## From Reader Review Change of Heart for online ebook

### Kara says

When will I learn to lower my expectations of free Kindle books? Frankly I don't remember even downloading it but I was stuck and needed something to read.... I should have found a crossword puzzle instead!

---

### Lynda says

I just couldn't read this book. Sanctimonious people turn me off...whether in real life or in books. I've tagged with "could-not-finish". When I realized I did not like either of the lead characters, I quit.

---

### Shani says

2.9\*

---

### moxieBK says

This was a pretty fast OK read.

I felt the characters and plot were easy to identify and the whole story was very predictable, if not dated.

But absolutely fine if you just want a quickie romance western novel.

---

### Sofia Cardoso says

Romantic novel, well written but with no extra surprise or any unexpected and more creative development of the traditional love story.

---

### Linda says

A pleasant little romance set in turn-of-the-century South Dakota. I liked the fact that it was a romance instead of a sex story as so many modern 'romances' are, but I found it a little too 'formula.'

---

## **Tiffany says**

Really, this was just a super-sappy story. I'm thinking it was a free Kindle book. Steve just laughed when I would groan over every little thing. It was cliché and just far too over-the-top for me. I'm glad it was short- I have a hard time giving up on books!

---

## **SheLove2Read says**

Although this had some promising reviews, I have never been a fan of the arrogant heroine. Looking down your nose at other's circumstances because you supposedly come from better stock and disparaging love between two people because it doesn't fit your own views? I have too many books to read for that kind of attitude even if she is redeemed in the end. DNF.

---

## **Nusrat Jahan says**

A book worth your time!

---

## **? Briansgirl (Book Sale Queen)? says**

Takes place around 1850 in Nebraska. It's a lovely story, easily read in one day. It's about a young boy orphaned in the Nebraska territory and his aunt from Chicago who comes to take care of him. They were suppose to go back to Chicago, but weather prevents them leaving right away, giving the boy (and his aunt) more time to spend with his parents best friend, someone the boy has grown to love. Together, the three end up deciding they'd make a better family together, then apart.

## **LadyCalico says**

This was an enjoyable little romance, but the writing style bothered me. It seemed stilted, unnatural, and choppy. Although all the characters were decent and likeable, they were not well-developed and seemed a bit flat and wooden. The author tended to state rather than develop and show. The story was cute, entertaining,

but nothing memorable, and since the story had little action and was more character driven than plot driven, characters who felt more warm and real would have made for a much better book.

---

### **Aly says**

I loved it!! I wish the story was longer. I want to read more books by this author.

---

### **Kris Collins says**

#### **Change of heart**

I really enjoyed this book. Being an Aunt and great Aunt, I understand how the heroin of this book was willing to give up her life for the happiness of her nephew and also the fear of giving up everything she knows for only the happiness of another individual. If the decision was required of me, I'd experience the same trepidation that Marietta faced in this story. Well written, kept my attention, kept me wanting more ?

---

### **Katy Beth Mckee says**

This is a sweet romance story of Marietta who's life is changed when she comes to collect her nephew after her sister's death. Her life back home is not upset as well and she begins to have feelings for Jase who had been caring for her nephew. She has to overcome a lifetime of teaching my her mother and find the courage to grab hold of a dream.
