Temptation's Edge Tanya Holmes

After two years in Saint Mary's Asylum Coltrane Dawson is ready for the world, but is he ready for love?

Cole Dawson's life is filled with solitude and one-night stands. Get on, get off, and get out—that's his motto. Anything more would expose the darkness that still lurks within him, a darkness he's not willing to share with any woman. That is, until a chance encounter puts him face-to-face with the one he's wanted since forever.??

Self-doubt and a crippling case of writer's block have all but destroyed Nina Gray's career. Everything changes after Cole shows up as "The Entertainment" at her birthday party. And when they cross paths again, entering into an unconventional business arrangement that some deem scandalous, the two embark on an emotional journey of discovery, forgiveness...and perhaps even more.

*Author's Note: Temptation's Edge is a standalone, so if you haven't read **Within Temptation**, you'll have no problem reading this one. New hero. New heroine. New story. Also, Book #1 was a romantic mystery. This book is a straight contemporary romance.*

“What’s wrong?”

“I’m distracted, Nina.”

“By what?”

Cole shook his head. “You don’t want to know.”

I studied his face, the wariness in his eyes said everything. “It’s the voices again, isn’t it?”

“Uh-huh.”

“They’re speaking to you now?”

He nodded, his eyes never leaving me.

“What are they saying?”

“I repeat: you don’t want to know.”

“Yes. I do. I want to know everything about you,” I said with sincerity. “Tell me.”

His brows crested, slanting in the most adorable way, like an upside down V. He swallowed, licked his lips. “They’re saying I still want to fuck you.”

“Still?”

Cole’s expression went from serious to disbelieving. Then a barely-there smile curved the left side of his mouth. “Obviously the word ‘Fuck’ didn’t register on your radar. But ‘still’ did.” He nodded to himself. “Interesting.”

I so want to read this one, but I do hope it's going to be better than the previous book.
