## Sorceress Found Lisa Blackwood

When Gregory, a gargoyle and Avatar to the gods, wakes to a new life, he finds the female half of his soul is missing. He soon learns she has been captured by their oldest enemy—the Lady of Battles. And that ancient rival has forced his soulmate to be reborn as a vulnerable child. To save her, Gregory will risk everything even if he must pay the ultimate price for his loyalty.

This series is not YA; it is Urban Fantasy.

Author's Note: Sorceress Found is a prequel short story and contains sample chapters for Sorceress Awakening. It was previously published under the title Beginnings and it is part of an Urban Fantasy series with a strong romantic subplot.

Sorceress Found takes place twelve years before the events in Sorceress Awakening.

The Gargoyle and Sorceress novels have a continuing story arc and should be read in order:

Sorceress Found (Prequel Short Story)

Sorceress Awakening

Sorceress Rising

Sorceress Hunting

Sorceress at War (Forthcoming Fall 2016)

## Sorceress Found Details

Date : Published July 6th 2016

ISBN :

## From Reader Review Sorceress Found for online ebook

### Clare O'Beara says

This is a very short story which features a gargoyle who is more animal in nature than person and can't talk, running off with a small child to escape from demons. We have no idea who the child is or how any of this situation came about, nor why the demons are so keen to have the child.

I enjoyed the descriptive writing and felt the gargoyle was well realised.

The fact that no explanations are provided in this tale is linked to its being a prequel and the first chapter of the book after it is supplied, with considerably more gore and drama. We still don't know who, why or how. But you can see if you might want to buy the longer book.

---

### Vannessa says

For a quick 5 minute, 2 chapter read I guess this was ok. It was disappointed that it finished at 38% of the book and the rest was the first chapters of the next book in the series. Glad it was a freebie, but was good to read how the main characters ended up being where they were at the beginning of the first full book of the series, although I think more could have been done with this scene.

---

### Richard Goodrum says

Great introduction. I look forward to the next story.

---

### Barb VanderWel says

I love this & I can't wait for more.  
I will be also leaving a review on Goodreads @ Amazon.  
And letting everyone know about it.  
So i gave it a 5 Stars.

---

### Bettina Bull says

### Cliff hanger

Not a fan of cliffhangers. It is just a tease or intro to a book. If your taste runs to them then the storyline is not bad.

---

### **Alicia says**

I wouldn't call this a prequel. I'd call it a blurb to pump up the real book that follows.

---

### **Carolyn Injoy says**

Sorceress Found: A Gargoyle and Sorceress Prequel Story by Lisa Blackwood Sorceress Found: A Gargoyle and Sorceress Prequel Story by Lisa Blackwood is a touching story about love & protection. I gave it five stars.

It's also about magic. A gargoyle escapes Death Hounds with the young sorceress & crosses through the veil where he rescues a young boy & asks for help before he turns back into stone to heal. He begs the woman to guide her in the right ways & knows her memory will be erased after crossing through the veil into the Mortal Realm, the land where there is no magic.

There is a sample chapter included of Sorceress Awakening, book one of the Gargoyle & Sorceress Tales. It is intriguing. "The gargoyle was one of her first childhood memories. At the age of eight, after a near-drowning accident stole her memories, she'd been drawn to the stone statue as if he was pivotal to her survival. She always assumed her strange need to be near him was a result of her childhood trauma."

I received a complimentary e-copy from Amazon. That did not change my opinion for this review.

### **Jackie says**

Gregory is a gargoyle and an avatar to his people. The biggest problem right now is that his soulmate is missing. She's been captured and he will do everything in his power to save her. Great fantasy story that keeps you reading until the end. Received it as a free book and it's amazing

---

### **Limecello says**

IMO this was definitely written for people who have already read and enjoyed the series, not as an introduction to it - at least it didn't read thus, and didn't stand up as much as Ms. Blackwood's other books I've read

D+

---

### **Levia says**

**Decent short story**

I decided to read this before reading the rest of the series. It leads to a lot of questions. However, the premise seems intriguing and I'm definitely interested to learn what happens next.

---

### **Heather says**

Great prequel to the Sorceress series. In Sorceress Awakening, Gregory eludes to their birth and what happened before he brought them to Earth, but never gives us or Lillian the full story. Now we finally know! This is a great way to start the series or even read after Book 1.

---

### **Latte says**

This is a 2 chapter prologue that doesn't deserve status as a separate book or novella. I plan to read the first full novel that follows this but as a teaser to the series, I'm ambivalent as to how interesting the series may be.

---

### **Pamela Ferrebee says**

#### **Love it**

Best series I've read in years, hope there will be more to these I will be keeping my eye out.

---

### **chucklesthescot says**

It is difficult to really judge a book based on thirteen pages. The blurb makes it sound like we follow Gregory as he searches for the sorceress and infiltrates the enemy castle to save her but that is not the case. The plot begins with Gregory during his escape from the enemy AFTER all these events have taken place. We aren't even told his name in the story as he has not been given his new name so I'm just going by the blurb in calling him Gregory!

It is a short prequel to a series. I like the idea of an intelligent gargoyle trying to save a child sorceress who he has to protect, finding her a new home while he has a long sleep to recover from his injuries. I might take a look at the first book to see what happens.

---

### **Heather says**

This was a very quick 5 minute, 2 chapter read that was ok but it should've been included in the first book. Really not sure why it wasn't unless this was an after thought. It did give a little background which did help going into the first book.

It does really irk me when authors do this type of thing but I'm thankful it was free and not 1.99 for this little

background.
