Devils Comfort MC Brair Lake

This is a short introduction to Devils Comfort MC series which is coming soon

They are tough alpha men, who love to ride their bikes on the open roads of Louisiana and when they are not riding, they are partying hard,

They rule Comfort Spring, a small town located near The Mississippi River.

Meet them here before they tell you their stories on how their lives are changed when they meet and fall hard for five Strong willed women, who don't take no bullshit from their men.

There is no real story to this book, as it is mainly an introduction to the characters of the Brothers of Devil Comfort MC, however there are wee teasers and tasters on what to expect from this series

This book contains explicit sex and is intended for mature audience of 18+ only

There are acts of female on female action, ménage, self pleasure, anal play (male and female), strong language BDSM child physical abuse, Arrogant Dominant Alpha Men If this offends you please do not purchase

Kristina says

3 pages in and I found over a dozen issues - formatting, grammatical, misspellings. Dnf

Dawn Pressel says

this is an introduction to the guys of Devil's Comfort

Sinead6uk says

DNF 48%! too many spelling and grammar errors. How can you charge people for a book that you haven't even proof read?

Shame really as I probably would have purchased Inferno's story.

Debbie says

Just starting Baby & Inferno's book.....looking good for another M.C series.

Sarah says

I'm not really sure why people are down voting this because they claim there is no character development or story line. There is disclaimer at the beginning of the book and in the synopsis on Amazon(where I was able to download the book for free) claiming exactly that. Its not a novella or story, its just a get to know the characters in the upcoming series.

I enjoyed the get to know you and I'm looking forward to reading Inferno & the Good Girl as well as the rest of the series.

Kim Brewing says

This intro was enough to make me want to read more about the club.

Karen says

DNF

No story

Just each member getting it off in a different ways. Not much character development. More a guy's thing

J says

DNF There were far too many grammatical errors in the few pages I read that It was far too distracting along with incorrect punctuation.

Kami says

DNF. Awful.
