Love is not on the drink menu.

At least not for Tiana St. Patrick as she nurses the broken heart caused by her ex after their sudden, unexpected, yet incredibly necessary break-up.

But when a generous stranger offers to jumpstart her healing process, and doubles down with a chance encounter at her business, she can't help but wonder if his presence is worth something more than just a helping hand even though he seems to be exactly the type of guy she should be avoiding at all costs.

Kelvin Watson is a man on a mission. Between the lounge he co-owns with his big brother, and the ladies that frequent it, it's no secret that he has plenty to keep himself busy.

Still, when a particular patron catches his eye and then manages to ease her way into his heart with her easygoing vibe and natural charm, he can't help himself in pushing for something more. And when more turns into a discovery of past indiscretions, present reservations, and future obstacles, Tiana and Kelvin find themselves attempting to navigate their budding romance, in spite of it all.

(Note: This book is a spin-off of, Love at First Spite. While it can be read as a standalone, it does contain major spoilers for that title.)

#### **But love!**

Kevin knew what he wanted and went while Tiana tried to keep her heart in tact after having it broken several times. But love! Love has a mind of its own and it's no way to fight it or get around it when it's real and meant to be.

Very good read, thoroughly enjoyed it. Kelvin was such a good guy! Very well written, I look forward to reading more from this author!

#### **Great Read!**

In spite of their ages they handled their relationship no different than any man or woman. Sometimes it can be very hard to find someone who knows what they want and what they need. Especially someone who's young in age. It's awesome when you can find young people who know what they want in their lives. This story was an awesome read.

This was a good and entertaining follow up to "Love at First Spite". I really liked Kelvin and Tiana and it was good to see how things with Maxwell and his fiance from the first book were progressing. I like how the author develops the characters so well

#### **Awesome read**

Awwww I enjoyed reading Kelvin and Tiana's story. Kelvin wasn't as much as a player as Tiana made him seem. He really was lowkey and kept to himself. I'm glad Kelvin proved her wrong.

I love Kelvin back when he was introduced in the book about his brother. He is funny, kind sweet, all that and a bag of chips. I enjoyed Kelvin and Tiana's story. There were times I wanted to shake her but i get why she was hesitant to allow herself to fall in love with Kelvin or believe that it was really. I think Elliana was super cute and her relationship with Kelvin was so adorable

**Kizzy says****Irrelevant Age**

I love this book because it shows just because someone is young, it doesn't mean their immature and don't know what they want. I love the relationship between Kelvin and Ellianna!

I read this book straight through. It was soooo good. Kelvin is so crazy but he has grown up so much since the first book. Another part of their story, along with Max and Nori would be perfect. I want to know what's the deal with Ellie's dad. One thing I loved was the text message dialogue, it was so cute. It's funny how those tables turned and Kelvin experienced the same thing he was picking on Maxwell about !

---

**Jasmine says****Who is Elliana's Dad?**

This is the only question I have after reading and enjoying the story, who is that baby's father. I know something alluded to him being a married man but he was never revealed.

#### **Loved It**

I am so happy Kelvin found love with Tiana. After reading about him first in the book Love at First Spite I thought he Maxwell little brother was gonna hook up Layna. I am glad he found a woman like Tiana. Kelvin acted much older than his age. Very good book.

Another great love story. I am glad Tiana finally let her guard down and excepted the love from Kelvin. Little Miss. Elliana just stole everyone's heart.

#### **Sweet Story**

I enjoyed reading Kelvin & Tiana's story. Kelvin was such a great guy! He really looked out for and took good care of Tiana. Tiana was just coming off of a bad breakup so I understand why she wanted to take things slow with Kelvin, but I felt she took a little too long. But Kelvin hung in there and finally got what he wanted. Elliana was so cute as well. Great book.

#### **Single mom love**

Cute read.... Kelvin is definitely right out of a romance book wooing and Living a Roman who simply isn't ready but once the tales turn they turn out in his favor. Although a little slow at times and easy to put down, it was a cute, fun read.
