Out of the Shadows Geri Foster

Falcon Securities is a clandestine agency owed by Frank Hamilton, which works exclusively for the President of the United States and the Department of Defense.

Falcon Securities Agent Brody Hawke sees the world from a tilted angle. His best friend, A.J., who saved Brody's life is captured and diplomats are getting nowhere in his rescue. Brody takes over even though he knows his impetuous actions will ruin his career. He is not willing to abandon his friend to torture in a Mexican jungle hacienda. What's Brody's plan---kidnap a CIA agent and use her as bait.

CIA agent Kate Stone is fighting for her job and sanity after a failed attack in Iraq. She knows the truth is out there somewhere, but can't prove it. Her life is torn apart when Brody kidnaps her. When she and Brody reach A.J., they learn the situation is more serious and far-reaching than they'd imagined. Brody, Kate and Falcon Securities must rescue A.J. and stop the assassination of the President of the United States.

Can Brody and Kate find true love in the mist of all the chaos? And can Brody accept what Kate revels about his past so he can finally reach out for a love of his own?

Way to long

Omg. This was probably the longest drug out story I have ever read. I think I was bored through most of the book.

Tracy says

I wished I used the time reading this book on book that was more believable and enjoyable. This book was poorly written and didn't have any flow. I will not continue reading this series. If you like Thriller Romance books I highly recommend Killing Sarai by J.A. Redmerski.

Donna (More Than a Review) says

Out of the shadows is action packed from the very first scene where Brody kidnaps Kate . Brody is intent on saving AJ who has been held hostage for the last two weeks in Mexico. Brody suspects he is being tortured if not dead already. Kate is the bait to draw him out. He thinks she is the guy's former girlfriend. Kate is a tougher than nails CIA agent and is a perfect match for Brody. The sparks fly.

Out of the Shadows has tons of action. The author was able to throw in some surprises and plot twist that I didn't see coming. So glad I met Geri at RT. I have been a fan of her books ever since. Her alpha heroes are top notch! I am anxiously awaiting the next one

Another great suspenseful read by Geri!! I thoroughly enjoyed this book from cover to cover. Got confused sometimes when someone would be called by their first or last name in the same paragraph (angel and then Diaz) as to who they were talking about but I got it figured out. Looking forward to starting book 2 tomorrow!!

A crazed Mexican drug lord has captured your partner. You heard a female CIA agent used to be his girlfriend. You kidnap her to make a trade. But the more sinister plot is by high government officials to kill POTUS. Kept turning the page.

This book and the characters who's stories are being told, hooked me from the very first line. I read the entire book in one sitting I couldn't wait to see what was going to happen next. Many times I caught myself holding my breath and gasping in shock at the unexpected twists and turns of the plot. Very well written one of my favorite authors and I look forward to reading the rest of the books in this series as well as other books she has written.

Just finished this book and I have to say I did find it quite good. I think if I was buying a book I would be put off by the cover - the body is gorgeous but it's not what the book is all about and I don't think it is 'Romantic Suspense' either! It is an action thriller with romance thrown in.

All the elements are there - USA secret agents, CIA, a threat to the American president and two gorgeous leads. I am not sure the characters are rounded enough - I didn't quite believe the fast pace of the feelings of Brody and Kate - a little more tension = will they won't they - would have been good. I got a little bit bored with all the time in Mexican village but once the threads had been tied together the story moved on a pace and it was much better.

Having said all that I am ready to move on to the next in the series.....

I read this book as part of the '9 ways to fall in love' anthology. It started out well, but then just dragged and dragged and dragged. Did I mention how much it dragged? I skimmed the last 30% at least. I really wanted to like this one, but nope.

Gifted to me for an honest review.

A kidnapping that was planned in order to save a Falcon Agent and the person kidnapped was not supposed to get hurt. Only when does a plan go right when dealing with a drug lord that wants revenge on her.

Kate Stone awakens to someone in her home, a home that has the best security system but for Brody Hawke apparently it was not as high tech as she thought. Brody thinks that Kate can't fight him but she almost out ran him and she certainly knows how to defend herself because he was sporting a nice shiner. Now that he has her secured it's time to get A.J., the Falcon Agent his friend that has been held captive for two weeks by a ruthless drug lord, Oscar Chavez.

A.J. has been held captive and has been tortured but for some reason he has not been killed now he is talking to a woman that came with Brody. She is badly beaten but she is stronger than him and a plan is made and it's time to put it in play. Kate is able to secure the guards and she knows exactly where to go since she used to live with Chavez for one long year. Only that it seems that they may just burn up before they can escape.

Some very powerful government people want more power, power to be able to allow the Cartels to have more access to move their drugs and other things more freely across the border. Frank Hamilton and the Falcon agents are not going to let these people go anywhere near the President and some government officials will be going down. Once Frank found out what they planned for A.J. they knew that they needed to act quickly because A.J. was going to be killed.

I immensely enjoyed Out of the Shadows and I know that I kind of read them out of order but at least I'm better understanding how the series started. The characters are all very interesting and very well developed. The storyline is captivating and well rounded. Kate is a very strong woman that won't leave another man behind even if it means that dying. Brody is a man that does what he wants without thinking about the consequences. Only that he will also not leave A.J. behind even if it means his own life. I really enjoyed seeing how Brody and Kate were growing closer each day and the chemistry between them was hot. I loved

how Brody broke down when he saw a battered Kate especially when she was shot. I love a man that shows their true emotions. The writing was clear and focused. The story flowed perfectly, with everything happening with a reason. Believe me I could not put this book down.

Out of the Shadows is a great start for an exciting series. I know that I read Book 3 Out of the Night first but oh well at least I'm getting the sense of how everything started. These Falcon Agents are loyal and true friends that will be there for each other no matter what. I know that I had tears rolling down my cheeks at the very end. I love that Brody Hawke was able to find out the truth about his father and he was able to get closer. I can't wait to read the next installment. I know that I will be starting it tonight.

Mistie says

Good book with a strong and sexy alpha male that "meets" a woman who is his equal in every way. My only suggestion is to get an editor who knows how to spell in Spanish. It's NOT "señior." It's "señor."

Elaine says

Out of the Shadows is part of the Falcon series by Geri Foster. WOW! Geri has a great line of alpha male yumminess! Brody Hawke loyalty to his friend is admirable. He will stop at nothing to save him. Kate Stone is a CIA Agent that Brody dragged into his quest to save his friend. The chemistry between the two is smoking hot!

Out of the Shadows was one of those books that you can't put down! In my case it was an all-nighter with Brody and Kate! I look forward to more releases from Geri Foster!
