I loved The Protective Warrior, and highly recommend reading that story before reading this one! The Captivating Warrior picks up right where The Protective Warrior left off, but now we get more of Sutton's story.

This is the first book I read in this series and it was edge of your seat amazing! Dan and Cami are an amazing team. This collaboration between the 2 of them was pure genius! You will find yourself on an emotional rollercoaster and as any good book should you'll be cheering, screaming and maybe even gasping or close to crying at some point. Can't wait to read more from these 2 and the rest of this series as well!

So great to get Sutton's story to go along with the Navy SEAL stories! This is a must read after The Protective Warrior. It picks up right where The Protective Warrior left off. I actually read The Stealth Warrior before both of the other books. The Stealth Warrior is the third of these three chronologically. It worked for me to read them out of order though. These SEALs are amazing. Sutton is the "James Bond" that leads them all. The love of his life was lost to him 25 years earlier. So fun watching Sutton rescue Liz from a life of misery and pain. Liz is spunky and a perfect match for Sutton. Lots of action, adventure, and a bit of

mystery. The story definitely kept me engaged and wanting more.

Loved this one. It's been my favorite of the series so far along with the Broken Warrior. I loved delving into Sutton's mind and feelings. It was tense, romantic, and sweet. Clean. Throughout the series, I have a hard time not thinking of Sutton as a 60 or 70 year old man because he had such a presence and was so looked up to and respected. This book helped me see the character he was supposed to be from the beginning. Nice ending. Loved getting to know each of the SEAL's and their stories. Can't wait for more in this series or a spin off series. I would read this one again.

One of the best Navy SEAL warrior romances! I'm thinking this is the last one and will miss these heroes. Heart of a Warrior!

[I wonder how a couple can pick up right where they left off after so much time apart. Don't they change? Aren't they different? But I have some friends that I don't see for a very long time and we get together, it's like we saw each other just yesterday, so it can happen. And it r

Liz and Sutton

Sutton Smith has a plan to save the daughter of the woman he has loved over 25 years and that same woman from the clutches of her abusive husband, the Duke Gunthry.

Elizabeth Gunthry wants to get her daughter away from her father. Duke Gunthry has abused Liz for 25 years and has sworn to kill her if she or their daughter ever try to leave him. He's already killed everyone who tried to help them escape, including the man that Ally loves.

When Liz and Sutton meet again will their love for each other survive or will the long separation be too much to keep them together?

Action packed romance

This was my first book by Banner. I have read a few from Checketts. I enjoyed this book. I loved the action. There was a good plot and twists in the story. The reason I only gave it a three was because I felt that the two main characters had two much of an inner battle with themselves over their feelings for each other. That wasn't the problem so much as it felt very repetitive. Also, I know this may seem silly but who throws a million dollar ring in the ocean. It reminds me of the scene of Titanic and of course the character is a billionaire, so what is a million dollars compared to the symbolism of control and greed. I just felt the money from the ring could have been used to help even more abused woman.

Barbara says

Loved this book. These two authors are great story tellers, especially together. I could almost see the action happening. Can't wait for the next round of books.
