Your Eyes Don't Lie

Rachel Branton

Your Eyes Don't Lie Rachel Branton
Sometimes Survival Isn't Enough . . .

Years of living on the street and fending for herself have made Makay Greyson tough and resourceful, if a bit disillusioned. She's come a long way from sleeping in parks and scavenging for food. Her entire focus is on providing a better life for her young brother, one without fear of loss and neglect.

That certainly doesn't leave time for Harrison Matthews, who from their first meeting sends fire through her veins and upsets all her carefully laid plans.

Makay has done things she isn't proud of to survive, and those choices now threaten the small amount of security she's created—and any chance of a future with Harrison. They've been raised in two very different worlds, and the secrets they both hide can only lead to disaster.

There is only one chance to make it right, and one misstep could be fatal.

***Your Eyes Don't Lie* is a story about facing fears, sacrificing for those you love, and about a girl who thinks she isn't worth loving and a guy who believes she is.**

From Reader Review Your Eyes Don't Lie for online ebook

Rachel says

This was a great novel! The story line was really interesting and not the same old plot that gets rehashed by many authors. This was very original and I was intrigued from start to finish. The only reason I gave it 4 stars is because of the language that was in the story. The b-word was used three times and the a-word twice. I don't like stories with bad language and it wasn't necessary to enhance the story. Other than that, I thoroughly enjoyed reading this book.

Patricia says

Rating 3.5.

There is something really compelling about the way Rachel Branton writes. I was wide awake until the wee hours of the morning because I just could not disengage from the story, unwind and go to sleep. That said, there were just fragments of things that bothered me--things I felt some level of incredulity toward--not to the point of huge frustration but little niggling frustration, like how long it took such an otherwise honest and upstanding person to question her involvement with Lenny AND do something about it, the rapidity of the romance, that there would be no backlash at the end for...well...how things with Lenny turned out.

I liked this book well enough.

Tiffany says

this book was shared on my Facebook wall. I noticed it was a free download from Amazon. I figured I would give it a try since I haven't found a good book to read lately. I was certainly surprised at how good this book was my page 70 I was sucked in and consumed wanting to know what was going to happen and how this is all going to end up. The story was compelling enough to keep me reading all night and was well written I look forward to reading more books by this author.

Erin Reed says

Can you imagine having to try to survive from the time you are a teenager? Finding a place to sleep at night, trying to feed yourself, clothe yourself, all while trying to survive high school? Now imagine taking care of a baby brother on top of everything. Life is not easy for Makay, but somehow she has made it work. It has not been easy, and not everything she has done has been ethical, but when you are young and trying to find your way, sometimes evil people find a way to take advantage of you.

This was such a interesting premise for a book, it was so interesting. I had no idea where it was headed and had me guessing the whole time. I really loved it! I hope that Rachel Branton keeps up this fantastic series.

Arlene Downey says

Very good story

An eye opener about how some kids don't get the parents they deserve. The tales of Makayla's step-mother's treatment of her were very interesting. She survived, but did some not so good things to do so.

She is getting her life together when she meets Harrison. She is adopted, he learns he has a half-sister who was adopted. Are their feelings romantic or something else?

Snoop the dog and her little brother add to the tale!

Lynn Mullan says

Enjoyable read

Tamera Westhoff says

Tons of Triggers

There's this amazing girl who had a terrible life, but is raising her brother the best she can. He meets her and it's interest-at-first-sight. But, she has to do whatever Lenny says, and he is a terrible person and calls a woman a b twice. I loved this series for its cleanliness even with the subject matter, but I'm not sure that I want to pay for the next books after this one. It was a hard read with infidelity, family/friend deaths, poverty, drugs...

Jessie says

An interesting read. I enjoyed the romance and the suspense. I just had a hard time with the main character. She was adopted, and had some hard times, particularly in her teen years. She stuck around to protect her half-brother, but she also got involved in ripping people off. She works with a man who finds birth parents who don't want to be found, then she poses as their long lost daughter and blackmails them to keep her identity a secret. I understood that she was trying to take care of her brother, but it was hard to admire her when she was so dishonest and doing something illegal.

June 03, 2014

Rachel Branton has done a fabulous job telling the tale of Makay and the brother she cares for. Reading about the struggles and we will say 'misdeeds' she had done to survive was heart wrenching. The glimmer of

hope with possibly finding her birth parents, and maybe love keeps the reader turning pages. You will enjoy this!

Lydia says

Of the three in this series, this was my least favorite. It dealt with hard topics, abandonment and blackmail. It also was on the fence as far as being clean. The characters referred too often to a wish to make love which made their relationship nearly superficial. Fortunately, the selflessness of the two and a rewarding ending helped.

Heather says

Such a great conflict! Makay has been on her own since she was about 12-13, doing anything to stay alive. She gets hooked up with Lenny who runs a scam blackmailing people who have given up children for adoption. Yeah!! He's scum. Makay has her little brother (6years old) to take care of and of course Lenny threatens her brother so she is stuck working with him. By a chance meeting in an Albertson's parking lot we meet the eventual love-interest, who happens to be the son of one of Lenny's blackmail-ees. Ooooh, twist.

T.K. says

I wish I could extract the romance portion of this book and rate it separately. Without the romance, I would give the book 4 stars. The plot is fresh and engaging, and the main character is endearing, tortured, and generous. The problem is her love interest: he's a creepy stalker with anger issues and an apparent fetish for seriously beat-up women. By the end, I found myself loathing every moment of page time he corrupted. Thus, the romance gets a 0, bringing the book down to 2 stars. :(

Teresa says

There was only one reason I finished this book. I had invested WAY to much time on it to give up. Makay had raised herself, living on the streets. If this chick had any street smarts, she never showed us! I got so tired of her being STUPID!

Barbara Barber says

Awesome just Awesome

The book was just so Exciting to read I literally did not want to put the Book Down ! Definitely keeps your Curiosity Peaked can't wait to read Her next one I'm starting it Now !

Shalyce Pitcher says

Wonderful

Another wonderful book in the Lily's house series. Easy to read, flows well. Kept me interested through-out. Onto the next book...
