Hey Patrice ~ I LOVE this story idea! You have my complete blessing.

Hugh Howey, author of WOOL

\*\*\*\*\*

The kids are fighting in the Silo—gangs engage in battles between the Up Top and the Down Deep, with the Mids caught in between. There are too many young people without work. They ink themselves with primitive face tats and guard their territory against incursions from below or above.

In Karma's family, there is a critical fault splitting them right down the middle. Who will toe the line and stay loyal to the head of IT, Karma's son... and who will join his wife in supporting the resistance?

Karma herself must go further than she ever has to protect her family and to help the Silo survive. Whatever she chooses, this is the end.

This is a novella based on Hugh Howey's **WOOL** books, and is the fifth and final best-selling ebook in the Karma series.

**Karma of the Silo: The Collection**, which includes all of the episodes in the Karma series, is available now as an ebook, to be followed by a print edition.

Praise for Patrice Fitzgerald and the Karma series

*A definite PLUS to the Wooliverse, and a must read if you want to be well-versed in all things WOOL!*

Michael Bunker, author of **Dunes over Danvar, Pennsylvania, The Silo Archipelago**, and **WICK**

*The author does a fantastic job of retaining the atmosphere and claustrophobia of life underground and the characters are carefully constructed, exploring not only the effects of Silo life on the family dynamic, but the often complex relationships between the different Silo classes through the eyes of Karma and her family as she realises who she really is and has to decide whether to remain subdued and forget her past life, or choose a different path than the one chosen for her and challenge the status quo.*

Eamon Ambrose, "Eamo the Geek"

*Fitzgerald has created another masterpiece here. She has such an immediate style of writing which grips you from the start and takes you on a wild journey through the desperate lives of those living in the Silo.*

W.J. Davies, author of **The Runner** and **The Diver**

*I think I'm in love with Karma. I was curious about her life when Hugh Howey mentioned her in SHIFT. I highly recommend, not just this book, but this whole series!*

Hanna Elizabeth, author of **Visions of Wool**

*Fitzgerald's characters come alive and threaten to leap off the page, they are so engaging.*

Jerilyn Dufresne, author of **Who Killed My Boss? Any Meat in that Soup?** and the Sam Darling Mysteries

*The Sky Used to be Blue manages the difficult feat of placing itself within the existing narrative, just like a missing piece of the great puzzle, and not just a parallel story or spinoff. It is well-written, gripping and filled with suspense. All the ingredients necessary are here: good writing, action and unexpected twists, characters you care about, and a deeper meaning.*

Max Zaoui, critic extraordinaire

Patrice is a sci-fi, political thriller, and mystery writer who had a past as an intellectual property attorney. She also runs a niche indie publishing company and is a professional mezzo-soprano in her spare time. She's the Mom of four (pretty) adult children.

### **Martin Kalfatovic says**

This is the 5th, and concluding, entry in Fitzgerald's Karma series. Picking up with the 82 year old Karma's (aka Helen) coming to terms with her life in the Silo (and her left before the Silo), we follow her work to bring a sort of peace to both the warning factions of youth in Silo 2, as well as within her own family. The Karma Series is one of the best of the Wooliverse. In this wrap up to her series, Fitzgerald provides a fully satisfying end to the story and at the same time, meshes seamlessly with Hugh Howey's concluding book, *Dust*.

### **Colleen says**

As with all Silo stories, I am said that this one is finished. Bye, Silo 2.
