3.5 for me, only dipping *slightly* in rating. That cliffhanger! I really want to know what breakfast Souma has thought up.

Love this manga and Megumi is sweet as ever. I think she's my fave character.

The adventures of Soma and his friends continue. I'm enjoying the new nemeses introduced, as well as the various cooking challenges at the "hell camp" -- I like to see how each challenge is resolved, and what delectable dishes are improvised. I also applaud the fact that Soma doesn't automatically win everything, despite the fact that his cooking is apparently superior -- most of the time. That ounce of realism keeps the stakes high, as we never know exactly who will win the challenges, and in my mind personally, there's always the chance he may lose.

Misa Niranon says

Volume 4 consists of chapters 22-30.

zHAHAHHAA. That magical cabbage moment. Nooo.

It's interesting to finally have Tadakoro become the lead chef while he becomes the sous chef. I think that the most of us were starting to wonder if she was always going to be a follow to him and now is her moment to shine. Of course, he's still as awesome as ever and even the teachers know that as he continues to support her and guess her next moves while keeping up with his own station. That would be pretty cool to see in real life.

COME ON, 'Hell's Kitchen'!! HAHAHA. I'm so behind on that show.

I totally thought that that one teacher with the short hair was a dude but then I saw "that scene" and a skirt. Yeah. Nevermind. Shinomiya is one of my favorite characters. He's so good looking. That megane.

Man. I want to try the dishes that they have in this series but I'm too lazy to make anything. Oh, well. It's probably going to be something along the lines of me not wanting to eat it because I'm pretty picky. My palate isn't that great, either. HAHAHA. I don't like a lot of expensive foods that we have here.

Whelp. She lost. GAHH. Well, yeah, of course. Not everything goes the way that everyone plans it but there's a twist! There's so many details and chapters in this series and packed into one volume. Unlike 'One Punch Man'. HAHAHA. Those chapters I can read really, REALLY quickly.

I would definitely not survive a challenge type of school. HAHAHA. I mean, I think that I can stay awake but I'd be like a zombie. I wouldn't be able to think very well but I can definitely pretend that I'm still confident. Polar Star Dorm is pretty good. I'm glad.

We get to meet some new antagonists, too. OOOOOH. HAHA. These names. There's so many puns.

Uh oh. It looks like there's something wrong with Souma's food. He hasn't even given out 10/200 servings yet.

AND THEN IT PAUSES. So we'll get to figure out just what went wrong in the next volume. MAn. HAHAHA.

I've been trying to figure out which episode of the anime that I'm on but I can't seem to figure it out. I looked up the one that I've currently been set on and it seems like I'm way behind but my sister's shows that we're on episode sixteen. of course, I'm not sure if we're both still watching the anime together so it could also be wrong. Uhhh... I think that it's correct for now but I'll have to check it within the next episode.

I love these! The manga is also really good and they all make me smile! :)

3.25 out of 5 stars.

“If you want to stay, then prove your worth!”

I didn't enjoy *Food Wars! Volume 4* as much as the previous volumes. It's a rather entertaining read, but it was kind of bland compared to the previous volumes.

Even so, this is the perfect volume for Megumi fans—she truly *shines* in this story.

“Megumi-chan really is the best after all.”

This volume has more intensity and humour compared to all the previous volumes. I really liked this one the most compared to other volumes I've previously read before. This volume definitely will make you want to read more to know what other challenges will Soma faces and how he overcomes them.

Jesus Flores says

[aunque Tadakoro prepara un buen platillo, como es lógico pierde, pero debido a que el chef juez principal sabe sobre el estancamiento del chef que compite, lo medio obliga a cancelar la expulsión, lo que si el enojo de Soma es medio ridículo, en serio pensaba que podía ganar (hide spoiler)]

I am loving Food Wars! It's difficult to review a graphic novel let alone when it isn't the first volume. I am loving the characters more with each volume, and my favorite has to be Megumi! I love her so much! Her hospitality, her caring. She's shy and insecure but she's starting to work on that and realize she can do it if she sets her mind to it.

I also love how Dojima looks at the students skills, not their background. How he gave Soma and Megumi a chance. You can also start to feel the group of students getting closer. This manga is really growing on me more with each volume.

But what is with that cliff-hanger?!

That ending though! What is going on with Soma? This is absolutely crazy and I'm loving everything about this series. I cannot wait to continue reading it and catching up on the anime. I will have a full review posted soon.

This is the! One! I was waiting for. Love the series per se, but some volumes just bear absolute highlights and Kojiro Shinomiya will always be one of mine. Him eating Megumi's dish is all the feels to me! Can't wait for more to come!

Ashley says

Shokugeki no Soma - Food Wars! Volume 4: Resemblances picks up where the last volume left off - Megumi is dangling on the edge of expulsion and now she and Soma must find a way to impress the arrogant alumni in an unofficial shokugeki. Let's break it down.

Megumi and Soma vs Shinomiya gets Megumi a surprising amount of character growth this volume and it was a good boost for her character! We get even more insight to her extremely intense anxiety and we get to see her work at overcoming as she slowly begins to build a little confidence. We also see a side of Soma we haven't seen yet - one that has suffered a defeat. Because even with the results being a tie, that was merely a twist of fate. Soma has to learn that failure sometimes comes along, too. As for Shinomiya, they gave us a backstory for him that I wasn't expecting, so no doubt we'll see him again. I did quite enjoy the story as it gives us a reason for why he was so defensive over Megumi changing his recette. I just love Shinomiya, okay? ❤?

Soma aside from learning how to handle defeat, it seems Soma is in quite a bind at the end of this volume. Something has happened during this Buffet breakfast and it's causing Soma not to be serving enough food to the customers. We don't yet know what he's chosen to make, but whatever it is isn't drawing as much attention as Erina's beautifully done Eggs Benedict, Takumi's Insalata Frittata, or Megumi's Breakfast Stew. I have faith he'll figure out a way to pass, but things aren't looking well for her right now.

Mystery Girl and Scary Guy who are you? I don't like the girl. She reminds me of Erina. Now her friend seems interesting. He screams tough guy even if those bags under his eye make him look a bit wimpy.

Erina... I still hate you. Surprise surprise.

This volume was pretty action packed and managed to still squeeze in enough story and backstory to satisfy the reader! 4 stars out of 5.

Rolando Marono says

Los problemas que tenía con el volumen anterior fueron solucionados en este. Vemos la continuación del volumen anterior: Soma y Tadokoro se enfrentan contra un graduado de Totsuki para evitar la expulsión. Sin entrar en spoilers, el reto es muy emocionante. Dojima, el encargado del resort, añade algunos detalles al reto para volverlo más interesante. Los autores aderezan las escenas de cocina con flashbacks tanto de Tadokoro como de Shinjima, con eso podemos entender un poco las motivaciones, las inseguridades de ambos y lo importante que era este duelo para el futuro de estos dos personajes. El resultado del duelo de nuevo es sorpresivo, obviamente se intuye un resultado pero aún así el autor se da la oportunidad de añadir algunos detalles sorpresivos.

Tras el duelo, podemos ver otro lado de Soma que no habíamos visto y que es sumamente interesante. Esta serie mejoró muchísimo de su volumen a anterior a este.
