Anne says

Long on sex, short on story. Didn't like the girl, didn't like the narrator.

Janette Lopez says

Orrignal, creative, and sweet what more can you ask for in a short story? Well nothing really. This follows a woman who was taken as a child to be of service and actions off to the highest bidder. Well the man who brought her was the boy she had loved as a child and he promised to come after her. Now he is a worrier who kept his promise to come and save the girl he had always loved. This syfi book was awesome.

Cilicia White says

Tracie R says

Sempia was born into a life where she was trained to please men and her virginity would be auctioned off to the highest bidder who take it and then claim her as his sex slave. She dared dreamed once that she would have a home of her own with the boy she held dear to her heart but she dismissed the thought as she knew it could never be.

On the day of the Auction Eterin waited to lay claim to what he had always known was his SEMPIA.

Eterin is not the boy Sempia remembered he is a seasoned warrior and a man that wants to possess her at any cost. He also has Pararyio in his life a man who eyes hides nothing especially the fact that he wants to share them both.

This book contains hot sex and adult language so have your fan ready.

Cheri says

As advertised this is a super steamy, MFM story. It was a short read and had sex sprinkled with a story line. The author always manages to give us a background, brief but enough to make her characters likeable and hot. The beginning of the book makes the outcome a surprise.

Sempia has been raised as a sex slave. Her training is to come to an end with her being sold. The sale is first a performance play for the masses. Little did she know her new master is...well read it to find out.

Enjoy how the partnership of two becomes a relationship of three. Prepare for steam and a short hot ride.

Talltree says

Smutty n enjoyable menage SFR novella. 3.5 stars!

Angie says

maybe 2 and 3/4 stars. I wasn't holding high expectations for this book, but it still fell a bit short. As with

most novellas, I wished for more. While some description is provided, I've never understood how someone can really be trained as a sex slave and be a virgin. It's not well described. There isn't much to the story overall. Also, I had trouble envisioning some of the scenes.

REVIEW FOR STRENGTH IN NUMBERS BY REAGAN HAWK

Born into a low station in life, Sempia knew from childhood she would be trained as a sex slave, one meant to do the bidding of her Master. Eterin, her childhood friend, knew he would be used in the battles...most certainly to die young. As these two young people grew, so did their love for each other, until the day they were parted. Eterin promised Sempia he would return for her. Years have passed and it is now Sempia's day to be sold. Even knowing this was to be her role, she is still hesitant and yet curious. When her innocence is finally taken by the man who is to her Master, she is shocked to find it is Eterin who has claimed her. But it seems that Eterin has had help in his scheme to claim the woman he loves. Pataryio and Eterin have been friends for years . Pataryio has agreed to help Eterin claim his woman and secretly hopes to be included in their love...for he has longed to be with Eterin too. It is Sempia who sees the possibility of the three of them forever. Will her love and acceptance be enough to bind the three of them ???

Melissa says

This is a short steamy story. Sempia is born to a life of sexual slavery. She has always known what that entails and hopes that she can become famous in the arena. She still remembers in her childhood how one boy, Eterin, said he would save her. She has since given up on that life. Little does she know that Eterin did not forget her and has come to save her. He did that the only way he knew possible. He was the one that purchased her. However after the main sex scene there is a twist. Eterin's long time friend, Pataryio. They have loved each other for years and did not realize it until Sempia pointed it out to them. It is an amazing story of unconditional love.

Laura says

LOL I just finish this book and could help chuckling and even my description of the book that shared with my Husband made him chuckle too. This book was basically short, sweet and to the point. It had a short story line and three sex scene. And for the life of me, I can't picture any man even an alien with more than one penis, it was rather absurd to make a character with four cocks, for that reason I only gave this one three stars.

Kelly says

I'm predisposed to enjoy sexy sci-fi for the most part, but this story didn't really feel like it had enough going

on to fully engage me. There's sex. There are aliens. I was a little confused about whether Sempia wanted to be a sex slave or what. There were times she was totally turned on by what was happening in the arena and then there were times she was all upset about what was about to happen. The sex was nice but the overall goings on never quite hit home for me. However, I do like when we get a little dude on dude action, so that's a plus.

Lowly born Sempia was trained to be a sex slave. Now that her training is complete her virginity is to be auctioned off to the highest bidder. Sempia knows that her dream of having a 'normal' life with her childhood sweetheart is just a dream.

Eterin is that childhood sweetheart. He is now a seasoned warrior/outlaw and has come back to claim Sempia as his own. Eterin's partner and friend wants them both.

I loved the fact this story begins at the auction. Eterin has to publicly claim her virginity in order to buy out her slave contract. The buildup to the taking is extremely hot. You get it all! MMF MFM FFM a little bit of just about everything. If you like a 'quickie' that's hot and fast paced this story is for you.
