Atlanta, Georgia transplant Nikki has it all in this quaint little wintery town: a thriving chocolate shop, staffed with the greatest workers in the world; a sharp and slightly overprotective detective for a new beau; and, the kind of son every mother dreams of.

Suddenly, Nikki's idyllic new life comes crashing down, when a hunted college coed named Susan appears at her front door, seeking hers and her son Seth's help from an invisible hitman. Determined to protect them both, Nikki and Hawk Daily set foot on the mysterious invader's icy trail, while desperately trying to save the young woman from her grisly fate.

As the case heats up, the clues turn cold and Susan ends up dead. Sadly, Seth and his college buddy, Brian, become suspects in the murder. But, just how could these two clean cut, All American boys be possibly capable of murdering someone?

Hawk and Nikki will need to find out the truth, or it will be a dark Christmas for everyone in town.

#### **So fun to read!**

I really love this series. They are fun to read and just downright enjoyable. My only sadness is they aren't longer!

This series keeps getting better and better. I have the last two books in the series line up to read. Even though it says Christmas, it is mostly definitely a beach read. Wendy has a way of weaving in the romance between Nikki and Hawk into the background as the murder takes center stage. I'm looking forward to reading the rest of the series.

#### **Proofreaders on strike.**

While the story line was good, there were way too many errors to enjoy this one. Backtracked several times only to figure out the wrong names were being used referring to characters. And at one point the name was totally different, hank instead of hawk? Rather disappointing.

#### **Scary**

I know young people can be violent but I felt for that Brian. To think that his parents never really listened to him. He had to prove something to his father through violence. This book was different from your other books. It was well written just disturbing. Seth had a great Mom and support team.

### **Excellent read**

This story is awesome. Nikkei and Hawk are on the trail to find out who killed Seth's friend from college. Well written and good solid characters make this an extremely enjoyable read.

### **Welcome to the holidays**

What is better than a Christmas book in July. For me, July is the month I try to have most of my Christmas shopping done so a quick read is just what I needed. Seth is home for the break and brings his roommate with him. Murder happens and keeps you turning those pages right to the end. Thanks Wendy this series is great.

I love Hawk and Nikki. They sure do very well together. I enjoy the whole group. They live to tell about it. Keep up the good work.
