## Highland Werewolf Boxed Set Terry Spear

The *Highland Werewolf Boxed Set* contains the first four books in Terry Spear's Highland Werewolf series.

In *Heart of the Highland Wolf* a modern werewolf laird and a beautiful red female werewolf enter into an intrigue involving the laird's secretive clan, an ancient relic, and a romance novel. Has this wiley female met her perfect hero?

In *A Howl for a Highlander* the driven Duncan MacNeill has left his highland home to chase a thief into a tropical paradise. When he meets lone wolf and botanist Shelley Campbell on Grand Cayman Island, he'll discover just how tempting paradise can be.

Scottish Cearnach MacNeill and sexy little American werewolf Elaine Hawthorn collide, quite literally, on a foggy Highland road in *A Highland Werewolf Wedding*. Now they're stuck with each other while they wait for help to arrive, and it's going to be a delightful, steamy and devilishly funny wait.

She's never been to Scotland, but when werewolf Colleen Playfair learns she must spend a year and a day in the highlands learning to manage her new estate, she's up for the challenge. But she did count on the stubborn Grant MacQuarrie whose clan has been managing the castle for the last three centuries and will do anything it takes, including taking Colleen to bed, to convince her that nothing needs to change in *A Hero of a Highland Wolf*.

"Spear combines captivating characters, gripping mysteries, and all-consuming love stories." -*Fresh Fiction*

"With just enough wolf detail and werewolf lore, this action-packed story crackles with mystery, adventure, violence, and passion." -*Library Journal*

"Romance, adventure, and a paranormal twist...If you like your werewolf stories with a bit of a bite, then pick this series up now." -*Night Owl Romance* (Reviewer Top Pick)

**Great, Wonderful, Fun**

The first three books are about the oldest(pack Alpha) and the two youngest of quadruple brothers and the fourth about a friend, alpha of a different pack near them. All four of these high handed highlanders run up against American alpha female wolves. Each realize they need their wolf in their lives forever but since they have voiced not needing or wanting mates they must each convince their mates that they do want and need them. So four great stories that have crossover friends and family.

#### **Box set**

I loved the three stories of the MacNeills clan and the American wolves they mated. And of course all the troubles these women caused the men. The last story about Colleen Playfield from America, had to spend a year and a day at Farraige Castle in order to inherit the castle. Grant MacQuarrie and his brothers and pack have looked over the castle for centuries and proud of the fact. Their story is also so good. I would highly recommend this to everyone who has not read it yet. I had stayed up many a night because I wanted to know what was happening next.

**Michelle Campbell says**

Good writing, engaging story ideas, but very predictable. Each follows the exact same plot. And the word "hot" is way overused.
