**Their Virgin PA (A Virgins Standalone)** S.C. Daiko

Two alpha billionaires. Both Mr. Wrong when I'm looking for my Mr. Right.

Blake and Declan. My new bosses. Super-hot but like night and day.

*One dirty and kinky... a playboy*

*The other, deep, dark and brooding*

They make me want things I've never wanted before.

They make me want THEM.

And, when I discover their deepest secret,

I can't help thinking...

*Maybe two Mr. Wrongs CAN make it right...*

A contemporary menage romance with plenty of heat and heart, Their Virgin PA is fun but emotional... and packed with steamy scenes that will leave readers gasping. An incredible three-way love story from award-winning author SC Daiko!

## From Reader Review Their Virgin PA (A Virgins Standalone) for online ebook

### Elizabeth Mularski says

This story centers around Declan, a brooding, with a touch of darkness due to past demons dominant alpha man, Blake, his best friend and secret love, playboy, fun and also alpha dominant man and Sara, their pa who is a sweet, innocent, compassionate and open minded woman. This story starts with a simple romance between Blake and Sara, with Declan secretly pinning for both of them. Sara decides it should be the three of them and sets to help Declan overcome his past and include him in their romance. The chemistry is exciting and sizzling between all three. There is drama, angst, anguish and the sexual aspect is dirty in the best way. I was captivated from the first chapter until the very end. The writing by S C Daiko is wonderfully crafted to keep you interested. 5 stars all the way throughout this book. Worthy of a one click for sure!

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

---

### Jessica says

Their Virgin PA is a steamy ménage romance that has a lot of heart. Sara starts working as a PA to two billionaires who have playboy reputations. As she gets to know Declan and Blake better, attraction and emotions start to mix in to respect and trust. Starting a relationship with Blake, but knowing Declan was needed to complete their hearts. But when the press finds out about their relationship, will it be too much for everyone to handle, or can they find a happy ending, the three of them together?

Oh my goodness, not only was this books steamy hot, but it really sucked me with the emotional aspects. I loved Sara and her openness to new experiences and her outlook on love. Declan really had to overcome some emotional ghosts before he could find his happiness, but I loved the support that Blake and Sara offered him. Blake was kinky and fun and really brought that needed element to both Sara and Declan. The three of them really complimented each other. The plot and conflict of this story was interesting and I loved the ending! If you are looking for two take charge men and a caring women to bring everyone together, this is absolutely the book for you!

### Joelle says

#### Sara and Declan and Blake Their Story

This was an enjoyable read that we read in one sitting. I found that the story had like able characters all with different characteristics one serious and the other reserved and one that with a huge sense of humor. The story had an intriguing plot where both bosses are bi-sexual but, both have been leading the playboy life in hopes of forgetting who they are really in love with and that is each other.

Sara for me was the best character she just had a huge sense of humor she made me laugh so many times throughout the story and had one of the biggest hearts. Sara was just one of those easy going characters that have that take it or live it attitude. Her bosses wealth doesn't impress her and she sees them for who they

truly are and thinks they are a\*\*es but she needs the job so she was willing to tolerate them but, what she didn't count on is being attracted to them both.

For Sara she was virgin waiting for Mr. right but, Blake has somehow talked her out of her panties and now they are both trying to keep their relationship under wraps. Sara and Blake make one hot couple in and out of bed. This author created some very hot steamy moments for this couple that we really enjoyed. Sara was no shy virgin and she brings out Blake's dominate nature as well of all the things that he loves about sex to be and that is down right dirty. I found Sara to be adventurous as well as demanding when it came to her own sexual needs.

I have to say that Sara turned out to be my favorite character she was just so much fun, had a big heart, she was kind and caring sexy, smart and willing to put her lovers wants and needs ahead of her own knowing that her choices could lead to losing the man she has started to fall in love with.

I loved how Sara brought about having two friends finally acknowledging their feelings that they have had all along for one another and that they have been in love with each other since they were teenagers even without Blake or Declan realizing what she was truly up to. For me Sara made the ultimate sacrifice knowing that if she was going to create a life with Blake someone else was going to have to be part of their duo.

Blake and Declan were total opposites were Blake tended to be the Dominate and demanding type who liked sex dirty and raw Declan was the one to take his time with his sexual partner and be more of a sensual loving and caring lover. Sara has the best of both worlds.

And awesome read that was Hot ! Hot! Hot!

This author knows how to write some seriously hot reads. I really enjoyed the characters as I loved how different each were but complimented each other and the saucy mix satisfied the needs of each in their menage relationship. I loved the story from cover to cover and I have to say that I really loved the ending.

My Random thoughts....

