### Summer Love

Guy and Nova were so much fun! Jason, Lamar Kaylin and Mariah were an entertaining supporting cast. Laughter, love and fun is always an excellent formula for a good book. Best thing I read this weekend!!

## Lenika Winfield says

This was my first book by this author and definitely not my last! I thoroughly enjoyed this summer love story between Guy and Nova omg my cheeks hurt from smiling so hard their love definitely sucked me in

Laugh out loud good! I loved that two teachers are, unknowingly, invited to spend the summer in Miami, by their two best friends, at the same time sharing the same condo. Hilarious! Nova and Guy have never met but Nova's best friend is married to Guy's best friend- a NFL player. Add in Nova's sleazy ex-boyfriend and Guy's cutie-pie son and you have an awesome story! However, the repetitive and offensive use of the "n" word became quite annoying.

Loved this story! The author's writing style made it easy to keep saying *just one more chapter*. If Only for the Summer was funny, sexy, and just plain old good romance. I liked both characters. They were both teachers going down to Miami to stay with friends, and it so happened that they knew the same couple (a professional basketball player and his wife) and ended up having the couple's condo all to themselves. Essentially, they became roommates for the summer.

Nova was a likeable heroine all the way through, and I'm glad she finally saw the light with regard to her no-good boyfriend. The fact that she had dreadlocks and a sleeve of tattoos made her unique in the realm of heroines. I liked the hero, Guy, right away, too. He and his cute little boy, Jaxson, won me over from the

start, and seeing him through Nova's eyes when they met at the airport for the first time made me fall for him even more.

There was no major drama in the story. Just a couple navigating their feelings and their relationship, and in the end figuring out how to make it work long distance. I don't want to spoil the end, so I'll just say their coming together was perfect, and the epilogue was the icing on the cake.

#### **Fling to Forever!**

This was a cute "from fling to forever" story. Guy and Nova had the support of their friends to get it popping all in the name of summer vacay fun! What they didn't expect was to forge a bond that included little Jax, making them an instant family. They had a few bumps, but was able to figure it out in the end.

Wow just wow. I saw someone reference they were reading this book a month or so ago. I had space on my KU so based on that person's simple social media comment of how great the book was, I went to snatch the read. Honey let me tell you, I have so much to say about this book. I hate that I have been sleeping on this author all of this time. This book was edited well, enriching, funny, loving, endearing, sexy, and the flow was perfect.

Every last character will forever be embedded into my mind from the nosey teacher Mrs. Lewis all the way down to (Henry-Herbert-Herman-Heathcliff-Howard) and EVERY character in between.

The characters had the richness of everyday people we come across in life. They had everyday issues as well. I could be friends with everyone and I would babysit Jaxson ANY day. He was soooooo cute and melted my heart in ever scene especially how he talked.

This author writes with passion and everyda realness. You could envision the scenes and feel words. I cried at three points in this book, but 91% really got me. I was mad my tears hit me at work. I had to pull myself together fast. There is laughter all throughout this book too.

I want to end this review with saying I have been reading since I was 15. I can count on one hand...ONE hand how many authors have left me feeling this giddy, excited to read/support their work and crying. This author takes the space of the 5th finger and I am excited I had the pleaseure of reading.

I also did not read ANY reviews, before one clicking. Great job on this book. Cleaning out my KU so I can get wrapped up in some more books by this phenomenal author.

### **LOVED!**

This one drew me in from the very beginning. Loved Nova and Guy! And how cute was little Jaxson? I'd love to have friends like Kaylin and Lamar. They were fun, funny, and so generous. I was a little worried when Mariah showed up, but I ended up loving her, too. Thank you for not going the usual route and making her a bitter baby mama, but instead a great mother to Jaxson and a good friend to Guy. It was nice seeing a positive co-parenting situation, and how beneficial it is to all parties involved.

This is my second story by Ms. Warren; it definitely won't be the last! Keep up the good work.
