Bad King (A Standalone Alpha Billionaire Romance) M. Malone

Thane Carter Kingsley IV lives for business. So when his parents threaten to turn over control of the Kingsley empire to his younger brother if he doesn't settle down, he knows just what to do. They don't care that the socialites they've picked are gold diggers, they just want him married. So King decides to find the fiancée of his parents' nightmares.

And where better to find a wife than a place like Club Prestige...

Olivia Reyes has finally built a better life. She's a proud business owner and almost out of debt. Her childhood sweetheart, Bennett Alexander, is the perfect man for her but she hasn't convinced him... yet. But she will.

After she takes one last job.

Here's your key to an exclusive world.

A place where anything goes and your darkest desires await.

Only the world's elite are invited.

Pain. Pleasure. Prestige.

From Reader Review Bad King (A Standalone Alpha Billionaire Romance) for online ebook

P Leslie says

I got this book from net gallery for an honest review.

This was a nice short read and I really enjoyed it. It's sensual, sexy and hot.

King is arrogant and career orientated and he's attracted to a sex club owner, Olivia. Olivia genuinely gives King a run for his money: she's sassy, witty and not afraid to speak her mind. The chemistry between these two is intense, passionate and hot.

An enjoyable quick read with just the right amount of sizzling heat to spice things up.

Peggy says

A short hot sexy story, enjoyable to read.

Maureen Nicholson says

3.5 Stars

Quick, sexy and entertaining.

Michaela says

Just gonna say the heroine was way too good for him.

3.5 stars

Solid 3.5 stars for a story that I enjoyed as much as it irritated me. Bad King is a quick read about Strip club owner Olivia Reyes and billionaire Thane Kingsley. His arrogance and demands know, no bounds, he expects perfection and settles for nothing less. So when said billionaire, is told be his paren6that if he doesn't

settle down and find a wife he will lose his company to his younger brother, who is more interested in sleeping with anything with 2 legs.

Finding Angel while at a bachelor party he had organised, he thinks she will be perfect to ruin any thoughts of marriage and settling down once his uptight parents meet her. She is no nonsense, kick you in the nuts sort of girl. What King didn't expect was that his lowly stripper is actually owner of Club VIP, and daughter to the wealthy Reyes family.

Now King is knee deep in a woman that was supposed to be a distraction, instead she has become "more". Now Thane Kingsley will be up for the fight of his life, to win back expectations and love of the woman he can't live without. Tough as nails, Olivia, doesn't give in easily, despite her body choosing otherwise. Being called trash and a stripper was harsh and downright mean. King will need some serious grovelling, something way beneath his normal alpha billionaire ways to win her back.

I found this book move from one story to another, which left me a little confused. Instead of winning a wife to appease his parents, it turned into a convoluted love story that was over before it really begun.

Cheryl says

Nice love story

I loved the way it ended. I did not see that coming.

I can wait to read what happens to Bennett.

Erin says

This was an okay, short, but sexy read. The plot is simple, but the characters are likable. I wasn't a huge fan of the heroine having her heart set on her best friend. It seemed to be out of convenience which annoyed me and took away from the connection of the main characters, especially since this is such a short book.

While I've read this author before, I'm not too excited about reading subsequent books. I'd like more depth with characters and story line. Hot sexy times which were well written were the best part of the book.

ARC provided by the publishers via NetGalley in exchange for an honest review.

Angela Pohlen says

I can't wait to read Bennett

Margie 'CSR' Fite says

Good and fun to read!!

Olivia and King are two of a kind... Very entertaining to read and really enjoyed these two H and h.. They are captivating and aggravating at the sametime! There is major chemistry, HOT sex scenes and some humorous banter between these two characters.. I loved the secondary characters as well... Bennett, James, and King's sister.. Some funny stuff in this book, this is a light and easy book .. Good afternoon by the sun book.. :)

Jineen Uhren says

Malone always keeps me interested from the first to last sentence!

Love this series..what a great story to start out Bennett. And now there is James and Georgie... Can't wait to see how that ends up!

carol a broaders says

Very good

Fab book will look forward to the next books coming out back on nights and I get more chance . Of reading

Romance Readers Retreat says

Bad King was a quick, sexy read. It's the first in a series of books written by various authors that all involve a high class strip club called Club Prestige. This particular book features Olivia, a partial owner of the club and King, an arrogant, rich businessman.

I instantly fell in love with Olivia. She is sassy, opinionated, and has no trouble playing with the big boys and holding her own. She has tunnel vision when it comes to her love life. She is sure her best friend Bennett is her soulmate - she just has to convince him. As far as King is concerned. She thinks he's a jerk and wants as little to do with him as possible.

I agreed with Olivia's initial assessment of King. He is not a terribly likable character at first. He's all about his work and cares little for the people around him. He has a really low opinion of women, assuming they're all out for his money. When his parents force him settle down, he decides to find the most inappropriate wife he can and once Olivia catches his eye at Club Prestige the hunt is in motion.

I enjoyed watching King and Olivia with each other. Olivia gave as good as she got and the banter between the two was very funny. They've also got great chemistry and their scenes were hot! Thanks to Olivia, King slowly grew on me and redeemed himself by the end of the story. King also helped Olivia realize that

sometimes, plans can and should change as he helped her look past her dreams of making a life with Bennett.

Isha Coleman says

Talk about risky business. This story radiates so much heat that it feels like standing in front of a raging fireball. Olivia is not what I expected. She found an interesting but successful way to better her circumstances. She owns a strip club (partially anyway). She can hold her own with the big boys like larger than life King. But underneath that edgy personality lies a good girl at heart seeking a better life for herself. King is hard to take on a good day. Pompous, driven and used to getting his own way. Did I like him? Not so much, but the magnetic pull he gave off was hard to look away from. Over the top, extreme sensual stories are what M. Malone is good at and she stepped it up a notch with Bad King.

Lisa Smith says

Oh how the mighty has fallen. King thought he would never fall in love or get married. Until one Olivia with all the beauty he desired, the smarts to match wits and a smart mouth of course. This story was good to read, we met Olivia in the previous book with Bennett Alexander, to get the back story was great.

I preordered this book and somehow missed it. Glad I got to read it now. Thanks I love your writing style it keeps me wanting to read more.

XxTainaxX says

Quick sexy read about King and Olivia. King wants to shock his family by bringing Olivia home but not only do they get charmed by the woman, King does too. So much so that they end up having a VERY sexy moment in his old room. Olivia thinks she is meant for her best friend until King. They make mistakes. They grow and feel. It's short but it's very erotic. I definitely want to know more about the other characters. Safety: No rape/abuse. Neither are Vs. No condom the first time, but condoms after. No OW/Sharing. (view spoiler)
