Note to Readers: This book is meant to be read after the My Forever is You series. So many of you have contacted me asking me to extend the story between Joshua and Sarah so this book is for you. I call it a bonus book because it was not part of my original plan, but I pick up where the third book in the series left off. This is part one of two and I hope you enjoy it!

Description: Sarah thought she had the perfect life with her gorgeous billionaire Joshua Hunter. She thought that nothing ever could, or would, come between them. She thought they had a bond that was unbreakable, until the day she thought it had been broken. Suddenly Sarah's seemingly perfect world is shaken and she doesn't know what to believe. Is Joshua the faithful, trustworthy man she thought he was, or has she been oblivious to what may have been right in front of her the whole time?

Gets better and better.

I just can't get enough of this series.

Sarah and Joshua have the perfect relationship and twin daughters just to make it complete, but is their relationship as perfect as Sarah thinks, could Joshua possibly have cheated on her?

Ok, we know the answer to this but this is addictive reading.

This had me SOO pissed, I hated Natalia in the Dubai book, and I hate her still. I have a sneaky suspicion that Natalia and Paolo know each other....something is hinky between those two, and a little to coincidental that someone tries to break Sarah and Joshua up on both sides...

I hated Natalia from the second book and hate her even more in this book. The way she disrespected Sarah makes me want to slap the dog piss out of her (lol). And Joshua....shame on him for not firing her on the spot because that was the exact same thing that Paola did to Sarah and it cost him his job. On to the final book in the Hunter family series.

Josh, not happy with ya.

Ahhh! I just don't know? This one is even shorter than the rest which is a little annoying and I cant help but be disappointed by the fact that we barely find out anything from the last ten years. Popped out twins and brought a new house. Again there is very little emotion. The idea works but I think it needed to be lingering order to succeed.
