Whisper of the Blade

Anya Bast

Whisper of the Blade Anya Bast

Emmia feels the emotion of all who surround her. Her Talent is empathy and it's more curse than blessing. She employs her skill as a justice mercenary, discovering criminals and meting out punishment.

Magnus didn't kill his lover, Caith, the way everyone suspects. Now he is lord to a keep filled with suspicious, angry people.

Quinn, part three of the ménage à trois that ended in Caith's death, wants only to set things right and resume the loving relationship he once had with Magnus. He seeks out Emmia and employs her. In a sexual tangle...

But both Magnus and Quinn are drawn to Emmia, just as they are drawn to each other. All three of them become lost in a weave of scorching and erotic desire coupled with emotional need.

Note: Contains scenes of male/male sensual intercourse.

While this book can be read as a stand alone, Emmia appears in Lauren Dane's Sword and Crown.

Carole-Ann says

Another one in this silly series, with lots of sex and still PNP.

Heather says

short story

~Sara~ says

Not a stellar read by any stretch of the imagination, but it gave me an hours break from packing so, for the much needed distraction it gave me, it gets 3 stars.

The story was pretty unique, the characters weren't developed but were likeable, and I think there was some sort of plot buried in there somewhere... ;)
