Little Dancer

Brianna Hale

Little Dancer Brianna Hale

Twenty-year-old dancer Abby Williams has only ever felt truly herself while she's onstage. It's the one place she gets the firm direction and focused attention she craves to keep her whimsical thoughts in order. Offstage she feels out of place, forced to give up her girlish treasures and bombarded at every turn with adult responsibilities. But one missed dance cue in front of the intimidating theater owner could take all this away.

Summoned to Rufus Kingsolver's office, Abby is terrified the darkly handsome, commanding man is about to end her dream. But Rufus has other ideas. He wants to be her Dom. He wants her to call him Daddy.

Abby is shocked, but the spark of curiosity and taboo desire have her wanting more. Under Rufus's firm hand, they explore the erotic depths of their unconventional, yet beautiful, relationship. Abby is falling deeper in love with Rufus and the Little/Dom lifestyle, but it's not long before she comes face-to-face with her darkest fear—judgment from the outside world.

Daddy knows best, but what if, this once, he can't protect her?

Paula Phillips says

Abby Williams is twenty-two and a virgin, she also acts like a big kid and loves Ballet. She is busy dancing at a ballet academy. The only time she feels at home is up on the stage, but with the pressures of having to change her home lifestyle, she makes a mistake. Abby is then summoned to the director's office - Rufus Kingsolver. There is something about Abby's innocence that draws Rufus in. This book then moves onto the world of BDSM with a strong focus of Daddy Doms and Submissive Baby Play. I have to admit for me, I find it weird and find Daddy Dom a turn-off for me, but it seemed to work, and I was familiar with the child submissive as I watched a few years ago a documentary about a girl whose kink was dressing like and acting like a baby. If you want a quick smutty BDSM read, then check out Little Dancer by Brianna Hale.

Elle says

4.5* *dance for daddy* STARS!!

Review @ Midnight Romance

W.O.W! Finally I found not-BDSM-wannabe new author. This was my first read from Brianna Hale, but definitely not my last. Daddy/lg is one of my sensitive kink because not many people could pull this off. But Ms. Hale totally nailed it without overpowering in the sex area.

Abby Williams couldn't lose her job when Rufus Kingsolver; the owner of the theater glared at her. Moreover, her parents didn't understand her as a dancer and pushed Abby to get 'normal' job. When Rufus ordered her on his knees, she was taken by surprise. Spank!

The intense look in his eyes encourages me to rub harder. We look into each other's eyes as the hot, tight sensation inside me builds, our breaths mingling. His eyes are becoming dark with desire.

"Does that feel good, babygirl?"

"Yes."

He catches my jaw between his thumb and fingers and squeezes hard. "Say, yes, daddy."

The story told from Abby's POV. She's in her early twenty and living with her parents. I can feel their worry about their daughter future but somehow they didn't understand her at all. I kinda liked her because Abby is a passionate and hard working girl. But her addiction to sweet was too much for me (Like Strawberry Milk in the morning or Strawberry Pocky for the snack). She's also love her own world; pink, glittery and magical.

"So...you'd be like my boyfriend?"

His hand caresses my shoulder. "Oh, sweetheart. It goes so much deeper than that. I'd own you."

Rufus came into Abby's life as her boss at first. I think Rufus is really good for Abby even I didn't like his sudden approach. But he still attentive to Abby; talking to her if something bad happens or she's upset. However, Rufus made a mistake when he didn't guide Abby about this lifestyle. I easily like Rufus when he confessed to be her Dominant. He also mentioned his Daddy kink and she didn't mind ;)

I really enjoyed their kinky relationship. Rufus really indulge Abby's inner child as a his little girl. FYI, their relationship isn't 24/7 kinky and mostly happened in the bedroom. But I also didn't mind the flirt in real life. Of course, another thing that I liked is, they're not having marathon sex every time. Abby's progress under Rufus' rules made her less mousy and really happy with herself. She also didn't hesitate to try to be 'womanly' than her usual self. Rufus just love everything about Abby.

How's daddy's little fucktoy?

Master, Sir or Daddy just a title for some Dominants. In this story, Rufus enjoys himself as her Daddy because it's more playful kink and he feels like a nurturer. And Abby is really adorable baby girl for him. But there's a bit family drama from Abby's parents. It was predictable and ended up okay but not necessary. Overall, I'm really happy with this book. Nicely written and best Daddy/lg story I've ever read.. I can't wait to read Ms. Hale next releases in the future!

"You're my princess, babygirl, but you're my slutty little princess who does bad things for daddy."

4.5 "Yes, Daddy" Stars!!

WELL, HELLO!! Welcome to the judgment-free zone! If you are just the tiniest bit curious about the DDlg genre (that's "Daddy Dom/little girl"), then please enjoy this absolutely delicious confection by Brianna Hale. I read this book in a few hours and it was one of the most heart-warming, sexy, taboo and romantic stories I've ever read.

Abby is a young dancer who comes alive when onstage. She can barely cope with the realities of day-to-day life, but feels completely at ease when she is dancing at the Palais Theatre. Still living with her parents, she is shy, innocent and very inexperienced.

