Mafia Daddy Jane Henry

Dante: She's Cinderella, but I'm no prince.

I'm son to the richest bastard in Vegas. Heir to the throne under one condition: Find a wife, or I'll do it for you.

And I found her. But she is too good, too innocent.

I'll ruin her, but I can't let her go. I lose my mind when she calls me daddy.

When the clock strikes midnight, the party's over. She better run, or my darkness will take over.

Gabriella: Meet me at midnight, he says.

My life is work. I promised my father I'd care for my stepmother and stepsisters. I don't have time for anything else.

Then I meet Dante. My Prince Charming. I forget everything but him.

When the clock strikes midnight, the party's over. Dante is hiding the truth from me, and his dark past could destroy everything.

As little girls..we all dream of stories that Jane Henry creates! Well...minus a few details! It is true that we all dream of finding the prince charming to be our equal..save us from whatever we dislike about our lives and create a happy life with us! I believe that's why Henry's stories are so loved. She gives us hope and inspiration! Mafia Daddy was the second book of hers that I read and loved! Her stories are just so beautiful!

Gabriella is the "Cinderella" of this story! After her father dies..she is forced to live with her mean step mother and two step sisters! In most ways, Gabriella was completely oblivious to the harsh conditions she was made to live under. That is..until her prince arrives!

Dante is the heir of the mob family in Vegas..seen and done it all! His heart is practically ice..until he sees her!

Henry is recreating all of these fairy tales in the best way possible! I can't wait to see what she brings us next!

Classic Cinderella With Heat!

“Mafia Daddy” is a thoroughly enjoyable and totally original rendition of the classic fairy tale with one caveat, it’s for adults only! With Vegas as the backdrop, Cinderella stumbles upon her Prince Charming and the naughtiness ensues. Professionally written with engaging characters, the story includes an evil witch of a stepmother, step-sisters you’d just love to slap senseless, a hotter than hades mafia crime lord and of course, the sweet innocent Gabriella. Follow this couple on an incredible journey from lust to love with a few twists and turns along the way to find out if they obtain their happily ever after. “Mafia Daddy” is a standalone story with no cheating, very mild discipline and a gruff but tender Daddy Dom who is so eager to please.

Children 18 and over only!

I wish I could give this book more stars. If you love fairytales, this is a MUST read. I tried to pace myself to make it last, but alas, I failed and read it in a night. Jane Henry turned the overdone story of Cinderella into a fresh new one. There is nothing boring about it. This is a stand alone in Ms Henry's Fairytale Daddy series. I love the little hints at the original fairytales that you find throughout Mafia Daddy. Do not miss this book!!!!

Opposites truly do attract. Gabriella is a sweet girl, who just wants to be loved. Dante is the rough, bad boy. He is a son of the mafia leader and needs to find a wife. To please his father he promises to pick anyone, but he then finds Gabriella. She is not the type of girl who his father would accept. Secrets, lies and stolen moments fill this book with suspense and drama. Mafia Daddy is a truly capturing love story.

Dante Villanova's son and heir to the Villanova crime family in Las Vegas. Only Dante's no Prince Charming. He's done heinous things. He's had no choice. That doesn't mean he likes what he's done or himself for following his father's orders. Dante checks out, seeks temporary escape. To where? He doesn't care! Gabriella Madison isn't having much luck either. She's on her way to a concert with her stepsisters when they ditch her. Just dump her, in the middle of nowhere, no car, her phone dead. The last straw? Her flip-flops break! And that's where Dante finds her, hobbling down the road. He can't help but stop. She's so beautiful, innocent, trusting. He knows he's the last person who should help her. But there's something there, a draw so magnetic, so inexplicable, so incredible. Before he knows it, she's on the back of his bike, and they're roaring down the road. Dante doesn't want his tainted life touching her so he tells her nothing more than his first name. Gabriella's just as secretive. It's obvious Dante comes from money. She has none. She works 24/7 to keep the promise made to her father: take care of her stepmother, her stepsisters. Although her life's filled with cruelty and hatred, she has no choice either. Then the hammer falls. Dante's father issues an ultimatum. If he's to remain heir apparent, he has to marry. If not, his cousin will inherit. Dante wants nothing more than to abandon the life he hates, but he knows he can't escape. He also knows he's bad for Gabriella, but he can't stay away. He won't involve her in his life. He has to do what his father's ordered. A few short days are all he has left. Then he'll have to leave Gabriella in the past and walk away. But nothing's as it seems. Secret motives, hidden agendas are everywhere. Is anyone truly who they appear to be? When the fateful night finally arrives, Gabriella's given a chance to make a difference. Will she take it? Can it make any kind of difference? What can a poor girl with a truckload of trouble do for a rich, handsome son of a mob boss? Is it even conceivable for Gabriella and Dante to break free? Could there truly be magic? Nothing is certain except there's danger everywhere, and everything could end, forever, at the stroke of midnight.

