## Highland Secrets Amanda Scott

She will never yield—not to the English king, nor to Rory Campbell, the seductive man who saved her but remains her sworn enemy

With her imprisoned mother's liberty at stake, Jacobite sympathizer Diana Maclean steals into the dungeon of Edinburgh Castle and pulls off an audacious switch. But her bold escapade comes at a price. With her own freedom now hanging in the balance, Diana is unexpectedly rescued by the mysterious Lord Calder. She's instantly drawn to her kind savior, unaware that he is Rory Campbell, of the Campbell clan—her family's most treacherous enemy.

The youngest baron of the Scottish Court of Exchequer, Rory manages the Highland estates that were forfeited to the Crown. But the bonny lass he just liberated haunts him. As Scotland prepares for another uprising, their paths cross again. Rory finds himself yearning for Diana, and hoping to protect her family, too. Can they change the course of Scottish history by rising up against a legacy of hate . . . even as they surrender to glorious, liberating love?

Highland Secrets is the 2nd book in the Highland Series, but you may enjoy reading the series in any order.

## **From Reader Review Highland Secrets for online ebook**

### **Kim says**

Here's the thing. Once in a while a great romance (minus the ridiculous Fabio thing) is just fun, and if it takes place in the Scottish highlands with a cutie patootie named Rory, so much the better. This is just a fun read.

---

### **Laura says**

Very good. I love Amanda Scott's books.

---

### **Torre says**

There is absolutely no romance as yet in this book. I really don't like this time period. It is just depressing. Diana doesn't even like Rory. The whole book is just blah. Well I have about 90 pages left to get through. Hopefully I can get through it.

---

### **Jessica Davis says**

I liked this follow-up to Highland Fling and am glad I read it.

---

### **Kay says**

Very well written historical fiction, a little light on the Romance.

The audiobook was super well read by Carolyn Bonnyman.

---

### **Tricia says**

it was a great book about history of the highlands, did have a hard time getting into the book nut not to bad to read

---

### **Frances says**

An incident, The murder of Red Colin, was totally unknown to me. Since this book came out, more information on it has become available, but like the Man in the Iron Mask, it is still unknown who killed him. And it took place in 1752!

---

**Rebecca (everyday reader) says**

A very information filled story with more historical knowledge than I expected. The scenery is written so well as to be visual, the fighting between clans was believable, and the romance was charming. Rory and Diana along with Mary and Ian were good matches. Allan Breck was the epitome of over-zealousness. I enjoyed my first foray into Amanda Scott's literary world of the highlands after Culloden. Good read!!

---

**I\_love\_a\_happily\_ever\_after says**

Very sweet highland romance. I was thrown for the ending, as I had pegged the bad guy completely wrong. I plan to find the others in the series to see what happens to the secondary characters.
