# **From Reader Review The Shiloh Sisters for online ebook**

## **Calli says**

Interesting historical info, but took a long time to get to the investigation of the mystery.

---

## **Porter says**

Interesting mix of fact and fiction. It did take a while to get around to the sisters' story within the facts and character development.

---

## **C says**

### **Great**

Harry will always be longing for a woman who does not want him. Silly boy. This tale full of mystery, history, and a little romance.

---

## **Ilean says**

This story started out very, very, slow. The author gave a lot of preamble before getting into the actual story line. Then, he concluded the story a little too fast, not giving how the main character came up with his final conclusion to the mystery he was trying to solve.

---

## **David Crank says**

Good Civil Ware series.

---

## **Ken Bickley says**

Newspaper columnist Kilian only wrote a few of these Civil War mysteries before his untimely death. This one was outstanding.