Although I loved the story and liked the characters I never felt myself drawn to anyone of them or formed a connection with any of them. I just felt no matter how hot the sex was or the chemistry this menage had I never felt the love they had for one another. Does this make sense? Did they having feelings and love one another yes but, when they said they loved one another I didn't feel that love. I guess what I am saying I never felt that emotion of what it feels like to be in love. I never felt their passion for each other. Maybe I feel this way because I didn't form a connection with any of them and that I just liked the characters but, didn't love them. If any of you have read Their Virgin Nanny you would understand how I feel as from the very beginning of that menage relationship you felt the deep connection they had among one another and the deep emotion that developed between this tree-some (you felt the love between them). I just felt that the characters were a bit disconnected. Feeling the way I did it was still and engaging read that had some ups and downs and ones struggle to overcome the prejudices of another and the havoc that ones jealousies can create for a couple of billionaires already in the limelight .

We are really enjoying this authors stories and as always looking forward to her next release.

Recommended read to all! We are giving this story 5 stars

## Allyson says

### STUNNING, EPIC, PASSIONATE

Their Virgin PA is more than just a m/f/m relationship and the common core problems, struggles in the work force that we have seen in other novels. S.C. Daiko has brought in another dynamic within her story that showed emotion, feelings and so much love displaying between her characters. I fell in **absolute LOVE** with Blake and Declan. Their life long friendship turn business partners turn affectionate... towards Sara was brilliant and Daiko did a marvelous job in writing their story.

*"You only get hurt by people who occupy a part of your heart."*

Sara holds her virtue in her hands until working as a PA for two self made billionaires turns her mundane life more... interesting...kinky! As her new infatuation for Blake escalates, she begins to learn deep secrets that could cost her bosses a great deal if word got out. Her caring nature wants to help, but in doing so, her heart is trapped in between.

*"They're my Mr Wrongs, but they make me feel absolutely right."*

I love ménage romances and S.C. Daiko knows how to deliver. Her writing is effortless, flowing from page to page. Before you know it you are finished and wishing there was more. I loved the dynamic in her characters within this story, the inner struggle with Declan but then the passionate friendship with Blake and love with Sara. Let's not forget the steamy intimate scenes in the bedroom, office, etc. Daiko knows how to turn up the heat!

This is a MUST READ if you like well written, epic inter-office, ménage romances!

## Linda says

Deliciously Delightfully Dirty ; just to say a few things. "Their Virgin Pa " was that and more, a hard to it down read. Why? Well the characters of course ; Sarah our somewhat naieve virgin whom starts out not quiet liking her bosses, classifying them both as MR wrong's , considering them playboys and arrogant ones at that.

Our two hot sexy self made British Billionaires Blake and Declan; both joined at the hip since childhood, both playboys but are they ? Or have they just not met the right women yet?

Both men find themselves attracted to our lovely Sarah. To spite Sarah believing both these men MR.Wrongs since she is seeking her Mr Wright the man to surrender her virginity to and hopefully have a life with, which is why she tries desperately to resist her attraction to Blake . Both of them fail miserably . As Blake expands Sarah's sexual horizons , Sarah becomes a strong and sexually confident women willing to step out of the box ; open to new experiences ; such as including Declan in on the play .

Ms Daiko, delivers a well moving story with good character development , spicy sex scenes including m/ f, m/f/m and m/m .

Squeamish over any of those situations , then maybe this ones not for you ; curious or just love a good ménage ; well don't miss out!

Arc copy provided by author in exchange for an honest review .

### **Tessa says**

I will be stocking up on Nutella!

Their Virgin PA is delectably dirty. This book will have you hot and bothered for days. Two sexy as hell British billionaires with lifestyles that are only dreamed about. Sarah, their newest PA is as innocent as they come, and little do they know she's a virgin.

Declan, Blake and Sarah will discover something that few of us will ever know. The pages are filled with sweetness and utterly dirtiness. I loved it! Their Virgin PA will open your eyes to a sensual desire burning within and open your mind to all sorts of possibilities.

Grab your copy today and keep it close to your bed for those restless nights.

---

### **Danielle Thompson says**

I stepped out of my comfort zone for this book, but it was a good read. I enjoyed the storyline, but the more racy scenes were just a little too much for me personally.

Sara, PA to Declan and Blake, finds herself attracted to both men. Little did she know both men carried a torch not only for each other, but for Sara as well. When Sara decides to lose her virginity to Blake, she learns that he is bi-sexual and is still in love with his first, whom she soon discovers is Declan. Her plan is to get them back together, but she never dreamed where it would go.

### **Michelle says**

5 Star ++

This is the third book in this series, each one is a standalone read and all have been great reads but, Their Virgin PA - is the best and also the best book I have read to date from this author.

Very well written, story flows and will keep you turning until the very end, I was sad to read the epilogue because sometimes a book is that good you never want it to finish!.

Blake and Declan Self-made British billionaires but sometimes you need to look beyond the power & money

to discover the real gems.

Sara a feisty girl looking for the 'one', who soon gets a whole lot more than she was searching for.

