Naughty or Ice

Sylvia Pierce

Naughty or Ice Sylvia Pierce

“You’re wearing mistletoe panties, princess. Where was I *supposed* to kiss you?”

Eva Bradshaw used to have standards. But with Christmas around the corner and a six-year-old daughter to feed, there’s not much the former Olympic figure skater wouldn’t do for some extra cash, even if it means violating her hard limit: hockey players.

Like the filthy-mouthed, sex-on-skates hockey god who’s about to slide straight into her penalty box...

NHL center Walker Dunn has been stuck on the injured list for months. So when his trainer springs for some one-on-one time with a beautiful woman, Walker’s more than ready to take the edge off... until he realizes the ice princess with the perfect ass isn’t there to handle his stick. She’s there to coach him back into action—whether he likes it or not.

Walker puts the cock in hockey. Eva’s a champion ball-buster. Hate-f*cking their way onto Santa’s very naughty list might be their only shot at settling the score.

But falling for each other? Never. No way. Not a snowball’s chance in hell...

Magpie67 says

HEA with some steamy sex. An actual storyline with some flavor of realism and life getting in the way. Two individuals who probably would not have met, if the car accident had not happened. Fate? Mistakes on both sides put them odds, but love wins the battle to warm the coldest hearts. It's winter and I love hockey so, I gave the title a chance. I will check out the other two titles (his two bestfriends on the team) plus a few more by Sylvia Pierce.

Sheryl says

4.5 stars

Alex ? says

My first review in 2017 and I wanted it to be a positive one :-)

Sweet love story, likable MCs, cute kid.

A bit much of hockey, but not boring.

Believable and without unnecessary drama.

Safe!

I will read more by this author.

Robin Geary says

Great start to the Buffalo Tempest Series. Not really a hockey fan but I love my sports romance stories.

Walker Dunn star center of the Tempest but currently struggling to overcome injury from a car accident. Not only is Walker injured he's Carrying the weight of his family finances too. Enter Eva Bradshaw ex Olympic figure skater to turn his world upside down. The heat between these two is immediate and lasting and you can almost hear the sizzle.

Blue says

2.5 stars. Nice writing style, however very predictable storyline and a bit on the cheesy side for me.

Tami Talbert says

WOW! Sylvia Pierce has scored again! Naughty or Ice is fantastically sweet, steamy and oh so sexy. She has

once again delivered a story replete with heartwarming and set-your-blood-on-fire romance. I'm totally in love!!

Eva is an award winning Olympic skater. But when her life took an expected turn five years ago, she made the decision to give it all up, and she'd do it again in a heartbeat. But now dealing with a domineering and overbearing Mother as well as with bills piling up, she has made the decision to return to the ice – but this time to the one place she promised herself she'd keep her distance from: a hockey rink.

The most important thing in Walker's life is hockey. But after suffering a serious injury, he is forced to remain on the injured list until he finally heals which doesn't seem to be happening as quickly as he prefers. So when his trainer decides to hire a woman to help re-train and get him back on the ice, the only thing Walker has on his mind is getting her into his bed. But Eva is not there for any other reason than to get him off the bench. Walker and Eva are quickly entranced with one another and the sparks between them quickly begin to fly. But when hurts from the past as well as secrets get in the way, will their relationship quickly come to an end or will Walker and Eva be able to make it over those hurdles and find together the future and happily-ever-after they both deserve?

The connection between Walker and Eva is incredibly provocative and sensuous. You can practically feel the heat flowing page after page from the moment they look into each other's eyes. And the inclusion of Eva's little girl, Gracie, was an absolutely magical addition to this story. Another success for Sylvia Pierce. *Naughty or Ice* was outstanding.

Sandee Robison says

Unexpected

I loved this book. I had no idea what to expect from this author, this is my first book from her. I bought it on a whim because I'm a sucker for sports romances, especially hockey. I am so glad I took a chance on it. I loved the characters and want more of them. Roscoe and Henny need books too. I highly recommend this book and I will definitely be reading more from this author.

Crazy for Books (Stephanie) says

3 Princess and The Hockey Guy Stars

Evangeline 'Eva' Bradshaw has had it tough for the past seven years. She's no longer skating competitively, and now she has to do something she told herself she would never do... Work with a Hockey player.

Walker Dunn has had a tough time ever since his accident almost claimed his life. It's a miracle he's even on the ice again. Though he's not back on the roster to play. He's determined to work through the pain and get back to playing. If only his knee would cooperate.

When his trainer and coach come up with an idea for him, he's shocked to find out that it's to be taught how to skate by a former Olympic figure skater.

Walker is cocky and rude, and makes sure Eva aka 'Princess' knows that he doesn't need her and knows how to skate. That is until she puts him in his place in more ways than one.

