Apartment 21, part 1

### **Erotic romance novella serial**

Women call me a manwhore, then they call me for no strings sex. Men call me an asshole and a prick and wish they were me. I like to fuck, a lot, women who are adventurous, dirty, shameless but classy definitely with no expectations. My type is brunettes with small tits and lithe bodies. They seem to satisfy my cock the most, driving away my self destructive darkness.

I own an investment portfolio of up market, exclusive properties in the suburbs of Edinburgh. I know what I want and I get what I want, when I want it. Always.

### **Love is for losers.**

I devour pussies for breakfast, lunch and dinner, all day and every day until a curvy, mouthy Barbie type arrives back to manage the sale of Joey's apartment, an old friend of mine who died recently. Her arrival has seriously blown my fucking world apart.

She thinks she doesn't want me but she does, she just doesn't know it yet. I will have her in my bed, don't doubt it—my plan will fall into place, until then I find myself desperate to figure out what is it about this woman that makes me want her so much ...

I love finding books that are well written gems. The characters - Dexter: Hot Alpha male with attitude, sex appeal and a hidden dark side. Sasha - Sweet, demure, naive and knows where she stands. Opposites attract. This is a new author for me and writes very well.

And as it that wasn't horrific enough, he likes hit on Sasha... Total Manwhore

From then on it's a chase for Dexter trying to get Sasha into bed and all Sasha wants is just to start over with her life.

Sasha and Dexter

This is a serial novella with a cliffhanger. The series is complete so it isn't really a big deal.

Sasha moved to Edinburgh to start over again. She was living miserably for months in London when her mother inherited an expensive flat near the ocean in Edinburgh. Sasha moved into the flat to help her mother sell it. What she didn't know was that the owner of the other flat in the hall, Dexter, would make it difficult for her to sell the unit. Dexter was friends with Joey, the previous owner of the apartment. He wasn't ready for anyone new to move in. His life was heading downhill ever since Joey passed away. Dexter became obsessed with Sasha and had no intention of letting her sell the flat until he had her. Sasha wasn't giving in to him that easily, she did not want to become another woman he uses for sex.

I enjoyed the book and will read the entire series! The editing was good.

What a great contemporary romance novel. Alpha male Dexter, sexy, desirable and an absolute wanker This erotic game of cat and mouse is compelling and definitely worth a read! Will he get what he wants? Sasha is such a great character she try's to stay away from Dex but as much as she try's she wants him as much as he wants her short read but worth it.

Some of the best romances happen between two people who can't stand one another, and this book is hot, scorching proof of that! Sasha and Dexter are both wounded souls who can't resist their chemistry, and the chase is just beginning. Next chapter please!!

**Maeschelle says**

Sasha's mother inherited an apartment which allowed her the escape from her past. Dexter is a hot wealthy womanizer with social issues. The first encounter between these two is awkward, angry and intense. As the story progresses, the angry and loathing increase but so does the sexual chemistry. A sexy tale.