When I'm onstage, and all there is, is the music and the sweet burn of exertion and the glare of the hot lights, I'm me.

Imagine Abby's surprise (and delight!) when the handsome, stern and very bossy theatre owner Rufus Kingsolver takes an interest in her.

Oh boy. Mr. Kingsolver. He is good at reading people and he knows just what Abby needs. This book should come with a warning label because it is that hot. Abby finally feels that someone understands her and all of her odd habits. She acts like a little girl in many ways, because it soothes and comforts her, and she is **PERFECT** for Rufus!

"It's such a relief to know that there are other people like me. I'm not strange, or weird, or stupid.

THIS BOOK. I loved it! I thoroughly enjoyed every word. Please pay attention to book description and if it turns you off, do not read this. But if you love a hot, quick read, this is the book for you. I was fascinated by the Daddy Dom world and also the way in which Abby grew as a person over the course of the story.

He strokes his thumb over my cheek and it comes away glittery. I'm dropping glitter all over him. "I missed you, little one."

"I'm so sorry I caused us so much pain and I said Persephone and I wasn't brave enough."

"You're the bravest person I know, babygirl. Look at all that you've done." He pulls a tissue out of his pocket and wipes my tears, and then puts it over my nose. "Blow." I do. The tissue comes away glittery, too.

"I'm getting glitter all over you," I say with a shaky laugh.

He presses his forehead against mine. "Please get glitter all over me," he whispers. "Drown me in it."

There are BDSM elements in this story but it is surprisingly romantic and tender. I loved it so much that I am diving right into the next book by Ms. Hale, *Princess Brat*. Because sometimes you just need to escape with a few hours of fun, sexy fantasy!

"Yes. But what I want isn't important. It's your body and your decision."

Theresa says

D/s with light age play. Abby's abilities and behaviors reflected a low IQ. She didn't have a lot of life skills and wasn't able to live independently. She was very easily manipulated too. Rufus was a sweet boyfriend but not the best Dom. Rufus pushed personal and legal boundaries with Abby at the beginning. He did redeem himself further on. The D/s wasn't SSC. Rufus gave Abby a safeword, but he did not discuss limits. Abby blindly went along with everything. The sex scenes came across mechanical and didn't sizzle.

warhawke says

Genre: Erotic Romance (DDlg)

Type: Standalone

POV: First Person - Female

Rating:

For Abby Williams, dancing was an outlet where she could be herself. But her lack of direction and her childish behavior prompted numerous disapproval by her parents. That was until she got a firm hand from her boss.

Rufus Kingsolver was the theater owner known to be a hardass. When he saw Abby, he knew she had a potential not only as his dancer but also his sub and he believed he could shape her into his perfect little girl.

“Daddy’s allowed to say bad words to his little fucktoy.” He unzips his trousers and eases himself out.

I like how Rufus helped Abby in getting her life together. He was attentive and patient towards her. But as a Dom, I think he was too soft and need to be more authoritative.

I’m not strange, or weird, or stupid. I just never grew out of the things that everyone once needed to make them happy.

Like a typical little girl (as in legit one, not the kinky one lol!) Abby felt safe surrounded by all things pink and fluffy. It was sweet and cute. She knew what she wanted but was afraid to stand up for herself. I like seeing how she started to be more assertive as the story progressed.

“Daddy’s allowed to say bad words to his little fucktoy.” He unzips his trousers and eases himself out.

I like how the book had a somewhat serious/sad moment. It helped break the sugary sweet feel. I was hoping for more smuttiness though. I’d love to actually see her training session instead of just told it happened especially considering she was clueless about the lifestyles.

“You’re my princess, babygirl, but you’re my slutty little princess who does bad things for daddy”

Little Dancer is an adorable story of a girl finding her true self and the man who helped her to her full

potential. It would appeal to those who prefer a lighter side of Daddy kink.

Note:

I'm a little disturbed that like Abby, I also love strawberry milk and Pocky sticks ?. I better whip out my red riding crop before I start liking pink and fluffy shit haha! ?

Kate Hastings says

I really enjoyed the story Abby & Rufus.

I have no first hand understanding of a DD/lg relationship, but I have read a couple of books in this genre, which by no means makes me an expert, but I do know what I enjoy about these stories.

Rufus was strong, sweet and completely likeable from page one to the end. His demeanour never changed, even when emotion ran high, and it's exactly what Abby needed. He was firm, understanding & very sexy in a "yes, daddy" kind of way. And when Daddy came to play, the thermostat went right up.

I liked Abby too, she really was a lost little girl in a world she didn't quite fit into, until Rufus gave her the confidence to be exactly who she wanted to be. I felt her confusion and disappointment, her excitement and her joy. In a way, this is a coming of age story as much as it is a romance, learning to accept who you are and hold your head high in the face of external scrutiny.

This book is sweet, sexy, and the emotion felt very real when the boiling point came - dealing outside pressure from those who don't understand. Angsty but without unnecessary drama for drama's sake, I really felt for both Abby & Rufus during the eye of their storm.

Now, where are my fairy princess wings...