Jane Henry has a very special talent, and I absolutely love every book she's written! She's once again taken an iconic fairy tale (this time Cinderella) and transformed it into a dazzling work of fiction that is totally captivating. It's enticing, delectable, dark, inviting, and very erotic. The combination of action, adventure, good, evil, Machiavellian schemes, and erotic romance is absolutely enchanting in its detail and ingenuity. This is no Disney fairy tale, but it works so very well. I'm beyond impressed! I was enthralled from the moment I started reading and literally couldn't put this down. To give Mafia Daddy anything less than five stars would be criminal. Thank you, Jane Henry, for such a beautiful, rare, imaginative, and thoroughly captivating read. You've surpassed yourself once again, and I can't wait for more!

One final note. Please be an informed reader and consumer! This is an ADULT book. It contains explicit

language and sexual scenes. If you don't enjoy this genre, think hard before buying any book you know you won't enjoy. There are book synopses and reviews available on Goodreads and all booksellers' websites. **USE THESE RESOURCES. DON'T LEAVE A NEGATIVE REVIEW WHEN YOU KNOW YOU WON'T ENJOY THE BOOK. IT'S NOT FAIR TO THE AUTHOR!** She works extremely hard to provide a quality work product. If you know you'll object to the book's subject matter before you buy it, you're doing yourself and the author an extreme disservice.

Thanks for reading my review and happy reading!

I was offered this book to read on Facebook. I loved this book. It had all my favorite things in one package. The Heroine was sweet and funny and so innocent. But she had a backbone of steel and it made me just love her.

Now Dante was all Alpha Male. He was kind of confused at the beginning but that did not last long. He just didn't think he was good enough for her.

This story had a very good plot and I just loved it.

If you love a Sweet young Heroine and a Bold mafia Alpha that goes after what is his?? Then this is the book for you . I recommend this book to all my Safety Girls.

WHERE THERE'S A WILL, THERE'S A WAY

OMG, this book was unputdownable, and I read it from beginning to end without stopping for anything. I loved the characters, the angst, the interaction, the secrets, the protection, and especially the dominance of Dante and submission of Gabriella. Once again, Ms. Jane Henry has brought a story to life, a Cinderella type tale with that extra zing of a Daddy Dom/little girl.

The demands of the Villanova family upon Dante have become even more overwhelming. Now, he is being told he will pick a wife, or one will be chosen for him. The plan is to invite all the single woman from wealthy families to a masquerade ball, and he is to choose his bride. Thirty years old, but has yet to met a woman who makes him want to settle down. A trip on his motorcycle away from Vegas was to clear his head, not meet the most innocent of young ladies.

Gabriella is the sweet, accepting girl that has a cruel step-mother and two self-centered step-sisters. Once again, they ditched her in the middle of nowhere to accommodate friends. Now she is walking along a highway, no cell phone service, and then her knight in shining armor arrives on a motorcycle and rescues her. Gabriella is twenty-one, never dated, and has no life outside of her step-mother's bidding of running the family restaurant from open to close every day.

While this is a modern day retelling of Cinderella and Prince Charming, our Prince is not always so charming in real life. He is the Prince of the Vegas mafia family and has been in deep for years. He is overwhelmed with the simplistic approach that Gabriella takes to what has been her life. When she speaks of her mother and father, it is with love and fondness. Even with all Agatha and her two daughters do to her, she really doesn't complain. The sweet, Ruby, a wealthy widow is her friend and confidant.

The story will take several twists and turns of the good, the bad, and the ugly of people. When Dante rescues Gabriella, and then they must take shelter during a severe thunderstorm, he will unleash his Daddy Dom persona on her when she melts down. When her response is positive to his sternness, he will take things further. "I like knowing you'll do what I say. I like control."

How will Dante protect her from his own family? Gabriella is naively sweet and innocent and doesn't fit in with his ugly world. He knows what is expected of him from his father, but he isn't ready to give up Gabriella. How can he have what he wants and meet the needs of his family too?

The story will take on the classic Cinderella tale with an erotic twist that includes explicit sex scenes, spankings, and dominance. "I love it when you take control. When you spank me."

I hate the Daddy thing, but it's in the title, so I can't hold it against the story. However, I can say that a 21 year old woman could be a bit more adult-ish.

Putting that all aside - I knew what I was getting - and I think that the story was wonderful. I really liked this adult Cinderella fairy tale.

Love this absolutely sweet kind of book. The hero was a total alpha male toward the heroine. The heroine was a little bit naive and innocent.

Nope. I just love Cinderella story and this book bring me the better version. The dirtier one.

You know what I mean ;-)

Let me start by saying this was my first book from Jane Henry and my first Daddy book ever and it did not disappoint. This book was amazing such a twist to a great fairytale. I loved every minute of it. It was well written and it gives you that dirty fantasy feel. Being my first Daddy book didn't know what to expect but I

really enjoyed it. Will definitely read more of this Daddy's books.

