilers if you want to go back and read Packaged later.

The dialogue is witty and sexy. Character development is very good for a novella. Vaughn is a sexy beast with a dirty mouth and I can't wait until part two because I have a feeling he has a more sensitive side as well. Paige lives up to her nickname of 'Firecracker'. She's feisty and quick witted. Try as she might to stay away from Vaughn, she can't help but be drawn to him. Who ever thought truckers could be sexy?

I'm glad part two will be out soon because I'm dying to find out what happens!

Look. At. That. Cover.

I don't even care if it's 250 pages about showerheads and tile grout. This book will be mine.

Omg, I got a kick out of these characters. I love Paige. She is funny, and quite entertaining since she has no problem speaking her mind. And her inner monologue could be considered a separate character all its own. This witty banter that she has with Vaughn is just exciting. I really did laugh out loud about some of their conversations. And lets face it, Vaughn is just as interesting as Paige. With his wit and teasing he is a perfect match for her verbal blows.

She has a past that I really want to know more about, but I am willing to wait to find out what that's about. However, something I can't wait for is this next book because that is perhaps the biggest, wildest cliffhangers I have ever read!! I literally yelled at my computer that that can't be the end. I was just so wrapped up in this short story. I wish it was longer to be honest. I just hope I don't have to wait too long to know where it goes from here.

I personally recommend that if you enjoyed this book for all its wit and humor that you may also like the books in the Wallbanger series. Those characters are as equally entertaining in many of the same ways as Paige and Vaughn.

Challenged by a fellow book friend, I picked this shortie up.

The prologue made me laugh, and set the scene for the entire read...sex, sex & more sex. Now, I'm a big sex fan, but it has to be engaging and wrapped around a good storyline. This is where I felt this book fell a little short, especially as Paige and 'Jawbreaker' Vaughn appeared to make quite a good double act throughout.

Hot

this was a quick hot read.. the ending was quite the cliffhanger, I needed the next book in my hands. great read.