Mercedes says

4.5 Stars

Katharine ♥ The Good, The Bad & The Smutty♥ says

♥♥♥♥♥ 5 Pink & Glittery Stars

The Good. Literally everything. But honestly Rufus and Abby are so freaking sweet and sexy. I want to re-read this book again immediately. The level of depth and growth behind these characters was unreal for such a short read. They were so REAL. And the progression of their relationship was really natural. Just a fantastic read overall.

The Bad. Nothing, unless you count me wanting more of these two.

The Smutty. SO. HOT. The sexual tension was off the charts. Like I would never read this in public because I would definitely be blushing. I want more (after a cold shower or two).

Paperback Princess says

Ok so...sigh where to begin??

First..The is my first book from this author.

Second...I'm completely new to this Daddy Dom/Little Girl lifestyle.

With that being said I don't think these kinds of read is for me...let me tell you why.

The main female Abby is 20 yrs old and she acts like she's 10. This women could not make an adult decision if her life depended on it..she's gets stressed and overwhelmed lol For example..her parents are selling their home and she has to move out and find an apartment. So what does she do instead of looking for one..she goes to the movies to watch a cartoon, eats ice cream with lots and lots of sprinkles and shops for coloring books... girl bye!! I wanted to smack her with a coloring book ..ughh!!

Then she starts a relationship with the owner of the theatre she dances for and she starts to find herself in this Daddy Dom/Little Girl situation. Aside from this kind of thing not being my thing I didn't feel the chemistry between these two even tho they became very close and eventually fall in love. This whole book just wasn't my thing. Now don't get it twisted ..I didn't give it two stars because I just didn't understand this lifestyle.. I gave it two stars because the writing wasn't that great, the characters were a bit boring and one dimensional, and for all the kinky fuckery that Rufus was doing to Abby I didn't find it sexy in the least #SorryNotSorry

Mg ♥ The Bookishmedialite says

Oh boy!

I really wanted to enjoy this one but... but Abby—she was a mess. Not a character I enjoy reading about. Sorry.

I'm definitely reading more of Brianna Hale. Unfortunately, this one was not for me.

Naksed says

The little girl/dominant daddy kink is SO uncomfortable for me however the author wrote about it plausibly and compellingly, especially the character of the male protagonist. Best compliment I can give about the author's skills is that I liked this story despite myself.

Katie G. says

An addictive read

This book had me hooked from the first line! I loved the story and the characters and being able to experience this type of relationship. I'm so obsessed with this book and I'm so glad that I found it and was able to read it!

Hanna's Book Obsession says

I absolutely love this book!! Brianna has written an amazing story!! I'm usually not the biggest fan of Daddy/Little girl trope but this was is fantastic!!! Abby and Rufus are such a special couple!! I Love them so much!!! You can really tell that Rufus loves her and only wants the best for her. Abby wants to be happy and Rufus is the only one who makes her feel happy with who she is!! They are so wonderful!! I loved this book so much and I can't wait to read it again!

Jessica-►Chatterbooks Book Blog► says

Little Dancer by Brianna Hale popped my DDlg cherry, and it was everything I hoped it would be! Before now, I honestly had no interest in reading a romance with this type of kink, because it's just not something I particularly find appealing. I'm down for bdsm romance any day, but it's the "daddy" part that turns me off. That being said, I am a curious person by nature. I wanted to see if reading this book might show me something about this particular kink that I didn't already know or help me understand the appeal of it to others. I'm nothing if not open-minded!

It didn't take me long to realize that I had chosen the perfect book for my introduction into the DDlg lifestyle. The heroine, Abby Williams, is a professional dancer that has no idea she is anything other than vanilla. What she does know is that things that other people leave behind in childhood still bring her comfort. She wants to sleep with her stuffed animals and color for fun which are things that the parents she lives with don't understand. They don't approve of her chosen profession either despite the fact that she is talented. Abby goes about her days just trying to live her dream and hopes that one day they will be proud of her.

The owner of the theater where she works, Rufus Kingsolver, makes Abby realize that she likes a bit of discipline when he bends her over and spanks her ass in his office. The fact that she was dripping wet when he was done was a surprise to her, but not to him. He saw what she needed, and he gave it to her. Slowly, he

starts inducting Abby into a lifestyle she never knew existed, one where women like her are called littles and men like Rufus are called daddy. A whole new world is opened up to her, and she has never felt more understood or at peace with who she is. Everything seems to finally make sense, and she has a renewed sense of self-confidencethat is until something happens that makes her question everything.

Little Dancer is as entertaining as it is informative. Not only did it capture my attention and keep it, but it taught me a few things, too. It felt kind of like it was DDlg for beginners. The story explained a lot about the lifestyle itself, why it might appeal to some people, the way those individuals might struggle to understand their urges or desires in the beginning, and what it might feel like for them to not be understood or accepted by the people they care about.

This is my first time reading Brianna Hale's writing, and I will definitely be reading more of her work in the future. Her writing style is engaging, she made me feel for the characters, and the romance between Abby and Rufus was sweet and steamy. If you are on the fence about reading this type of book for the reasons that I was, or you are just interested in learning more about the DDlg lifestyle, I highly recommend this book to you! If you already love these types of stories, I wouldn't hesitate to one-click this one!
