## The Bad Boy B.A. Stretke

Cameron Hayes doesn't like people. He tried the whole friend thing years ago and all it did was destroy his life. Since then he has thrown himself into school and is ready to graduate with his masters, years ahead of schedule. When all you have is school and work, you know where you stand, and you don't get hurt again. When an acquaintance forces him to go to a warehouse party with her, Cameron finds himself in his own personal hell. He's stuck in the line for the bathroom listening to someone have sex. When the two men emerge, Cameron is disgusted by the talk, dark, and handsome bad boy biker working the crowd. When the biker shows an interest in Cameron, he makes it clear that he wants nothing the biker has to give. Inexplicably though, Cameron cannot get the biker off his mind. Bryn Keith is a name that will just not leave his thoughts. When Bryn keeps pursuing, Cameron knows he should push him away, but can feel himself getting pulled in. Danger and secrets large enough to destroy everything are lurking around the edges of this love story. Can these two opposites find a way to make it work?

Bryn Keith was tired of waiting for his mate to come. He watched as his clan one by one found their fate-destined love and yet he was still left empty-handed. Bryn decides to throw caution to the wind and live each day like it's his last. He is hell-bent on sampling all the sexual delights Laramie has to offer. That is all well and good until his exhibitionist side puts him on a collision course with tawdry bathroom sex at a warehouse party. He realizes to his horror that his mate has witnessed the entire spectacle and is now repulsed by the sight of him. How can Bryn win over his mate and not lose his one and only chance at a forever love? Bryn needs to show his real self, the kind and devoted man that lies beneath his bad boy persona or he is at risk of losing everything and failing his quest.

## From Reader Review The Bad Boy for online ebook

### ~Volha~ says

I love the series so I naturally loved the book. Although I would have loved if the book were longer it was still a nice read and very enjoyable.

---

### John-Torleif Harris says

#### One of my favorites from this author

I loved that Callum was so strong in this book. He had experienced so much rejection in his life, up to that point, that it was amazing that he hadn't given into despair.

Bryn had started to despair and it caused them to meet at the worst possible set of circumstances. Callum distrusted and felt repulsed by Bryn's actions and Bryn really had to prove that he wasn't the person that he presented to the world.

I have to say that the cliffhanger at the end of this book was definitely intriguing, but so very frustrating as well. I was already going to buy all of the books in this series, but now I feel like I can't wait to find out what Clan Keith was given!

---

### Aki | nose buried in books | ❤? | says

it didn't work at all for me.

No characters development or depth, I didn't feel the connection between mcs, and the pace was too fast with too much elements.

I read this book until the end only because it's a short novella.

It was my first book by this author and also the last I think, non my cup of tea, sorry.

---

### Amanda Jones says

This was a cute little book. I liked it so much I should have started with the first book in the series. So now I'm off to read those. Happy New Year!

---

### Monica says

#### Yez! Love this series

Love this amazing and fun and sexy and a bit dangerous dragon series! They were so much fun! And nooo! I

can't wait for more! The torture!! Lol ;)

---

### **elizabeth stevenson says**

#### **More ,more, more!**

I love everything this author has published in this genre and can barely wait for each book, this one was just as satisfying ,and more. I have one complaint about this book it was too short, I wanted more. This couple left a positive vibe and that felt unfinished and a happy cliffhanger ending. Can't wait until the next book!!!

---

### **vanessa mirabal says**

#### **Perfect**

Wonderful read as always didn't get to know the surprise in the end but hoping its in the beginning of the next book great job as always B A Stretke

---

### **Daphne Cochran says**

#### **WINNER**

One of my favorite series. Great story, can't wait to find out what the coven sent. Always auto buy if it's from this author.

---

### **Anna Stark says**

#### **Blood M/C**

Wow a great read, cannot wait for the next. I'm hoping that someone mate gets pregnant. It would be great..

---

### **Ally Lupold says**

#### **Good start to the series!**

I hope this isn't the last book in this series now that I'm hooked. Also why after so many years are none of the fated mates pregnant!? The only child is the half human/vampire born to a female adopted by his uncle and dragon shifter mate. The purpose of them coming to the states was to find their true mates and procreate. Something they are abysmally failing at even so the stories are great ? but I want mpreg and babies. There can be a few different mixes with the different matings.