A very hot kinky read with one hell of a storyline that proves sometimes two wrongs do in fact make Mr Right.

Contains Hot scenes m/f m/m f/m/m m/f/m

### **April Symes says**

Their Virgin PA is more than just a m/f/m read; it is another dynamic within her story that showed emotion, feelings and so much love that is displayed between the main characters that brought this story to life. If you've read Game On then of course you will know Ryan and Sara (the PA) is his little sister and this is her story. Blake and Declan are the sexy, steamy hot Self-made British business partners/billionaires who are lifelong friends who end up turning that friendship into something more intimate. Then these two men turn their attentions toward their PA Sara. Sara holds her virtue in her hands until she finds working for two self-made billionaires' turns her ordinary life into something extraordinary, hotter and definitely steamier. As she finds herself attracted to both men, she finds she is open to experiencing to doing things she would never do but only doing those things with them. Sara finds at first she would like to lose her virginity to one over the other but then she finds she is attracted to both men. As she is with both men, she learns a secret that impacts their relationship. Will it spell the end to them or will it strength their bond and this help build that bridge to make them an unstoppable force (Declan, Sara and Blake) ? Only way to know is by reading this super steamy romance read. The only note I have is that I would have liked the ending to not have been a tad rushed. Overall this was a great story and I loved reading Sara, Declan and Blake's HEA.

My Rating: 4.5 stars \*\*\*\*\*

"I received an advanced copy of this book from the author at no cost to me."

### **♥?Fantasy Land Blog Book Reviewer♥? says**

Man, I love S.C. books just because of how different she goes with them. Yes, they are MMF books, but she brings such a great story into it that you have to read her books in one sitting.

This story started out with Blake and Sara starting a relationship. But knowing at some point we would get out the threesome. I was hoping as always with her stories that we would get some MMF, but this one was deeper. Childhood love between Blake and Declan made the story deeper.

Loved this story. A must add to your collection. If you haven't figured it out, this book contains MF, MMF, MM relationships, and an HEA. No cheating.

I voluntarily read an advance reader copy for my honest review.

---

## **Gladys says**

Their Virgin PA is a scorching hot read. Packed with a variety of blistering, steamy scenes and hot situations that include M/F, F/M/M, M/M and M/F/M. Complex characters must deal with their pasts, their feelings for each other and hopefully find a way to get a HEA. This is book #3 in the Their Virgin series but all the books are standalones. A great read that is entertaining, fun, sexy and emotional. It is the perfect choice for fans of very hot and sexy books that feature ménage and M/M scenes. I am posting a voluntary, honest review after reading an advance copy of this book.

---

## **Jenny Prose says**

### 4.5 Stars

I have loved every book in this series by this author. I was so excited for this book, because no two books are the same. Yes they are ménage and yes they have a virgin, but that's where the similarities ended. Which means each story you get a new poly relationship storyline. You get to meet and fall in love with these great characters that the author develops within each story.

Great series!

---

## **Heather Miller says**

I did receive a free ARC review of this book in exchange for an honest review I am freely leaving.

I have read a few other books by this author and they are all sexy romance books that grab you and draw you in.

This is the third book in this series, each one is a standalone read and all have been great reads.

In this book we have Sara, a Hispanic curvy young lady. This book is set in London, so, some of the terms / phrases are a bit different from what we in the US do say. She is jealous of her billionaire bosses and their extravagant lifestyles and the way they flaunt their wealth. She doesn't want to be jealous but she is. Sara's brother is a football captain for the Welch team. She is so proud of her older brother and what he has accomplished.

Sara is a virgin and has been waiting for the right guy to come along.

Her bosses are Declan Lombardi & Blake Wainwright. Declan & Blake are two internationally renowned luxury property developers. They have known each other since high school. They do live in the same building, just different 'flat's' connected by a hallway.

Their Virgin PA is more than just a m/f/m relationship and the common core problems, struggles in the work force that we have seen in other novels. S.C. Daiko has brought in another dynamic within her story that showed emotion, feelings and so much love displaying between her characters.

---

### **Maria Hunt says**

Their Virgin PA is an amazingly sexy yet oh so sweet read. Declan and Blake were childhood friends and are now self-made billionaires. When they hire their new PA, Sara, little did they realize how their lives would change. Sara is sweet and feisty. She's open to new experiences and has an amazing view on love. The chemistry between Sara, Blake and Declan is off the charts. Their path to happiness has some definite twists but their journey together is beautiful and will keep you hooked until the last page.

---

### **Book-Lovin-Momma says**

These two billionaires need a PA, and they found a sweet, hot one with Sara. Blake and Declan are as close as two best friends can get, both in and out of the bedroom. Sara perfected their trio, in a way that worked well for the three of them. This was a smokin' hot book, and although Sara may have been inexperienced, she had a great attitude and wasn't afraid to try something different with her two billionaire bosses. Great sexy read with well written scenes!