But Eva also brings out something in Walker he never thought he would feel, and getting to know her daughter, Gracie, is just the icing on the cake.

Will these two get over their past issues with family and love to find each other, or will their egos, stubbornness and pasts be too much to overcome?

This was a very quick and cute read, if that's what you are in the mood for. It wasn't bad, but more middle of the road type of read.

Kaitlyn says

This Tory was very amusing. Also different in a good way. I love a hockey romance. I also love a single mom romance. Together it made for one adorable story and it was in the wintertime which I enjoyed. Eva was an Olympic skater until her mean ex from the Seattle Vipers got her pregnant and didn't want anything to do with that child and she had to stop skating. Her daughter Gracie is adorable and 6 years old now and was so cute to watch. She was a huge Hobbit fan and had a dog named after a character in the books. Walker Dunn is injured but wants to stay in the game. His coach assigns Eva to train him to get back to health. From there they fall in love and watch them develop into a great little family. Adorable read. Lots of fun.

Heroesinbooks says

5 Hockey Hottie Stars

Loved this first book in a series about the Buffalo Tempest Hockey players. This standalone is primarily about Walker Dunn who is an injured player, and Eva Bradshaw , a former Olympic ice skater. She is called in to help him recover his former agility and speed following his leg injury.

The chemistry between these two is HOT. Right from the start they are attracted to each other but they have some spectacular verbal clashes. They are both fiery and passionate but it makes for compulsive reading.

I loved how sweet Walker was especially with his Mum and Eva's daughter Gracie. He is such a gorgeous hero and he just ticked all the boxes for me.

Great story, lots of heat, humour and some poignant moments too. I'm looking forward to reading more books about the Tempest guys.

HEA? Awwww yeah!

Cheating? No

Alan says

Olympic figure skating champion an more meets hockey league player a deadly combination off an on the ice .

The center guard for the Tempest gets in a extremely car crash avoiding hitting a child wandering aimlessly in the middle of the road . His recovery is slow and painful an no matter what they try his recovery not improving so they bring in her as their last resort . When she meets him for the first time sparks fly between them an electricity runs thru her body an he reacts to her as well . 18+

Janice says

A Review of Naughty or Ice by Sylvia Pierce

I absolutely ADORED this couple - 5++++ stars

Eva is a two-time olympic figure skater, just trying to make ends meet. Walker is a NHL center who is trying to get back into the game of hockey after a near-fatal car accident. When she is brought in by management to try and help him get his times back to where they need to be in order to put him back on the active roster, Walker does NOT take the news easy at all. He resents the coaches taking this approach, so he ends up taking it out on her. But, Eva doesn't back down to him, which throws him off his game.

The chemistry between them is immediate, even though she wants nothing whatsoever to do with another hockey player. She was badly burned by the last hockey guy she hooked up with and has the six year old daughter she is raising on her own to prove it. I truly enjoyed the banter between these two and the heat level that they created for us to partake of. Make sure you grab this one as soon as you can. You will NOT regret it!

Donna says

Walker Dunn is a star hockey player, injured in a bad car accident, struggling to find his way back onto the ice. Evangeline Bradshaw is an ex-Olympic champion figure skater, struggling to put food on the table and provide a good life for her six-year old daughter. Eva doesn't get involved with hockey players, and Walker isn't interested in anything beyond getting back to his team and being able to continue to support his two younger brothers and his mother who is living in an assisted living facility for Alzheimer's patients. Walker's coaches and team are running out of time and running out of options on how to reach their troubled star. When they reach out to Eva and hire her to work with Walker on learning how to skate with more finesse as part of his rehabilitation, sparks fly between them.

This was my first read by this author. I'm from Rochester, NY so I know Buffalo quite well. It was fun to read about a fictional hockey team in a city that I'm familiar with. I was also enchanted by the love story between these two strong-willed characters. Eva had been hurt in the past, and she was afraid to let go and possibly fall in love again. Walker had nothing but hockey, and hockey was all he lived for. Eva took him completely by surprise. I also thoroughly enjoyed the supporting cast of characters. Eva's daughter, Gracie and her dog were both adorable, and she had a wonderful relationship with her sister. Walker's teammates were a hoot, providing the comedic relief and the support that Walker needed.

I recommend this author, this book and the series.

Lula Pantoofle says

Figure skater Eva meets hockey star Dunn. A good story for me. I love an athletic heroine, an olympic winner is even better! Eva was strong and knocked Dunn down a peg or two with her ice skills.

I liked all the details of the drills they did and how they got injured Dunn back on his feet. I like how they bonded and had to work together.

And it was pretty hot. Good chemistry and good banter. The bench in the arena got some action.
