celej ten konecpt je...

no jo, mangy bejvaj trochu zvrácený a postavy rychle zapomínaj na v?ci, který by normální ?lov?k ?ešil dlouho, ale je to mago?ina  
na druhou stranu je to taková závislost... harlequinu jsem nedo?etla, na telenovely nekoukám, ale tohle od toho nemá daleko :D

### **Victoria says**

Is a great book to read

### **Lauren says**

This series has a lot of domineering aspects to it. There is a clearly drawn control line. I did like the story as a whole, it brought it right to the edge.

### **◆ Maica ◆ says**

Kai's inner monologue is basically what all kidnappers think lol. Yuzuru's parents are really horrible. They treat her as means to get money. They don't care about her feelings at all. And is Kai's dick really that glorious that Kayaka and Yuzuru would fight over him??? I don't get it.

I thought this volume was ok, it left me on the edge of my seat thinking" is he really going to do this" or "is this really true?!?"

But the conflict I thought was a little tiring since Kaya keeps showing up and Chihaya is out on his "get Yuzuru to drop" mode.

SPOILERS TO VOLUME:  
DON'T READ. SPOILERS.

Kaya gives the pictures to her father, those pictures are of when Kei found Kaya handcuffed to the bedpost and was gonna help her get out of it. Her dad misunderstands and believes that Kai and Kaya are intimidate. He wants Kaya to become Kai's honey.

Meanwhile, guys in suits come to the school and holds Yuzuru down, while they type the code for the earring to be dropped.

But the code is wrong, as 3307 was his past code.

Kai's butler cuts off the money funds for Yuzuru, since she won't stop being his honey.

Kai goes to the "engagement party", to verify that he has no intentions of marrying Kaya. Kaya doesn't plan to give up.

Even after Kai's family cuts Yuzuru's funds, she still remains by Kai's side.

Kai has finally realized Yuzuru's feelings for him, and buys her a "love" ring.

Kai has to work part time job with Yuzuru also so that the money can be doubled for her since his family won't allow to pay for her funds.

Chihaya makes Yuzuru his honey, since Kai doesn't have the money, the earring is meaningless. He makes Yuzuru live at his house.

Chihaya takes Yuzuru's ring and says she should come to his house if she wants it back.

Koi(Kai's butler) won't tell Kai how to contact his father. Turns out Kai's father was the master of Kai's mom, meaning she was his honey. If Kai can contact him, the situation with the fee and funds would be solved.

Chihaya sort of rapes Yuzuru.

Kaya makes Kai drink this medicine that was passed down by her family, and it makes the rate of pregnancy for Kaya at a really high chance, so Kai threatens Koi if he doesn't tell Kai the pass which will help him contact his father, Kai will Hurt Kaya so much it'll scar her.
