The Cat on the Mat Is Flat Andy Griffiths , Terry Denton (Illustrator)

Muck?! Uck! YUCK!

Is it just bad luck
when the truck of a duck
gets stuck in the muck?

Nine silly rhymes,
and a pig that slimes,
from a writer voted BEST
by *The New York Times*!

WARNING: This book may self-destruct if used to teach a lesson.

“...The rat chased the cat.
The rat chased the cat with the baseball bat.
Around
and around
and around the mat
the rat chased the cat with the baseball bat, until...
KERSPLAT!
Never again did that cat chase the rat—
the cat was much too flat for that.”

Hallie Bourke says

It was very easy to read but is was funny at the same time.

This book is, in my mind, in a category all it's own. The author writes for the niche audience of early elementary schoolers who might be struggling with reading. Because it's in chapter book format, children need not be embarrassed for reading below their level. Can easily be disguised as a Captain Underpants read-alike with the playful doodle-esque illustrations.

This book was a PERFECT find for my 1st grader. It is a book of silly rhymes with silly sketches. It starts out fairly easy to read and then gets a bit more difficult. It really helped with his speed and fluency, and it made both of us laugh out loud. The book is quite thick (166 pages) and he feels proud reading such a big book, even though it is fairly easy to get through. And I know that he will want to read it over again and again. It is my favorite book for this age group. LOVE IT!!!

A must read to beginning readers or for transitional readers. The giggles multiple if you read it after The Fat Cat Sat on the Mat by Karlin. Hello, Parody! Glad to meetcha! Its this kind of silliness that keeps my boy interested.

Jack Perry says

I chose this rating I was like OMG LOL

Nice books Andy and terry so funny like that cat got crushed under a base ball bat

Mckelle says

This book is perfect for learning readers. It has a lot of repetition of words and word endings to help the young guys, yet it is also a lot of fun. My kindergartner loves to be read to, but isn't yet crazy about reading

himself. This is the only book thus far that he has actually wanted to read. I'm a fan!

Meaghan says

Laugh out loud funny (for Sam & me), and a workout for the reader. A favorite to read on the bus for us and for those sitting around us.

amazing book

Isabella's review #4 of 1000: I like the book because it was funny. My favorite one was
"Pinky Ponky,
The Shonky.
Wonky,
Bonky
Donkey"

because her legs are wonky, her brain is bonky, her tail is shonky and because she is a donkey. I like donkeys because they have stuff that you can pull and you can sit on them and ride them like horses. I know someone that sat on a donkey: Carmen from church.

In one of the stories someone says yee-haw to a pig.

100 stars.

love, Isabealla.
to the reader.

Mary Ann says

fantastic book for early readers who want to feel like they're reading a big chapter book. controlled vocabulary (all rhyming, short words - would support a phonics approach very well) but humor that kids will love

H says

The book was read.

And then I went to bed.
It was good in my head.
The cat is dead.

No cats were harmed in the writing of this review.

This is Shel Silverstein meets Dr. Seuss... sort of. This children's book is as much fun to read out loud as it is to hear it read. Because of the cover, which is a little dark, my five-year-old daughter wasn't originally interested. But when it was my turn to choose the book I chose this one and before we were done with the first rhyming story, she was captivated. Highly recommended.

Martin Goranov says

I think it was a pretty much funny one!

Tina Reitz says

Really cute for those new readers! With great sight words and popcorn words.

Lorri says

My son really enjoyed this at 5 years old. He enjoyed being able to read it and not feeling intimidated by the words. Also it made him laugh and we laughed together. Loved it!
