Then Came Wanda...With A Baby Carriage Dakota Cassidy

There's almost nothing Wanda Jefferson wants more than a family to call her own, and she's almost got it all with her husband Heath, a beautiful home in the suburbs, and her soul-satisfying work with her best friends as part of OOPS—a paranormal crisis hotline.

Yet still, there's a tiny hole in Wanda's heart she longs to fill with a baby. As she and Heath explore adoption, and finally bring home a beautiful baby boy with the support of their friends and family, everything that can go wrong, does.

First, no one, not even Nina the baby-loving vampire, can soothe the cranky infant. He's cries constantly, bringing Wanda's insecurities as a new mother out in full force. Then banshee, Sal Brice and sexy skinwalker, Grey Hamlin show up, and yikes, do they have a tale to tell—one that involves a diabolical plan that threatens Wanda's newly formed family!

You know what that means, right? Hell hath no fury like the OOPS women on a case!

Nancy Bodie says

Highly recommend!

This was another well written addition to this very binge worthy series! I love these characters! The storyline was a fun ride to experience!

Mary E. Jung says

What isn't there to like about a baby?

It was exactly what you expect from a Dakota Cassidy story. I just love Nina, who never fails to sniff out the truth. The book was funny, but definitely a tear jerker. It is hard to get through some of the more serious parts. It really gets you in the feels can't wait for the next accidental book

Christine says

Another great ACCIDENTAL

Yet a other hit in the series. And yes, I've read them all. A lot more suspense than in previous books but really enjoyable just the same. I liked seeing all the husbands involved. Never suspected the bad guy or the surprise announcement. You've got to read it to find out and I guarantee you won't regret it! Trust me---I'm a lawyer after all.

Scharize says

Ok so...I really suck at reviews so I will keep this short and cute! lol. Ok so this new book of the Accidentals or OOPS (yes!) was to me so a nice surprise. I know what to expect from DC's books and don't get me wrong, you do get the cussing galore and the funny but this book was so much more. It was sweet, and tackled one thing I have seen many struggle with: wanting to be a mom. Wanda is the mother-bear of the group, she is good at being the adult in the worst of situations and she is the one you can always count on. So you think she doesn't have any longings? WRONG!! I always wondered if she ever wanted a baby for her own. And my question was answered. This book is a lil shorter than the others but it delivers. It was a great, fast and fun read. I loved it soooo much and I don't regret cutting my study reading short for this!!! 4 thumbs up!!! :)

Barbara Stewart says

OMG my favorite books are the accidentals. u can't help but laugh in them and have to admit cry in some too. in this one wanda finally gets her baby which is part human part zombie. Sal is a banshee and she is pretending to be someone from the agency to check on the baby. but really he is her bff's baby who was killed. u also get all the old favorites in her, nina, marty the husbands.. just love the books read them to fast and it takes to long for a new one lol..

Mickey says

Hope

Really enjoyed the honesty of loneliness and the need to keep one's self safe by keeping others at bay. I enjoyed seeing the banshee scenario being useful instead of just looking weak. Great story.

Lyn Jenkins says

Baby OOPs

Even with a heartbreaking storyline, Dakota manages to get in as much love and cursing as inhumanly possible. Wit and threats fly when a banshee loses her best friend and discovers a baby. Luckily the 1/2 zombie baby lands in the loving arms of Wanda and the rest of the OOPs family.

Madison says

Every time I think I've figured Ms. Cassidy out, she pulls out another surprise and makes my day. This book touches on the Accidentals we know and love...Their core values, humor, love and integrity while also combining a few tips of the hat to things pertinent in today's society... But with HUMOR. I LOVE it. Ms. Cassidy has a way of weaving a story that takes you away from everything that's wrong in the world and plops you into the middle of an OOPS episode, leaving you feel like you're catching up with old friends as well as meeting new ones.

If I were a paranormal, I'd do whatever it took to befriend all of these characters. Again, this story is written so well to the point that you feel as if you're lurking just outside the characters' lines of sight and you feel their emotional ups, downs and everything in between.

My only request is that I someday get to fictionally be yelled at by Nina ;) LOL gotta love a marshmallow.

wanda flanagan says

I was given a copy of this book in exchange for my honest opinions .The oops gang is back and this time they have a baby zombie, a banshee and a skin walker yeehaw . Get ready for one awesome ride Dakota Cassidy has written another master piece that will have you glued to your seat and turning those pages until

the end . Wanda longs to be a mom, she and her husband decide to adopt and are soon given the chance to be parents .e

Enter the newest member of the oops clan a bouncing baby zombie with a set of lungs that wont stop no matter what the members of the new family try . Sal Brice just wants to make sure her friends baby is safe and happy and will do whatever it takes to ensure it .Grey Hamlin Sal's ex has secrets of his own and is doing his darndest to keep everyone safe because there are some really bad people who are a threat to Wanda's little one and to Sal. . I loved every single second of this book and have to say it is a must read book. One of the best reads I've picked up this year .

Mrs LB says

Would have received 4 stars were it not for this being a very short story.

Ashley says

Baby Zombie?!?!? Yes please. Although this book needed more Carl. Because Zombie!!!

Cheryl Bess says

I thoroughly enjoyed this entire series. I love the snappy, witty dialogue, the outrageous situations and the characters are so honorable and loveable I want to be adopted by them myself! lol I am so looking forward to reading even more of this series.

Kelly at says

Review will be posted at www.books-n-kisses.com .

NUMBER OF HEARTS: 4

Then Came Wanda is a bit shorter than our normal Accidental story but that didn't stop this story from being another great OOPS adventure. I enjoyed meeting Sal & Grey. Sal being a Banshee and Grey being a skinwalker. I have so many questions! I want to learn more about them both. I hope that we get to see more of them in the future.

It was also great to see the Men of OOPS. We don't get to see enough of them! It is always fun to see Nina, Marty and Wanda in action!

I am already looking forward to the next Accidental story!!! Mermaids! That is going to be fun!

Disclaimer:

I received a complimentary copy of this book from Ms. Cassidy in exchange for an honest review. This review is my own opinion and not a paid review.

Donna says

This addition to the Accidentals series has more aww than haha but is still a wonderful read. Wanda and Heath have adopted a little boy and the gang is thrilled for them. But it is going to take an outsider to tell them why the sweet little boy won't stop crying. But by doing so she has put them all in danger. The OOPS family surrounds the wagons and even adopts a few new members. This story reminds us that there is the family you are born into and then there is the family you choose. I loved that even Wanda the sweetest most put together member of the team has moments of insecurity too. I adored this sweet read and revisiting the OOPS gang.

Ukgardenfiend says

This is a fun tale where the OOPS women (and sometimes men) are featured doing what they do best - being witchy, vampiric, talking to their familiars, shifting, and helping other supernatural beings.

And then Wanda adopts a baby - who is something else indeed - and it comes to a great surprise to her to find out just which sort of supernatural creature he turns out to be.

This was my first introduction to the OOPS women (and very much towards the end of the Accidentally Paranormal series) but I expect to read more and they are all obviously great characters and Dakota always writes a really good fun (suspense) novel.
