## **Time Enough to Love** Jenna Jaxon

When Lady Alyse de Courcy is betrothed to Sir Geoffrey Longford, she has no choice but to make the best of a bad bargain. The hulking knight is far from her ideal man, and although he does possess some wit and charm, he is no match for the sinfully sensual man she secretly admires, Thomas, Earl of Braeton, her betrothed's best friend.

From the first, Sir Geoffrey finds himself smitten by Lady Alyse, and, despite her infatuation with his friend, vows to win her love. When Geoffrey puts his mind to wooing Alyse, he is delighted to find her succumbing to his seduction. But when cruel circumstances separate them, Geoffrey must watch helplessly as Thomas steps in to protect Alyse—and falls in love with her himself.

As the three courtiers accompany Princess Joanna to her wedding in Spain, they run headlong into the Black Plague. With her world plunged into chaos, Alyse struggles with her feelings for both the men she loves. But which love will survive?

# From Reader Review Time Enough to Love for online ebook

## Katherine Butler says

I was really excited to have won this because I am a huge fan of books set in the past and I am a sucker for romance. Time Enough to Love is set before, during, and after the Black Death which swept through Europe killing thousands of people. It has a small amount of action (jousting), tons..... and tons of romance (my favourite parts), and lots of suspense. I cried so much, there was a gross amount of ugly crying. But there are a lot of really sweet and funny moments as well. I felt that this was a very well rounded book. The writing is excellent and the plot just flows.

A note: this books is actually three; Betrothal, Betrayal, and Beleaguered in one, but it doesn't feel that way.

I was giving this book in exchange for a honest review from the author. I must say I was pleasantly surprised by this book. I had never heard of the author and primarily only read paranormal books, however this book entranced me from the start. Jenna Jaxon is a fantastic writer. She knows how to draw the reader into the story and keeping them eagerly turning the page. She's earned a spot among my favorite authors to read!

The story is set in Europe in 1348 and spans several years. The focus is the Lady Alyse de Courcy, who is witty, loving, loyal and very entertaining. It follows her journey in finding love. I don't want to spoil the read so I will leave it at that. This is a great historical read; full of love, angst, action and passion. It has steamy sex scenes and is written in a manner that will keep you hurriedly reading page after page to see what happens to Lady Alyse and her suitors.

I highly recommend this book!

I absolutely adore historical fiction, so I was eager to gobble this book up and naturally I was not disappointed!

I enjoyed the story quite a bit, there certainly were lots of passionate, steamy and delicious scenes. Oh my ;) Honestly, if I were lucky enough to have a guy like either Thomas and Geoffrey, I would be in heaven. Both are so dreamy in their own way. Although I have to say I fell more in love with Thomas as the story went on, since he was so patient, loving and understanding that is very rare in a guy. Plus he certainly livens things up.

There were two things that bothered me a lot throughout this story. 1: Alyse cries so freaking much. For the smallest things she breaks into tears and plays the damsel in distress card way too much. Oh and not only that she is so selfish and self centred. Only ever thinking and pinning for her lost love, Geoffrey, and later

Thomas, never sparing a thought to anyone else. Seriously, given everything that Thomas has done (who has been so understanding and patient), she is solely focused on the one week she had with Geoffrey. Yes, I understand they are soulmates but honestly her pinning left me so frustrated and annoyed and wanting to shake her and be like move on! You have a gem in Thomas, focus on him! And when she finally wakes up and smells the roses, it's almost too late. \*groan\* then she suddenly grows a little conscious and feels guilty (view spoiler)

2: Basically the only emotions you see from the three primary characters are jealousy, anger and passion. Like ummm.... there's lots more emotions out there but these are the 3 that stand out like ALL THE TIME. Seriously, Thomas and Geoffrey get jealous in like every chapter whereas Alyse is torn (OK maybe not so much torn) between her loves and wavering between the 2. Seriously even when the lovers are ultimately together, there's still doubt and jealousy to be had for their respective spouses. Like seriously too much needless jealousy and crying, it was borderline soap opera like.

The climax and ending was somewhat expected but very satisfying. Obviously the lovers got their happy ending and have no cares in the world. Who knew so much can change in seven short months?

Time enough to love by Jenna Jaxon Won this book in a giveaway!

This is actually a bind up of three books Betrothal, Betrayal, and Beleagured.

I have never heard of this author before and I am very impressed by this read. It has a little jousting, a lot of romance and suspense. There is like some sad parts and some sweet/funny moments as well. It's a well written and very well rounded book.

#### **Pretty good**

I would have given five stars but for the last part...it ruined the rest of a very well written book and great story. I don't know why it was necessary. This book actually had me in tears. It is a story that will pull at your heart strings. It is sensual, romantic, sad....wonderful characters that I fell in love with. Until you get to Part IV....it just doesn't need to be added. I would recommend with that caveat.