Dante is a hot, alpha male and the next in line to be the head of the Mafia in Vegas. Did I mention he was HOT!

He meets a sweet girl Gabriella and he can't help but to want her and fall in love. But what happens when he wants to keep her away from his life keep her safe. And now he needs to find a wife, orders of his father. But Dante doesn't want any of it but family is family and he needs to leave Gabriella behind. Would he do it!?

Gabriella, a sweet girl that lives with her stepmother and stepsisters, she is content with the way she lives.

She is practically their slave has no life and needs to follow order. But she doesn't mind she has no one else in her life so she puts up with it. When Dante saves her from the side of the road is like she found a Knight in shining armor only she really doesn't know that this knight is a dark one. What would happened now.

This story is such an amazing re-tale of a classic that I enjoyed so much. It's fun to read, it makes you giddy inside and is steamy hot.

5 stars read for me!!

I read an ARC and here is my review*

I absolutely loved this book. If anything i thought it was even better than the first in the series.

Dante is the son of the mafia Lord. Hes not happy where he is at, after another meeting with his father he needs to get some fresh air so he takes his bike and goes for a ride to forget for a bit.

Gabriella is living with her step mother and her two daughters. She works as a waitress at a Dinner her step mother owns. She has gone out with her stepsisters to a concert, but they have ditched her and taken someone else in the car with them, which leaves her to walk home.

Dante comes across Gabriella and takes her to a hotel as a storm is coming, there they get to know each other, Dante and Gabriella like each other alot and soon have to take to steal precious moments alone.

Back at home Dante is given an ultimatum marry or they will pick someone for him, so a party is arranged and only people in the business and associates are invited.

This book had me reading all night long, just wanting to see what was happening anticipation , but let me tell you its not a book that you can think you know whats going to happen because you cant. Thats another thing i love about this is that theirs

always different outcomes and its brilliant

This book has elements of BdsM so if you like this sort of book please purchase.

This is my first Jane Henry book and I loved it. I loved both characters and the Cinderella aspect of this story. I could not put this story down. Dante is a strong alpha male that brings every wish you have on a male to light. All he needs is a strong woman to love and understand him. And he just might have it in Gabriella. Although Gabriella feels like she isn't strong enough to do much she has all the power when it comes to

Dante. I love the power exchange with these two, in and out of bed. Great book and a real must read. I voluntarily read an advance reader copy for my honest review.

Received an ARC for an honest review.

The story is a sexy retelling of a Cinderella story. Gabriella is as innocent as they come. She is mistreated by everyone in her life. After the death of her father she is left to live with, you guessed it, her stepmother and two stepsisters. One day she is left on the side of the road by her stepsisters with no ride and a dead cell phone.

Dante is the heir to the Vegas mafia. In order to take over his father's empire he needs to marry. Tired of his life and the obligations he is under he decides to take a long drive and comes across the distressed Gabriella on the side of the road. Her desperate situation and her easy going smile has Dante intrigued.

Upon spending time with one another they discover Dante is no Prince Charming, but Gabriella could very well be his Cinderella.

Rhonda says

What an awesome twist on a classic fairytale. Dante is the heir to a mafia family but wants no part of it if he's honest with himself. He finds himself on his motorcycle at night and stumbles across Gabriella working in a small restaurant. She works for her step mother and her two step sisters work there also. When Dante's father tries to tell him he needs to choose a bride and settle down, he balks at the idea. The more he sees and talks to Gabriella, the more he wants. And it really turns him on to hear her call him Daddy. Is he really going to go with this? While he doesn't want Gabriella pulled into his family, he can't seem to leave her alone. Party time and secrets are revealed and decisions must be made. Will Dante want to keep Gabriella and will she want to even stay with him? I loved this book and am really hoping that Jane Henry will do more twisted versions of fairytales. You don't want to miss this book.

I absolutely loved this modern day Cinderella story. Dante would make any red blooded woman swoon. The story focuses on the growing relationship between Dante and Gabriella, while both their families play havoc in the background. After Dante saves Gabriella one night after being stranded by her two stepsisters, he knows he can never let her go. Dante has his own demons, his entire life already mapped out by his father, a career he does not want. Dante's girl is so innocent but with so many fears, can he gain her trust while helping her face those fears. Despite coming from different backgrounds their love conquers

all. She was his precious gift while he was her protector, her daddy. What evil was hiding in plain sight, does Gabriella have her own fairy godmother to save her from her wicked, evil stepmother. Gabriella brought out the good in Dante, can he erase his past to pave a way for a future with Gabriella. This book left me breathless, I was on tender hooks, cheering for a happy outcome for Dante and Gabriella. The author has a ability to draw you in from the first page and has a unique way with words. This love story delved deeply into the characters thoughts and feelings, they were realistic and believable. The plot includes romance, danger, evil, steamy sex, spankings and unconditional love.
